**The Narratological Analysis of Lyric Poetry** Peter Hühn, Jens Kiefer, 2005 This study offers a fresh approach to the theory and practice of poetry criticism from a narratological perspective. Arguing that lyric poems share basic constituents of narration with prose fiction, namely temporal sequentiality of events and verbal mediation, the authors propose the transgeneric application of narratology to the poetic genre with the aim of utilizing the sophisticated framework of narratological categories for a more precise and complex modeling of the poetic text. On this basis, the study provides a new impetus to the neglected field of poetic theory as well as to methodology. The practical value of such an approach is then demonstrated by detailed model analyses of canonical English poems from all major periods between the 16th and the 20th centuries. The comparative discussion of these analyses draws general conclusions about the specifics of narrative structures in lyric poetry in contrast to prose fiction.

**The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry** Jane Campbell, 1974-06

This essay had its beginning in an investigation of changing attitudes to seventeenth-century Pre-Restoration poetry during the English Romantic period. In the course of that research, Jane Campbell discovered that a relatively little-known periodical, the *Retrospective Review*, which was published in London from 1820 to 1828, appeared to have played an interesting part in the rehabilitation of the poets of the earlier period. This book, then, is an attempt to outline the history of this review, to place it against its literary background, and to assess its role in the critical re-evaluation of the poets of the earlier seventeenth century—an age to which the *Retrospective's* contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship.

**An Andrew Marvell Companion (Routledge Revivals)** Robert H. Ray, 2014-05-01 First published in 1998, this title provides for the reader of the renowned metaphysical poet and politician a valuable reference and resource volume. It is a compendium of useful information for any reader of Andrew Marvell, including crucial biographical material, historical contextualisation, and details about his life's work. The intention throughout is to enhance understanding and appreciation, without being exhaustive. The major portion of the volume, in both importance and size, is 'A Marvell Dictionary'. Its entries are arranged alphabetically: they identify, describe and explain the most influential persons in Marvell's life and works, as well as places, characters, allusions, ideas, concepts, individual words, phrases and literary terms that are relevant to a rounded appreciation of his poetry and prose. An *Andrew Marvell Companion* will prove invaluable for all students of English poetry and seventeenth-century political history.

Love in 'To His Coy Mistress' Andreas Keilbach, 2008-11-24 Seminar paper from the year 2003 in the subject American Studies - Literature, grade: 1,7, University of Freiburg (Englisches Seminar), course: Einführung in das Studium der englischen und amerikanischen Literatur, language: English, abstract: In Andrew Marvell's *To His Coy Mistress* the poem's speaker attempts to persuade his coy mistress to have sex with him. As "he is aware of his imminent death as he is of hers" he wants his desire to be fulfilled here and now. Thus I introduce my thesis as follows: Andrew Marvell's *To His Coy Mistress* argues that, in a world where death rules supreme and time is limited, life's true meaning and purpose can only be found in physical (i.e. sexual) pleasure. My thesis is based on the analysis of the three sections which complete a logical argumentative pattern ("Had we . . .", "But . . .", "Now therefore . . .") In the first section (l. 1- l. 20) the speaker tells his mistress what they could achieve in their relationship if they had time. It is a very traditional and religious view of love. However, the subjunctive and conditional structures in the first section indicate: They do not have time. The coyness of the Lady is a crime. The result of these two points is that the speaker is not interested in spiritual or romantic but just in physical, sexual love immediately. This "false vision of history-as-courtship", "false vision of endless time and endless courtship" is shown in a satirical, cynical and ironic way. Marvell uses a lot of allusions to the bible illustrating the huge dimensions of "world enough and time" (l. 1). The image of "world enough" (l. 1) is shown by the "Indian Ganges" (l. 5), an

exotic country which is far away from the “Humber” (l. 7) in England .

**Advances in Discourse Studies** Vijay Bhatia, John Flowerdew, Rodney H. Jones, 2008-03-10 Methods of approaching the study of discourse have developed rapidly in the last ten years, influenced by a growing interdisciplinary spirit among linguistics and anthropology, sociology, cognitive and cultural psychology and cultural studies, as well as among established sub-fields within linguistics itself. Among the more recent developments are an increasing 'critical' turn in discourse analysis, a growing interest in historical, ethnographic and corpus-based approaches to discourse, more concern with the social contexts in which discourse occurs, the social actions that it is used to take and the identities that are constructed through it, as well as a revaluation of what counts as 'discourse' to include multi-modal texts and interaction. *Advances in Discourse Studies* brings together contributions from leading scholars in the field, investigating the historical and theoretical relationships between new advances in discourse studies and pointing towards new directions for the future of the discipline. Featuring discussion questions, classroom projects and recommended readings at the end of each section, as well as case studies illustrating each approach discussed, this is an invaluable resource for students of interdisciplinary discourse analysis.
