Isaac Newton Quotes... Vol. 15 Isaac Newton, The Secret Libraries, 2016-11-27 This book provides a selected collection of 160 quotes from the works of Isaac Newton. Plato is my friend - Aristotle is my friend - but my greatest friend is truth. Truth is ever to be found in simplicity, and not in the multiplicity and confusion of things. What we know is a drop, what we don't know is an ocean. 'Tis much better to do a little with certainty & leave the rest for others that come after than to explain all things by conjecture without making sure of any thing. Quotes... From Yahweh to Yahoo! Doug Underwood,2010-10-01 Presenting religion as journalism's silent partner, *From Yahweh to Yahoo!* provides a fresh and surprising view of the religious impulses at work in contemporary newsrooms. Focusing on how the history of religion in the United States entwines with the growth of the media, Doug Underwood argues that American journalists draw from the nation's moral and religious heritage and operate, in important ways, as personifications of the old religious virtues. Underwood traces religion's influence on mass communication from the biblical prophets to the Protestant Reformation, from the muckraker and Social Gospel campaigns of the late nineteenth and early twentieth centuries to the modern age of mass media. While forces have pushed journalists away from identifying themselves with religion, they still approach such secular topics as science, technology, and psychology in reverential ways. Underwood thoughtful analysis covers the press's formulaic coverage of spiritual experience, its failure to cover new and non-Christian religions in America, and the complicity of the mainstream media in launching the religious broadcasting movement.
