**R Bogdan**

*Taken* Katerina Martinez, 2021-01-06 In Arcadia, winter has no heart. I make magic dresses for a living. I'm not rich or pretty enough to wear them, but I love what I do, working out of my family's shop on Carnaby Street in London-until the fae show up. It's a straight-up kidnapping, and before I know it, I'm brought to this wintry place of cold hearts and beautiful nightmares, but that's not the worst part. The worst part is, they think I'm fae, and I'm supposed to participate in some competition against a host of other women who have been training their whole lives for this. The prize? The winner is to marry the Prince. On the surface that sounds almost like a fairytale, only this competition is brutal and bloody, and the Prince is the jerk that kidnapped me. I can't get too close to him or he'll know I'm not fae, and then I'm dead. But I want to get close to him. His body burns with the fire of a cold star, and I'm drawn to him. I need to fight the pull and survive long enough to find a way out of here, but these winter fae won't make that easy.

**Euphoria Kids** Alison Evans, 2020-02-04 Ever since the witch cursed Babs, she turns invisible sometimes. She has her mum and her dog, but teachers and classmates barely notice her. Then, one day, Iris can see her. And Iris likes what they see. Babs is made of fire. Iris grew from a seed in the ground. They have friends, but not human ones. Not until they meet Babs. The two of them have a lot in common: they speak to dryads and faeries, and they're connected to the magic that's all around them. There's a new boy at school, a boy who's like them and who hasn't yet found his real name. Soon the three of them are hanging out and trying spellwork together. Magic can be dangerous, though. Witches and fae can be cruel. Something is happening in the other realm, and despite being warned to stay away, the three friends have to figure out how to deal with it on their own terms. Anyone who loves the work of Francesca Lia Block and delights in Studio Ghibli films will be entranced by this gorgeous and gentle young adult novel about three queer friends who come into their power.

As a new coven, Aziza, Leo, and Tristan faced evil and triumphed. All that's left is to put their lives back together, a process complicated by the fallout from painful secrets, the emotional and physical scars they now carry, and the mysteries that still haunt them. But with the approach of the solstice comes the arrival of strange new visitors to Blackthorn: the Summer Court, a nomadic community of Fair Folk from deep in Elphame. They've journeyed to the border between the human world and fairyland, far from their usual caravan route, to take back something that belongs to them—something Leo's not willing to lose. Refusing to give up without a fight, he makes a risky deal with the Summer Court's princess and regent. The challenge she proposes sends Coven Blackthorn into the farthest, wildest reaches of Elphame. But when you play games with the Fair Folk, even winning has a cost.

**The Pull of the Future** Christine Murray, The Elite Unit (and all of those fighting beside them) just finished the craziest, longest fight ever. But the war against the Coalition continues. They won the last round - barely. Now, its been silent - too silent. They know that is never good. Unclear why there is no movement at all, they take advantage of the time. As she continues to get bigger and time marches through the holidays, Skye's hopes for an actual happy holiday seem to collapse as traitors are found, the Coalition and William suddenly start showing up everywhere, her existing trauma flares with every move made against her, and unless she's 'jumping' she can barely stand up by herself. Frustrated, she fights for security while Roark just tries to help her hold on. Everyone else steps up to keep her and the twins safe and their ever-present fight for the Fae blood people and the Fae themselves moving forward. New friends become essential, and everybody rallies but will it be enough? The realities of what the end will entail are finally revealed.... After everything else, that might just break Skye and Roark along with her.

**'Of Demons and Blue Moons'** Andy Farman, 2015-07-26 Meet the Moon Cursed Princess, 'Fae', aka Princess Aimee Adrianna of the Guardian Rings. Warrior, adventurer, demon slayer, closet witch and overt hedonist, an almost-hell-born, time-slipping Faerie, with a hell hound and a succubus for absentee parents. Scott Bennett, an invalided Royal Marine turned London cabbie, with a demonic price on his head for having saved Fae from rape and killing her shadow-like attacker, one of 'The Seven', the most terrible denizens of Hell. Holle auf Erden, Hell on Earth, is coming and the only way to stop it is to keep Fae alive while she hunts down the rest of The Seven. .... I did you an injustice, Princess, and I do not know how to apologise. Well oddly enough, I can think of a way to make amends, The G-string slithered down. Would you do me a great favour by changing, one simply adores the sensation of warm fur between her thighs?
