

Colonel Douglas Macgregor Books

David Baud

Margin of Victory Douglas MacGregor, 2016-06-15 In *Margin of Victory* Douglas Macgregor tells the riveting stories of five military battles of the twentieth century, each one a turning point in history. Beginning with the British Expeditionary force holding the line at the Battle of Mons in 1914 and concluding with the Battle of Easting in 1991 during Desert Storm, *Margin of Victory* teases out a connection between these battles and teaches its readers an important lesson about how future battles can be won. Emphasizing military strategy, force design, and modernization, Macgregor links each of these seemingly isolated battles thematically. At the core of his analysis, the author reminds the reader that to be successful, military action must always be congruent with national culture, geography, and scientific-industrial capacity. He theorizes that strategy and geopolitics are ultimately more influential than ideology. Macgregor stresses that if nation-states want to be successful, they must accept the need for and the inevitability of change. The five warfighting dramas in this book, rendered in vivid detail by lively prose, offer many lessons on the tactical, operational, and strategic levels of war.

Securing the State Christopher Patrick Gibson, 2008 Focusing on top civilian and military advisors within the national security establishment, this significant book looks at four case studies with a focus on civil-military relations within the US Department of Defense. Destined to influence US strategic thinking, it should be added to the syllabus of courses in civil-military relations, strategic studies and military history.

An Agent of Change Or a Colonel Who Just Complained: A Case Study of Colonel Douglas A. Macgregor and His Book, Breaking the Phalanx, a New Design for Landpower in the 21st Century, 2003 The monograph proposes that Colonel Douglas A. Macgregor represents an Agent of Change for the United States Army. In 1997 Colonel Macgregor published the book, *Breaking the Phalanx, A New Design for Landpower in the 21st Century* (BTP). This book questioned the Army's continued adherence to a Cold War paradigm and proposed that a new operational concept supported by organization, doctrine and cultural changes could revolutionize the military's capabilities. Colonel Macgregor proposed concepts for improving the Army's integration into the joint community and modifying the Army's organizational and cultural. Lieutenant Colonel Macgregor believed emerging information technologies combined with significant changes in the national security environment promised a revolutionary advancement of the Army's capabilities if synchronized with corresponding changes in doctrine, organization, and culture. The proposals in BTP remain controversial. As with the cliché one man's

terrorist is another man's freedom fighter, one man's agent of change is often viewed by others as simply a disenfranchised complainer. Hence the monograph's title Douglas Macgregor an Agent of Change or a Colonel Who Just Complained? The monograph next provides an analysis of the environment confronting the United States Army during the time period of 1991-2003. This period represented an extraordinary period of change for both the world and the United States Army. In the first eight years of this period the Army quickly downsized. The Army reduced force structure by forty percent, operated under budgets reduced by forty-five percent, closed numerous facilities and reduced forward deployed forces in Europe by fifty percent. In the last two years of this period the Army performed its role in the War on Terrorism by conducting combat operations in Afghanistan and Iraq.

MacGregor's Book of Bank Advertising Theodore Douglas MacGregor, 1921

Clean Bombs and Dirty Wars Robert H. Gregory, 2015-10 After the United States, along with NATO allies, bombed the Serbian forces of Slobodan Milosevic for seventy-eight days in 1999, Milosevic withdrew his army from Kosovo. With no troops on the ground, political and military leaders congratulated themselves on the success of Operation Allied Force, considered to be the first military victory won through the use of strategic air power alone. This apparent triumph motivated military and political leaders to embrace a policy of using "clean bombs" (precision munitions and air strikes)—without a dirty ground war—as the preferred choice for answering military aggression. Ten years later it inspired a similar air campaign against Muammar Gaddafi's forces in Libya as a groundswell of protests erupted into revolution. Clean Bombs and Dirty Wars offers a fresh perspective on the role, relevance, and effectiveness of air power in contemporary warfare, including an exploration of the political motivations for its use as well as a candid examination of air-to-ground targeting processes. Using recently declassified materials from the William J. Clinton Presidential Library along with primary evidence culled from social media posted during the Arab Spring, Robert H. Gregory Jr. shows that the argument that air power eliminates the necessity for boots on the ground is an artificial and illusory claim.

The Pentagon's Wars Mark Perry, 2017-10-24 A gripping insider account of the clash between America's civilian and military leadership The Pentagon's Wars is a dramatic account of the deep and divisive debates between America's civilian leaders and its military officers. Renowned military expert Mark Perry investigates these internal wars and sheds new light on the US military—the most powerful and influential lobby in Washington. He reveals explosive stories, from the secret history of Clinton's don't ask, don't tell policy to how the military plotted to undermine Barack Obama's strategy in Afghanistan, to show how internal strife and deep civilian-military animus shapes America's policy abroad, often to the nation's detriment. Drawing on three decades of high-profile interviews, both on and off the record, Perry yields sobering judgments on the tenures of our nation's most important military leaders. The Pentagon's Wars is essential reading for anyone seeking to understand the inner workings of the making of America's foreign policy.

Naval War College Review ,2016

America's Final War Andrei Martyanov,2024-06-01 Washington's eight years of preparing Ukraine and its armed forces for war with Russia was a mistake of historic proportions, due to its misperception of American military power based on its 1991 Gulf War victory against a minor military player. Washington believed its own propaganda about crippling sanctions on Russia, about the viability of its Ukrainian proxy army, and the economic and military weakness of Russia, spelling doom for the American empire and its "rules-based order". By 2023 the Kiev regime could no longer exist without the West's support, both financial and in war materiel. By 2024 Russia will have not just exhausted Ukraine, but also demilitarized NATO as a whole, exposing the industrial and military impotence of the US and its European vassals. The United States military as a whole, and the USAF in particular, have no resources or means to close the ever widening gap in capability between American and Russian Air Defenses, insofar as such systems as the S-500 are already being produced serially in Russia with their immense range of more than 500 kilometers against aerial targets, not to mention their full integration with Russia's Air Force and Air Defense. The air space of Russia is becoming increasingly prohibitive to penetration by any combination of USAF and NATO forces. The US has fallen behind, and it won't be able to catch up.

