Pensar e investigar la formación ética del contador público: tres investigaciones Mario Antonio Ruiz

Vargas,Oscar Navarro Morato,Giovanny Melquicedec Martin Peña,Alexánder Luis Ortiz Ocaña,2019-04-09 El presente libro es un subproducto del proyecto de investigación Modelo didáctico para la formación ética de los estudiantes de contaduría pública, realizado por la Universidad Cooperativa de Colombia, la Universitaria Agustiniana (Colombia) y la Universidad Pedagógica de Holguín (Cuba). El objetivo del proyecto fue mostrar los cambios necesarios para hacer que la ética del profesional contable en Colombia sea cada vez mejor, así como exponer los principios y códigos en que se basa la contaduría pública. El primer capítulo presenta avances de la revisión bibliográfica de artículos relacionados con el tema en mención. Los análisis obtenidos muestran dos dimensiones en la formación del contador público: la formación ética del estudiante y la responsabilidad social universitaria. El segundo capítulo identifica el nivel de conciencia ética y la injerencia del entorno en la toma de decisiones antiéticas por parte de los estudiantes. El tercer capítulo intenta responder las siguientes interrogantes: ¿qué investigaciones en curso analizan el papel de contador en el dominio ético?, ¿qué se está diciendo sobre su responsabilidad y ética social?, ¿qué proponen los autores y las universidades sobre este tema? El capítulo final analiza qué se entiende por 'investigación' en las disciplinas contables. Además, piensa sobre el amor en clave configuracional y propone transitar hacia una convivencia ética: vivir sin expectativas.

Introducción a la Ética Zacarias Torres Hernandez,2014-10-21 Introducción a la Ética pretende contribuir a la formación de una conciencia ética, en el ámbito de su incidencia que es, en principio, el espacio académico, pero sin omitir el entorno de las empresas en el que puede apoyar a la educación de su personal en el terreno de la ético que, paulatinamente, la institución percibirá los cambios traducidos en comportamientos que conlleven a conocimientos de valores y práctica de virtudes morales. Cada capítulo incluye mapas conceptuales, objetivos, citas memorables, refranes, una evaluación diagnostica, formativa y sumativa, cápsulas ilustrativas y culturales, cuadros y figuras, actividades y prácticas, casos para analizar, lectura integradora y su bibliografía; todo con la finalidad de complementar la teoría con la práctica profesional.

¿Por qué se es responsable jurídicamente? ,2007-06-19 La aventura de conocer el significado de la responsabilidad, entendida como noción propia y reveladora de la vigencia de un ordenamiento jurídico, e incluso como argumento

demostrativo de la necesidad de que exista el ordenamiento jurídico, ser la noción de sujeto jurídicamente responsable. La noción de sujeto, situado en cada situación jurídica, operando o siendo afectado en cada situación jurídica, y cuyos actos son previstos por el conjunto de las normas jurídicas aplicables en un ordenamiento jurídico, es el facto imprescindible para que, cuando estudiemos la noción de responsabilidad, no consideremos solamente algo que imaginamos abstractamente, sino algo que afecta concretamente a su sujeto.

Ética Wilhelm Wundt,1917

El ensayo en nuestra América ,1993 Hay dos tipos de trabajos: los que se refieren al ensayo en sí mismo o su teoría, y los de contenido histórico. A la primera categoría corresponden los de Cerutti Guldberg sobre el valor del ensayo para la expresión latinoamericana, y los de Liliana Weinberg sobre ensayo y paradoja. Algunos de los de contenido crítico o histórico pertenecen a los siguientes autores: Francesca Gargallo (El Feminismo en México); José Luis Gómez Martínez (Pensamiento de la Liberación); Clara A. Jalif de Bertranou (Fenomenología en América Latina); Mario Magallón Anaya (Vasconcelos); Domingo Miliani (Arturo Uslar Pietri); Salvador Morales (Martí); María Ramírez Fierro (Simón Rodríguez); Rafael Rojas (Ensayo en Cuba en el Siglo XIX); Enrique Ubieta Gómez (Cinto Vitier y Fernández Retamar); Norma Villagómez Rosas (Calibán en Latinoamérica); Janusz Wojcieszak (Ensayo y Filosofía en el Caso Latinoamericano)--Handbook of Latin American Studies, v. 58.

Representaciones, imaginarios e identidad Juan Manuel Piña,2003-01-01

La educación social. Una mirada didáctica. Anna Forés Miravalles,Núria Giné Freixes,Artur Parcerisa Aran,2010-09-03

Libro que sirve de complemento al anterior del año 1999, Didáctica en la educación social, y que actualiza los cambios acaecidos tanto en la materia como en la sociedad. Para los autores, las aportaciones de la didáctica son fundamentales para la educación social, así se profundiza en el concepto de educación social; se aplican los conocimientos didácticos al diseño, desarrollo y evaluación de acciones socioeducativas; se tratan la comunicación, el acompañamiento, la atención a la diversidad y la resiliencia, y se analizan distintos tipos de trabajo socioeducativo (individual, grupal, comunitario y también en medio abierto y con relación a la institución escolar). La presentación de casos sirve de ilustración y pretende ayudar a la reflexión.
