

# Victoria Laurie S In Order

**Hugh D Barlow**

**Tarnished and Torn** Juliet Blackwell, 2013-07-02 As the owner of a popular vintage clothing store, Lily Ivory can enjoy a day of antique jewelry shopping and still call it work. But as one of San Francisco's resident witches, searching for hidden treasures can sometimes lead to dangerous discoveries... When Lily arrives at an antique jewelry fair, her bargain sensors go off left and right—but she also picks up a faint vibration of magic. Could the hard-bargaining merchant Griselda be a fellow practitioner? It certainly seems that way when a sudden fire sends panic through the crowd, and Lily discovers Griselda murdered in a way that nods to an old-fashioned witch hunt... A crime that hits close to home turns into an unwelcome flash from the past when the police bring in their lead suspect—Lily's estranged father. Though he may not deserve her help, Lily is determined to clear her father's name and solve a murder that's anything but crystal clear.

**Text, Lies and Cataloging** Jana Brubaker, 2018-07-10 What do James Frey's *A Million Little Pieces*, Margaret B. Jones' *Love and Consequence* and Wanda Koolmatrie's *My Own Sweet Time* have in common? None of these popular books are what they appear to be. Frey's fraudulent drug addiction memoir was really a semi-fictional novel, Jones' chronicle of her life in a street gang was a complete fabrication, and Koolmatrie was not an Aboriginal woman removed from her family as a child, as in her seemingly autobiographical account, but rather a white taxi driver named Leon Carmen. Deceptive literary works mislead readers and present librarians with a dilemma. Whether making recommendations to patrons or creating catalog records, objectivity and accuracy are crucial—and can be difficult when a book's authorship or veracity is in doubt. This informative (and entertaining!) study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate. An extensive annotated bibliography describes books that are not what they seem.

*Florists' Review* Gilbert Leonard Grant,1919

Crime And Public Policy Hugh D Barlow,1995-11-16 In this timely book of original essays, some of criminology's most respected scholars assess the policy implications of recent theories of crime. The central question posed by the book is: Where does contemporary criminological theory lead open-minded policymakers who are seeking to construct effective new strategies for dealing with crime?Evaluating their own and others' work, the contributors present specific policy recommendations based on their analyses. After reading these essays, students of crime will discover they can now suggest answers to another question often posed in the classroom: How can theory help us solve the crime problem?Although the book focuses on the policy implications of theories that have a broad scope or that integrate different perspectives, it concludes with chapters that contemplate theory and policy as applied to specific areas of criminal activity. The authors have written exciting and challenging essays that will interest criminologists and criminal justice practitioners as well as experts in public administration and policy analysis. In the classroom, the book will be useful in upper-level and graduate courses in criminology, criminal justice, and policy analysis.
