A Standard History of Oklahoma Joseph Bradfield Thoburn,1916

ELEMENTARY LOGIC REV ED P W. V. QUINE,W. V Quine,2009-06-30 Now much revised since its first appearance in 1941, this book, despite its brevity, is notable for its scope and rigor. It provides a single strand of simple techniques for the central business of modern logic. Basic formal concepts are explained, the paraphrasing of words into symbols is treated at some length, and a testing procedure is given for truth-function logic along with a complete proof procedure for the logic of quantifiers. Fully one third of this revised edition is new, and presents a nearly complete turnover in crucial techniques of testing and proving, some change of notation, and some updating of terminology. The study is intended primarily as a convenient encapsulation of minimum essentials, but concludes by giving brief glimpses of further matters.

The Bard and the Bible Bob Hostetler,2016-08-09 365 Devotions pairing Scripture from the King James Bible and lines from Shakespeare's plays and sonnets. Includes little known history, curiosities, and facts about words introduced or used in new ways by Shakespeare.

The Routledge Handbook of Shakespeare and Global Appropriation Christy Desmet,Sujata Iyengar,Miriam Jacobson,2019-08-28 The Routledge Handbook of Shakespeare and Global Appropriation brings together a variety of different voices to examine the ways that Shakespeare has been adapted and appropriated onto stage, screen, page, and a variety of digital formats. The thirty-nine chapters address topics such as trans- and intermedia performances; Shakespearean utopias and dystopias; the ethics of appropriation; and Shakespeare and global justice as guidance on how to approach the teaching of these topics. This collection brings into dialogue three very contemporary and relevant areas: the work of women and minority scholars; scholarship from developing countries; and innovative media renderings of Shakespeare. Each essay is clearly and accessibly written, but also draws on cutting edge research and theory. It includes two alternative table of contents, offering different pathways through the book - one regional, the other by medium - which open the book up to both teaching and research. Offering an overview and history of Shakespearean appropriations, as well as discussing contemporary issues and debates in the field, this book is the ultimate guide to this vibrant topic. It will be of use to anyone researching or studying Shakespeare, adaptation, and global appropriation.
