**Coach: The Greatest Teachers in Sports and Their Lessons for Us All** Justin Spizman,2022-02-08 Every great sports coach is a life coach. This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. Coach: The Greatest Teachers in Sports and Their Lessons for Us All profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. From field to court, diamond, rink, and pitch, the big leagues to the Olympics, college, and

high school, Coach delivers the most teachable moments and methods—for play, for competition, and for life. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world’s most envied and admired athletes. His profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canqueteau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

**Photography Composition and Design** Tavis Leaf Glover, A skyscraper can’t be built without a proper foundation, just like a crunchy taco can’t be built without a shell. The same goes with your art, whether it’s street photography, fine art, cinematography, painting, or even sculpting. The techniques found in this book, though presented with street photos, will easily translate across every visual art and allow you to create remarkable, mouth-watering masterpieces. Countless artists out there want to push their art further, but they’ve run face first into a nasty plateau. Art is tough enough as it is, but without proper knowledge of composition and design it’s easy to end up in a dark alley waiting to be maliciously fondled by mediocre art. Don’t join the masses, join the elite! Learn serious composition and design techniques in a fun way that will launch you to the master level. You might even get a chuckle from the film photos capturing whacky tourists as they wonder aimlessly on the beautiful beach of Waikiki, Hawaii. Take part in the fun and seriously improve your art in a way that would make Da Vinci and Van Gogh smile with pride!

**Daschle Vs. Thune** Jon K. Lauck,2016-04-18 The story behind the unseating of a Senate majority leader the race between Tom Daschle and John Thune in South Dakota was widely acknowledged as “the other big race of 2004.” Second in prominence only to the presidential race, the Daschle-Thune contest pitted the rival political ideologies that have animated American politics since the 1960s. In a sign of the ongoing strength of political conservatism, Daschle became the first Senate leader in fifty years to lose a re-election bid. Historian Jon K. Lauck, a South Dakotan who was an insider during that heated campaign, now offers a multilayered examination of this hard-fought and symbolically charged race. Blending historical narrative, political analysis, and personal reflection, he offers a close-up view of the issues that divide the nation—a case study of the continuing clash between liberalism and conservatism that has played out for more than a generation in U.S. politics. Daschle vs. Thune moves beyond the nitty-gritty of public policy to deftly show how the recent past continues to shape the ongoing political battles that animate pundits and bloggers. It is a compelling story told by a writer who knows both his home ground and how it fits into the wider U.S. context.

**Kid** Ben Bradlee, 2025-05-01 From acclaimed journalist Ben Bradlee Jr. comes the epic biography of Boston Red Sox legend Ted Williams that baseball fans have been waiting for. Williams was the best hitter in baseball history. His batting average of .406 in 1941 has not been topped since, and no player who has hit more than 500 home runs has a higher career batting average. Those totals would have been even higher if Williams had not left baseball for nearly five years in the prime of his career to serve as a Marine pilot in WWII and Korea. He hit home runs farther than any player before him -- and

traveled a long way himself, as Ben Bradlee, Jr.'s grand biography reveals. Born in 1918 in San Diego, Ted would spend most of his life disguising his Mexican heritage. During his 22 years with the Boston Red Sox, Williams electrified crowds across America -- and shocked them, too: His notorious clashes with the press and fans threatened his reputation. Yet while he was a God in the batter's box, he was profoundly human once he stepped away from the plate. His ferocity came to define his troubled domestic life. While baseball might have been straightforward for Ted Williams, life was not. The Kid is biography of the highest literary order, a thrilling and honest account of a legend in all his glory and human complexity. In his final at-bat, Williams hit a home run. Bradlee's marvelous book clears the fences, too.
