A Darkly Radiant Vision Gary Dorrien, 2023-01-01 The third and final volume in the first comprehensive history of Black social Christianity, by the greatest theological ethicist of the twenty-first century (Michael Eric Dyson) The Black social gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien's award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel* and *Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory, cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. *A Darkly Radiant Vision* features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.

Just Read It Jarred Amato, 2024-02-01 Read widely and read often - create a classroom environment where independent reading thrives Independent reading is more than just drop everything and read - it is a gateway to writing, critical thinking, discussion, and deeper learning. Author Jarred Amato, an accomplished middle and high school English teacher and founder of Project LIT Community, believes in the power of independent reading not only to turn around the reading attitudes of students but also to help them achieve huge gains in all areas of literacy, learning, and civic engagement. Many teachers have pushed aside independent reading in the time crunch to teach all the content and skills in the curriculum — or because of pressure to stay true to a traditional literary canon. Instead of looking at it as either/or, *Just Read It* shows teachers how to

make independent reading yes, and. Dr. Amato's Read and WRAP (write, reflect, analyze, participate) framework helps teachers cultivate meaningful learning experiences with daily dedication of independent reading time, followed by writing, reflection, conversation, and community-building lessons and activities. With thoughtful, student-centered structures and strategies to sustain independent reading success, this book Provides detailed insights on transforming the principles of access, choice, time, and community into actions Shows how to support student interests and varied reading levels Offers ready-to-go activities to initiate Read and WRAP routines at the start of the school year, keep momentum going, and finish the year strong to ensure continued literacy growth Demonstrates how to leverage student feedback to fine-tune the Read and WRAP routines Discusses various options for incorporating independent and whole-class novels into the curriculum Offers a game plan to level up IR, including how to launch and lead a Project LIT chapter We live in a time when choosing what we read is critically important, and this book offers all the tools teachers need to guide students along the path to true literacy. Just Read It is perfect for anyone who believes in the power of books to change students' lives and nurture a life-long love for reading.

Core Values in School Librarianship Judi Moreillon, 2021-05-11 This title offers pre-service, newly practicing, and seasoned school librarians opportunities for reflection as well as inspiring strategies for enacting four core values of the profession. The school library profession has been in crisis for more than a decade. Educational decision-makers have not been made aware of or sold on the core values of school librarianship and its value to students, classroom teachers, administrators, and the entire school community. Budgetary priorities often do not include school librarians, resulting in a lack of funding and the elimination of many positions, which can cause many school librarians to feel vulnerable and afraid. Guideposts are needed to offer today's school librarians a chance to connect or reconnect with their passion for literacy, learning, and serving that led them to the profession. *Core Values in School Librarianship: Responding with Commitment and Courage* provides preservice, newly practicing, and seasoned school librarians with opportunities for thoughtful reflection alongside inspiring strategies for gathering courage and enacting four core values of the profession. It is an important and visionary book that all school librarians should read as they develop in their role as leaders in their schools.

Trauma-Sensitive Literacy Instruction Rachelle S. Savitz, Britnie Delinger Kane, 2023 It is vital for educators to be aware

of how traumatic experiences affect today's students, yet few teachers learn the tools needed to successfully teach these students. This book highlights how English Language Arts teachers, who are typically not licensed or specifically trained to work with trauma issues, can design and implement instruction that helps students see that they are supported. This book provides specific strategies for teaching literacy based on the authors' extensive knowledge and experience in trauma-sensitive instruction, adolescent literacy, and culturally responsive-sustaining pedagogies. The authors show how to support middle and high school students with specific literacy practices (reading, speaking, listening, and writing) that build resilience. Trauma-Sensitive Literacy Instruction is for the many teachers who are unsure how to invite students and their traumas into classroom instruction and embed critical discussions and learning within their teaching practices and pedagogy. It will help ELA teachers navigate student trauma in a way that empowers both students and teachers. Book Features: Responds to research that consistently shows how schools are often places that marginalize—and sometimes traumatize or retraumatize—children. Offers specific information related to literature, writing, discussion, and inquiry activities focused on various traumatic experiences. Provides rationales and research, along with examples, teacher vignettes, and steps for incorporating relevant practices in classrooms (grades 6–12). “In this book, ELA teachers will find actionable pedagogical practices toward the transformative teaching trauma demands and the respect, care, and support along the way that ELA educators need and deserve.” —From the Foreword by Elizabeth Dutro, professor, University of Colorado Boulder

The Strongest Heart Saadia Faruqi, 2025-03-04 From beloved middle grade author Saadia Faruqi comes a poignant exploration of the impact of mental illness on families—and the love and hope that it takes to begin telling a different tale. Mo is used to his father's fits of rage. When Abbu's moods shake the house, Mo is safe inside his head, with his cherished folktales: The best way to respond is not to engage. Apparently, his mama knows that too—which is why she took a job on the other side of the world, leaving Mo alone with Abbu. With Mama gone, the two move to Texas to live with Mo's aunt and cousin, Rayyan. The two boys could not be more different. Rayyan is achievement-driven and factual; Mo is a “bad kid. Still, there is a lot to like about living in Texas. Sundays at the mosque are better than he'd expected. And Rayyan and his aunt become a real family to Mo. But even in a warm home and school where he begins to see a future for himself, Mo knows that the monster within his father can break out and destroy their fragile peace at any moment...
