Plots of Opportunity Albert D. Pionke, 2004 After surveying England's evolving theories of representative politics and individual and collective secretive practices, Pionke traces the intersection of democracy and secrecy through a series of case histories. Using works by Thomas Carlyle, Wilkie Collins, Charles Dickens, Benjamin Disraeli, John Henry Newman, and others, along with periodicals, histories, and parliamentary documents of the period, he shows the rhetorical prominence of groups such as the Freemasons, the Thugs, the Carbonari, the Fenians, and the Jesuits in Victorian democratic discourse. -- book cover.

Confessions of an Illuminati, VOLUME I (2nd edition) Leo Lyon Zagami, 2019-04-26 SYMBOLS ARE THE LANGUAGE OF THE ILLUMINATI: Released in English for the first time by secret society insider and author Leo Lyon Zagami, this groundbreaking book presents internal documents, confidential rituals, secret fraternal rites, and a unique perspective on global events that expose a web of deceit and total world control. His newly released 2nd edition book contends that the presence of numerous Illuminati brotherhoods and secret societies—just like the prestigious Yale University's Skull and Bones—have always been guides to the occult. From the Ordo Templi Orientis (O.T.O.) infiltration of Freemasonry to the real Priory of Sion, this book exposes the hidden structure of the New World Order and the occult practices of the various groups involved within it, including their connections to Aleister Crowley, malevolent ETs, the intelligence community and the infamous Ur-Lodges. If the truth is stranger than fiction, then the true secret structure of the Illuminati and their invisible network made from various power groups presents a far different perspective than what the public is offered in the media, or by their elected officials. The first step in defeating the Illuminati and their satanic New World Order is to understand their modus operandi. Because once you know their method of operation, including how to interpret their symbols and understand what is not being told to you, it is then possible to comprehend their control grid and gain the power to oppose it. After all, knowledge is power!

The Inevitable Dossier Roberth "Messiah" Edberg, 2006-05-19 Basic understanding: What if I told you, that your most precious and fundamental values were controlled by others? I guess you most likely would doubt it. It's however both true and inevitable. Dossier context: "Have you ever felt like being that little child who discovered that the Emperor was naked

and that there were no new clothes? What if I told you that the Holy Grail contains the answer to why the little child spoke up and you didn't. This dossier presents a pathway to understanding. You and you alone can decide if you are ready."

The Golden Rule and Odd-fellows Family Companion ,1847

Passage of Darkness Wade Davis,2000-11-09 In 1982, Harvard-trained ethnobotanist Wade Davis traveled into the Haitian countryside to research reports of zombies — the infamous living dead of Haitian folklore. A report by a team of physicians of a verifiable case of zombification led him to try to obtain the poison associated with the process and examine it for potential medical use. Interdisciplinary in nature, this study reveals a network of power relations reaching all levels of Haitian political life. It sheds light on recent Haitian political history, including the meteoric rise under Duvalier of the Tonton Macoute. By explaining zombification as a rational process within the context of traditional Vodoun society, Davis demystifies one of the most exploited of folk beliefs, one that has been used to denigrate an entire people and their religion.