Adopting Mission Command Donald Vandergriff,2019-09-15 In September 2010, James G. Pierce, a retired U.S. Army colonel with the Strategic Studies Institute at the U.S. Army War College in Carlisle Barracks, Pennsylvania, published a study on Army organizational culture. Pierce postulated that the ability of a professional organization to develop future leaders in a manner that perpetuates readiness to cope with future environmental and internal uncertainty depends on organizational culture. He found that today's U.S. Army leadership may be inadequately prepared to lead the profession toward future success. The need to prepare for future success dovetails with the use of the concepts of mission command. This book offers up a set of recommendations, based on those mission command concepts, for adopting a superior command culture through education and training. Donald E. Vandergriff believes by implementing these recommendations across the Army, that other necessary and long-awaited reforms will take place.

Breaking the Phalanx Douglas A. Macgregor,1997-01-30 This work proposes the reorganization of America's ground forces on the strategic, operational and tactical levels. Central to the proposal is the simple thesis that the U.S. Army must take control of its future by exploiting the emerging revolution in military affairs. The analysis argues that a new Army warfighting organization will not only be more deployable and effective in Joint operations; reorganized information age ground forces will be significantly less expensive to operate, maintain, and modernize than the Army's current Cold War division-based organizations. And while ground forces must be equipped with the newest Institute weapons, new technology will not fulfill its promise of shaping the battlefield to American advantage if new devices are merely grafted on to old organizations that are not specifically designed to exploit them. It is not enough to rely on the infusion of new, expensive

technology into the American defense establishment to preserve America's strategic dominance in the next century. The work makes it clear that planes, ships, and missiles cannot do the job of defending America's global security issues alone. The United States must opt for reform and reorganization of the nation's ground forces and avoid repeating Britain's historic mistake of always fielding an effective army just in time to avoid defeat, but too late to deter an aggressor.

Transformation Under Fire Douglas A. MacGregor,2003-09 MacGregor argues for a tight integration between air and ground forces to change the way that our armed forces organize their capacity to fight.

By Their Deeds Alone Richard D. Hooker (Jr.),2003 • Lt. Col. Robert R. Leonhard, "Soldiers of Gideon: The Defense of the Golan, Oct. 1973"-how Israel bested a Syrian onslaught, typified by the effort of Lt. Zvi "Zwick" Greengold, who convinced his adversaries they were up against a force of tanks, when he was armed with only one. From the Battle of Gallipoli in 1915 to the Allied chase of German forces across France in 1944 to the crippling of the Russian Army by Chechen rebels in 1995, battlefield fights and fireworks throughout the century are recounted in brilliant detail, revealing all the action-and wisdom-they have to offer, in powerful prose by military professionals. "Leadership, not machines, not doctrine, not even logistics, is the supreme element in war." These are the words of Lt. Col. Richard Hooker, editor of By Their Deeds Alone. They describe the lesson taught by this extraordinary collection, a gripping and inspiring anthology of battle histories written by brave men who've been there themselves. Here are dramatic retellings and relevant interpretations of campaigns recent and remote, famous and forgotten-designed to teach tactics to today's military leaders as well as inform and entertain any history or military buff. Ten accomplished historians-at once combat commanders and acclaimed authors-transport you to the front lines of real battles in wars from around the world, including: • Col. John Antal, "A Most Daring Enterprise: The Conquest of Fortress Singapore"-in a cautionary tale for any country facing a "weaker" foe, the Imperial Japanese Army defeats a superior force of overconfident British-and conquers the supposedly impregnable fortress of Singapore • Col. James R. McDonough, "African Holocaust: The Rwandan Civil War"-in 1994, quiet and introverted master of infiltration Paul Kagame took the nation's capital, Kigali, with his Rwandan Patriotic Front, defeating a foreign-funded government force. • Lt. Col. Robert R. Leonhard, "Soldiers of Gideon: The Defense of the Golan, Oct. 1973"-how Israel bested a Syrian onslaught, typified by the effort of Lt. Zvi "Zwick" Greengold, who convinced his adversaries they were up against a force of tanks, when he was armed with only one. From the Battle of Gallipoli in 1915 to the Allied chase of German forces across France in 1944 to the crippling of the Russian Army by Chechen rebels in 1995, battlefield fights and fireworks throughout the century

are recounted in brilliant detail, revealing all the action-and wisdom-they have to offer, in powerful prose by military professionals.

Colonel Douglas Macgregor Books Introduction

In the digital age, access to information has become easier than ever before. The ability to download Colonel Douglas Macgregor Books has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next

favorite book, or a professional seeking research papers, the option to download Colonel Douglas Macgregor Books has opened up a world of possibilities. Downloading Colonel Douglas Macgregor Books provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Colonel Douglas Macgregor Books has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms

where individuals can download Colonel Douglas Macgregor Books. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Colonel Douglas Macgregor Books. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Colonel Douglas Macgregor Books, users should also consider the potential security risks

associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Colonel Douglas Macgregor Books has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Colonel Douglas Macgregor Books Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader

engagement and providing a more immersive learning experience. Colonel Douglas Macgregor Books is one of the best book in our library for free trial. We provide copy of Colonel Douglas Macgregor Books in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Colonel Douglas Macgregor Books. Where to download Colonel Douglas Macgregor Books online for free? Are you looking for Colonel Douglas Macgregor Books PDF? This is definitely going to save you time and cash in something you should think about.
