Language in Society in Bangladesh and Beyond Shaila Sultana, Mian Md. Naushaad Kabir, Md. Zulfeqar Haider, Mohammad Moninoor Roshid, M. Obaidul Hamid, 2023-11-29 This collection presents a holistic picture of the sociolinguistic landscape in Bangladesh, offering a critical understanding of language ideologies and social inequalities in the country, as they connect more widely to dynamics in the Global South. The book seeks to untangle the voices embedded in the language practices of a range of communities and professions in the region, which have been little studied in the literature, and encourage a rethinking of the relationships between language and nationality, class, ethnicity, race, and gender. Highlighting perspectives from established and emerging researchers and drawing on a wide range of theoretical approaches and methodologies, the volume is organized around such key themes as bilingualism and diglossia; language variation across domains; language and identity in literature; and the interconnectedness of language, identity, and globalization. Taken together, the collection calls attention to the socially and spatially situated nature of language practices in Bangladesh and in turn, the ways in which scholars in the Global South make sense of the sociolinguistic landscape at both the local and global levels. This book will appeal to scholars working in sociolinguistics, particularly those working on language policy, language and identity, language variation, and in or about the Global South.

Learning EFL by Bengali Speaking Learners: Major Linguistic Problems and Possible Solutions M. Maniruzzaman, 2010 Research Paper (postgraduate) from the year 2010 in the subject English Language and Literature Studies - Linguistics, grade: A, Jahangirnagar University (Department of English), language: English, abstract: Abstract The

second/foreign language learner usually confronts diverse linguistic problems evidently handicapping and hampering his/her learning and eventually negatively affecting his/her general proficiency in the target language. Both as a learner and a teacher-researcher of English as a foreign language (EFL), I have had first-hand experience and the opportunity to observe that the Bengali speaking learner confronts difficulty in learning English pronunciation, vocabulary items, word formation, sentence construction, and conveying meanings through and/or receiving meanings of words, phrases, clauses, sentences/utterances, discourse, and the like. And such problems obviously seriously retard his/her learning of EFL. Hence, the present writer feels justified in identifying the major linguistic problems the Bengali speaking EFL learner encounters as well as in discovering the causes of the problems. Finally, the writer has made a number of recommendations with a view to addressing and lessening the problems, on the one hand, and ensuring the smooth and optimal learning of EFL on the other. Keywords Bengali speaking EFL learners, linguistic problems, causes & solutions
