Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. All this information is in the original book.

By reading this summary, you will discover how the ego manifests itself in your life, in order to get rid of its influence. At the present time, humanity is in a critical situation close to insanity. Indeed, the state of mind of the majority of humans is dominated by the ego, which acts as a filter on events. It then gives a negative, and therefore harmful, interpretation of events. Consequently, it is urgent to make a change for the survival of the world. To do this, you must bring about a spiritual awakening within yourself. This awakening lies in the recognition of your non-awakened self, the ego and the ploys it puts in place for its survival.
