**The War After Armageddon** Ralph Peters, 2010-08-31 Imagines a post-apocalyptic war launched by America in retaliation against Islamic extremists who have used nuclear weapons to destroy Los Angeles, Israel, and parts of Europe, a battle that is complicated by anti-Muslim Christian zealots.

*Stalking the Antichrists (1940-1965) Volume 1* George E. Lowe, 2013-02-22 It is based on the inspiring definitions of the word introduction (1651): My actions of bringing in a newly weapon (since August 1945) brought into the world and to its process of the application in war and with an in-depth initiation in the knowledge of elementary instruction regarding Deterrents and Deterrence thereof, which leads to the knowledge or understanding of the impact of both fission and fusion nuclear weapons on war/politics/foreign policy/strategy and the fate of the Earth/Gaia/Gods Creation, thanks to my insights gained personally at Grove City College, the University of Chicago, U.S. Navy (Air Intelligence Officer) and State Department (Foreign Service Officer) and herewith presented as my introduction to the formal introduction of my halting, but determined attempts to deter a thermonuclear World War III and Armageddon too (1945-2012). Modified from Introduction (Shorter Oxford English Dictionary (Third Edition, 1959, p. 1036)

**The Church of England and the First World War** Alan Wilkinson, 2014-01-30 The Church of England and the First World War (first published in 1978) explores in depth the role of the church during the tragic circumstances of the First World War using biographies, newspapers, magazines, letters, poetry and other sources in a balanced evaluation. The myth that the war was fought by 'lions led by donkeys' powerfully endures turning heroes into victims. Alan Wilkinson demonstrates the sheer horror, moral ambiguity, and the interaction between religion, the church and war with a scholarly, and yet poetic, hand. The author creates a vivid image of the church and society, includes views of the Free Churches and

Roman Catholics, portrays the pastoral problems and challenges to faith presented by war, and the pressures for reform of church and society. The Church of England and the First World War is written with compelling compassion and great historical understanding, making the book hard to put down. This expert and classic study will grip the religious and secular alike, the general reader or the student.

**A Plain Understanding of the Red Dragon** Elijah Muhammad, 2008 This book included various radio broadcasts surrounding the Catholic Church, the pope and associated symbolism. It also contains rare articles written by Messenger Elijah Muhammad before Muhammad Speaks, the official news paper of the Nation of Islam, was published. He challenges the white race's claim to divinity.

**Apocalypse in British Art and Visual Culture in the Early Twentieth Century** Thomas Bromwell, 2024-11-29 This book is the first substantial study of the presence and relationship with the concepts of apocalypse, eschatology, and millennium in modern British art from 1914 to 1945, addressing how and why practitioners in both religious and secular spheres turned to the subjects. The volume examines British art and visual culture's relationship with the then-contemporary anxieties and hopes regarding the orientation of society and culture, arguing that there is an acute relationship to the particular forms of cultural discourse of eschatology, apocalypse, and millennium. Chapters identify the continued relevance of religion and religious themes in British art during the period, and demonstrate that eschatology, apocalypse, and millennium were thriving and surprisingly mainstream concepts in the period that remained vital in early to mid-twentieth-century society and culture. This book is a research monograph aimed at an audience of scholars and graduate students already familiar with the core focus of modern British art and cultural histories, especially those working on the late nineteenth and early twentieth centuries, or the concepts of apocalypse, eschatology, and millennium in Theology, Sociology, or other disciplinary settings. It will also be of interest to scholars and students working on war and visual culture, or histories of imperialism. It will benefit scholars of early twentieth-century British art, demonstrating the intersection of art and religion in the modern era, and critically qualifies the standard secular canon and narrative of modern British art, and the general neglect of religion in existing art-historical literature.

The Scrutiny Ashish Kumbhare, This book is an investigation of the proofs of God's existence in both science and religion. For centuries now, scientists have been trying to find a science surrounding religion. But in this book, we will find the science that is coded within religion. This book starts with the Great city of Alexandria and then progresses to Italy, finally ending up in Space. On our journey of decoding the science in religion we will encounter many popular legends such as the likes of Leonardo Da Vinci, Michelangelo, Raphael, Newton, and then make our final stop at the Modern Einstein—Stephen

Hawking. The Scrutiny decodes a number of mathematical equations from religious books as well as ancient civilizations. It starts with man and ends up at the great gods. It answers the most prominent questions of all time—where do we come from? Where are we going? While finding our answers, we get to decode the famous Mona Lisa, The School of Athens and find our answers in the codex of God. During our journey, we will also unmask some famous hoaxes, such as that of the legendary William Shakespeare and the famous legend of Fatima... The Scrutiny concludes with “The Theory of Everything” – A theory that can satisfactorily explain God with the help of both Science and Religion. So buckle up! We are all in for one crazy ride...

**The Last Great War** W. H. Kennedy, 2011-04 The last great war is all about end-time prophecy. There is a reason why the beast and false prophet are not mentioned in Ezekiel 38 and 39; it is because of the time period. Who will the leader of this great war be? Where will he come from? Know the warning signs before the Rapture what will they be? The Tribulation period will last seven years, and then what will happen? Satan was cast into the lake of fire, the White Throne Judgment. When does the Antichrist appear, and how long does he last? When does Armageddon start? What is the millennium like? It is not like we have been led to believe. There is no war. Where will Christ be at that time? The Earth scorched by fire, the new heaven and new Earth, the Jews (God's chosen people). The Antichrist comes with his massive, incredible 200 million man army. Revelation 9:15 16 says this is Armageddon. There has never been such an army before. But wait until you hear about Gog and Magog. You will find news here that you will find nowhere else but in the Bible.
