**WILLIAM FRANCIS AINSWORTH**

**The Laws of the Spirit World** Khorshed Bhavnagri,2009-01-01 WITH A BRAND NEW LOOK! ON FEBRUARY 22, 1980, KHORSHED AND RUMI BHAVNAGRI'S WORLD WAS SHATTERED. ONE MONTH LATER, A NEW ONE OPENED. Khorshed and Rumi Bhavnagri lost their sons, Vispi and Ratoo, in a tragic car crash. With both their sons gone, the couple felt they would not survive for long. They had lost all faith in God until a miraculous message from the Spirit World gave them hope and sent them on an incredible journey.

The Laws of Spirit Millman Dan,2015-01-29 Perhaps the most important section in Dan Millman's best-selling book, *The Life You Were Born to Live* was titled *Laws that Change Lives*. These laws, as described, were key to overcoming the specific hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes: Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better. *The Laws of Spirit*, Dan Millman's little book of big wisdom, offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, , surrender, and unity. As the sage relates, These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition. As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation It begins with a single step: Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

**When Life Ends** Brother Bob,2018-05-15 In your hands, you hold a book that will give you an insight into the spirit

world, and will tell you what happens to the mortal at time of death. As mortals, we fail to understand how short life is, because an 80-year life only equates to two hours of God's time, as per Psalm 90:4, and 2Peter 3:8. It is only when we reach the spirit world that our real life will begin. The purpose of this book is to introduce you to the spirit world, by using excerpts from spiritual messages received by a Celestial Medium, a Mr. James E. Padgett in Washington D.C., starting in 1914. Mr. Padgett had a special gift of automatic writing, the ability to receive messages from spirits transmitted through his brain and hand. During the last ten years of his life he received some 2,500 messages, and I have read over 500. What makes these messages so special, they come from spirits living in the spirit world, and tell you how it is structured, and about God's great gift of Divine Love - the love from his soul to yours. This was a gift first given to our parents in the Garden of Eden, but was rejected. Jesus brought this gift back to man giving man the ability to be saved, because it removes sin. I only ask that you open your mind, explore this book, and read the excerpts analyzing each by using common sense.

**The Laws of the Sun** Ryūhō Ōkawa, 2001 The Laws of the Sun is the first in a trilogy of volumes that includes The Laws of Eternity and The Golden Laws. What is the nature of spirit and soul? What are the universal spiritual laws and how can we learn to live in harmony with them? What really happens when we die? In this powerful book, author and teacher Ryūhō Ōkawa reveals the transcendent nature of consciousness and the secrets of our multidimensional universe and our place in it. By understanding the natural laws of the universe and following the Buddhist Eightfold Path, he believes we can speed up our eternal process of development. The Laws of the Sun shows the way to realize true happiness--a happiness that continues from this world through the other. The book's modern interpretation of traditional Buddhist teachings addresses many vital issues including how our thoughts influence reality and the different stages of spiritual and human love.

**The Bloomsbury Companion to Kant** Gary Banham, Dennis Schulting, Nigel Hems, 2015-01-29 Immanuel Kant is widely considered to be the most important and influential thinker of modern Europe and the late Enlightenment. His philosophy is extraordinarily wide-ranging and his influence has been pervasive throughout eighteenth, nineteenth and twentieth-century

thought, in particular in the work of the German Idealists, and also in both Analytic and Continental philosophy today. Now available as a new and expanded edition in paperback, this accessible companion to Kant features more than 100 specially commissioned entries, written by a team of experts in the field, covering every aspect of his philosophy. The Bloomsbury Companion to Kant presents a comprehensive overview of the historical and philosophical context in which Kant wrote and the various features, themes and topics apparent in his thought. It also includes extensive synopses of all his major published works and a survey of the key lines of reception and influence including a new addition on Schopenhauer's reception of Kant. It concludes with a thorough bibliography of English language secondary literature, now expanded for this edition to include all cutting-edge publications in the area. This is an essential and practical research tool for those working in the field of eighteenth-century German philosophy and Kant.
