*Never Look at the Empty Seats* Charlie Daniels, 2017-10-24 The Incredible Story of a Country Music Legend Few artists have left a more indelible mark on America's musical landscape than Charlie Daniels. Readers will experience a soft, personal side of Charlie Daniels that has never before been documented. In his own words, he presents the path from his post-depression childhood to performing for millions as one of the most successful country acts of all time and what he has learned along the way. The book also includes insights into the many musicians that orbited Charlie's world, including Elvis Presley, Bob Dylan, Willie Nelson, Tammy Wynette and many more. Charlie was officially inducted into The Country Music Hall of Fame in 2016, shortly before his 80th birthday. He now shares the inside stories, reflections, and rare personal photographs from his earliest days in the 1940s to his self-taught guitar and fiddle playing high school days of the fifties through his rise to music stardom in the seventies, eighties and beyond. Charlie Daniels presents a life lesson for all of us regardless of profession: "Walk on stage with a positive attitude. Your troubles are your own and are not included in the ticket price. Some nights you have more to give than others, but put it all out there every show. You're concerned with the people who showed up, not the ones who didn't. So give them a show and...Never look at the empty seats!"

**Priceless** Charlie Daniels, 2007 Charlie Daniels has experienced every level of the business of prostitution, been to the depths, risen to the heights and survived both. She started her career as a streetwalker when she was a seventeen year-old

single mother, living in a desolate tower block. She needed the money to buy nappies. Her dream was to live an exciting life, and since she had virtually no qualifications, the streets seemed to offer the best way to get it. But the streets are run by and for dangerous people. Eventually she realised that she wasn't going to be able to look after her beloved daughter properly and was forced to hand her over to her own foster mother, just as she herself was given away nearly twenty years before. Charlie went into business as a Madam. But the streets caught up with her; she got into a fight with a group of girls, stabbed one of them in the eye, and ended up doing time. In prison she saw the error of her ways but within months of coming out, circumstances had forced her back onto the game. Deciding that there was now no other way out of the poverty trap, Charlie went back into business with a vengeance, becoming one of the most successful Madams in the country, with a string of fifty girls working for her. By the time she was in her thirties Charlie had reached the pinnacle of her profession but she had also realised just how shallow and meaningless her life was, and how much she wanted to get her daughter back before it was too late. She would have to reinvent herself one last time...

**Growing Up Country** Charlie Daniels,2007-04-03 From *Growing Up Country*: "I learned early in life that country is not a place on a map. Country is a place in your heart. In your soul. In the very depth of your being." —Bill Anderson "One of the things I like most about country life is that nothing much has really changed . . . My grandchildren and I are still walking and hunting in the same woods and fishing in the same creeks as I did with my father." —President Jimmy Carter "Food was at

the heart of our home. And, other than those troublesome vegetables, I loved all of it. We fried everything—we'd have even fried water if we could've." —Keith Anderson "I can't imagine what my life would have been without peaceful days, mountain streams, homegrown and home-cooked food, country church, and all-day singing with dinner on the grounds with family and friends." —Dolly Parton "Growing up country—there's nothing like it. It's growing up with your grandmother and granddaddy around . . . it's a lot of love when you need it, great cooking in the kitchen, and always being real." —Eddie Montgomery  
Blackberry pie on the window ledge. The Grand Ole Opry on the radio. Sunday dinners on the table. Families swinging on the front porch after a hard day's work. It's all part of the country way of life. Here, legendary country music singer Charlie Daniels introduces and edits a collection of heartfelt essays from an all-star cast of contributors on what it means to grow up country. United by a love of music, these notables show us that country means more than just the twang of a guitar. They share a belief in hard work, integrity, strength of character, and having the courage not to quit. The stories here tell of rustic upbringings and rich spirits, of parents who believed in tough love and old-fashioned common sense, and of a strong sense of community, pride in your country, and a love of the natural world. You'll get an intimate glimpse into the lives of: Country music royalty and all-time greats: such as Dolly Parton, Barbara Mandrell, Brenda Lee, Dobie Gray, and Lee Greenwood Southern rock gods: such as Gary Rossington and Donnie Van Zant The newest crop of stars: such as Sara Evans, Toby Keith, and Clint Black Special guests: such as former president Jimmy Carter, and seven-time all around rodeo champion Ty Murray These snapshots show how living country has allowed our favorite singers, songwriters, and stage performers to make a career out of doing what they love while never forgetting that when you've grown up country, home isn't just a place where you live, it's a state of the heart.
