The Past is a Foreign Country ,1993

The Past is a Foreign Country David Lowenthal,1985-11-14 Lowenthal looks at the benefits and burdens of the past, how we study the past, and how we change it.

**The Past Is a Foreign Country - Revisited** David Lowenthal,2015-10-01 The past remains essential - and inescapable. A quarter-century after the publication of his classic account of man's attitudes to his past, David Lowenthal revisits how we celebrate, expunge, contest and domesticate the past to serve present needs. He shows how nostalgia and heritage now pervade every facet of public and popular culture. History embraces nature and the cosmos as well as humanity. The past is seen and touched and tasted and smelt as well as heard and read about. Empathy, re-enactment, memory and commemoration overwhelm traditional history. A unified past once certified by experts and reliant on written texts has become a fragmented, contested history forged by us all. New insights into history and memory, bias and objectivity, artefacts and monuments, identity and authenticity, and remorse and contrition, make this book once again the essential guide to the past that we inherit, reshape and bequeath to the future.

The Past Is Always Present Tore Tvarnø Lind,2012 In *The Past Is Always Present*, Tore Tvarnø Lind examines the musical revival of Greek Orthodox chant at the monastery of Vatopaidi within the monastic society of Mount Athos, Greece. In particular, Lind focuses on the musical activities at the monastery and the meaning of the past in the monks' efforts at improving their musical performance practice through an emphasis on tradition. Based on a decade of intense fieldwork and extensive interviews with members of Athos' monastic community, Lind covers a vast array of topics. From musical notation and the Greek oral tradition to CD covers and music production, the tension between tradition and modernity in the musical activity of the Athonite community raises a clear challenge to the quest to bring together Orthodox spirituality and quietude with musical production. *The Past Is Always Present* addresses all of these matters by focusing on the significance and meaning of the local chanting style. As Lind argues, Byzantine chant cannot be fully grasped in musicological terms alone, outside the context of prayer. Yet because chant is fundamentally a way of communicating with God, the sound generated must be exactly right, pushing issues of music notation, theory, and performance practice to the forefront. Byzantine chant, Lind ultimately argues, is a modern phenomenon as the monastic communities of Mount Athos negotiate with the realities of

modern Orthodox identity in Greece. By reporting on the musical revival activities of this remarkable community through the topics of notation, musical theory, drone-singing, and spiritual silence, Lind looks at the ways in which Athonite heritage is shaped, touching upon the Byzantine chant's contemporary relationship with practice of pilgrimage and the phenomenon of religious tourism. Offering unique insights into the monastic culture at Mount Athos, *The Past Is Always Present* is for those especially interested in sacred music, past and present Greek culture, monastic life, religious tourism, and the fields of ethnomusicology and anthropology.

**The War Against the Past** Frank Furedi, 2024-08-20 A war is being waged against the Past. Whether it's toppling statues, decolonising the curriculum or erasing terms from our vocabulary, a cultural crusade is underway designed to render the past toxic. It is condemned as enemy territory and has become the target of venomous hate. What is at stake in provoking such a strong sense of societal shame towards Western history? In this book, Frank Furedi mounts a fierce defence of the past and calls for a fight back against the delegitimization of its ideals and accomplishments. Casting the past as a story of shame has become a taken-for-granted outlook permeating the educational and cultural life of western society from the top down. Its advocates may see it as a cultural imperative, but a society that loses touch with its past will face a permanent crisis of identity. Squandering the wisdom provided by our historical inheritance means betraying humanity's positive achievements. Challenging this great betrayal, Furedi argues, is one of the most important battles of our time.

**The Past is a Foreign Country** Timothy Southerly Goins, 1979

Key Debates in Anthropology Tim Ingold, 2003-12-16 Every year, leading social anthropologists meet to debate a motion at the heart of current theoretical developments in their subject and this book includes the first six of these debates, spanning the period from 1988 to 1993. Each debate has four principal speakers: one to propose the motion, another to oppose it, and two seconders. The first debate addresses the disciplinary character of social anthropology: can it be regarded as a science, and if so, is it able to establish general propositions about human culture and social life? The second examines the concept of society, and in the third debate the spotlight is turned on the role of culture in people's perception of their environments. The fourth debate focuses on the place of language in the formation of culture. The fifth takes up the question of how we view the past in relation to the present. Finally, in the sixth debate, the concern is with the cross-cultural applicability of the concept of aesthetics. With its unique debate format, *Key Debates in Anthropology* addresses issues that are currently at the top of the theoretical agenda, which register the pulse of contemporary thinking in social anthropology. It will be of value to students who are not only introduced to the different sides of every argument, but are challenged to join in and to develop informed positions of their own.

The Past Is Gone but Never Forgotten: An epic journey from Zimbabwe to Canada Oscar D. Simela Ph.D., 2020-10-19 This book is both a description of my journey from Zimbabwe to Canada and a partial story of my life before and after emigrating

to Canada in 1990. The journey began with a dream that my wife Barbara Sithabile Simela and I had in the late 1980s when we lived in Zimbabwe. Our dream and hopes were to find a place where we could raise our children in peace and tranquility where they could nurture and nourish their own dreams to their full God-given potential. Early chapters of the book present a heart wrenching decision that I made to abandon a position which I held so dearly with the National Museums and Monuments of Zimbabwe as Acting Regional Director for the western region. It then chronicles the steps we took to apply for permanent residence in Canada.
