Michal Rosen-Zvi

Revisiting the Bible Anonymous Christian,2024-02-14 Revisiting the Bible is a free book about the Book of Revelation, artificial super intelligence, fulfilled prophecy, bad apologetics and various insights. This book is rather long with some two-hundred chapters and because of this fact it cannot be easily summarized. That said the foremost purpose of this book is a detailed commentary on the Book of Revelation to explain the nature of the beast, or the antichrist, and the mysteries of God. Although given the length of the commentary there is more theology than talk about the beast or artificial super intelligence. The book is also available as a completely free download on my website.

Paul E. P. Sanders,2009 Missionary, theologian, and religious genius, Paul is the most powerful human personality in the history of the Church. His epistles laid the foundations on which later Christian theology was built. In his original introduction to the disciple's life and thought, E. P. Sanders, whose research on Paul has significantly influenced recent scholarship, pays equal attention to analyze Paul's gospel and to explore his fundamental--and sometimes contradictory--convictions.
