**Daniel Rose**

The Three Waves of Volunteers & the New Earth Dolores Cannon, In 1945 when the atomic bombs were dropped in WWII, our protectors and watchers in outer space saw that Earth was on a collision course with disaster. The prime directive of non-interference prevented them from taking any action, but then they came up with a brilliant plan to save Earth and assist her in her ascension. They couldn't interfere from the outside, but maybe they could influence from the inside. So the call went out for volunteers to come and help. Earth is in trouble - who wants to volunteer? The native souls living on Earth were too caught up on the wheel of karma. The only hope was to ask for pure souls to come who had never been trapped on the karmic cycle. Dolores in her hypnosis work has discovered three waves of these volunteers. Some have come direct from the Source and have never lived in any type of physical body before. Others have lived as space beings on other planets or other dimensions. Because all memory is erased upon entry to the Earth dimension, they do not remember their assignment. Thus these beautiful souls have a difficult time adjusting to our chaotic world. These souls have a vital role to play as they help all of the rest of us ascend to the New Earth. \* Characteristics of the Three Waves of Volunteers \* The Difficulties being Experienced by First-Timers \* How the Shift is affecting the Physical Body \* The Roles of ETs and Light Beings in the Shift \* Keepers of the Grid \* The Separation of the Old and New Earth \* What is the New Earth? \* What is the Significance of 2012?

*Memoirs of Awakening* Jerry L Staley III, 2024-09-03 Everything seen and unseen that exists in our universe consists of pure energy, light which resonates as vibratory frequency. We are light beings; our energy is something we put out into the world. When we notice and become one with this sacred interconnectedness of all things, we begin to take more responsibility for the energy we radiate. The sheer bliss of discovering your oneness with Source is inherent and magical, and the rise of kundalini which enables it is a most precious blessing. As you begin to remember who you are on a soul level, there also exists a radical and sometimes debilitating process of letting go and embracing and embodying a profound paradigm shift. In this book, the author explores a series of events which introduced him to this unseen energetic world and led him down a path of no return, to the true nature of existence. Story by story, he begins to see himself not only as a being of light, one whose existence is full of supernatural splendor and miraculous healing ability, but as an example and a

reminder of the joys and responsibilities that accompany spiritual awakening. This story leaves out none of the high highs and the low lows.

*Dogs at Large* Daniel Rose, 2018-05-10 *Dogs at Large* weaves together the struggles of two women as they confront the slings and arrows of our Matrixed world. Because they live in the information age, they have turned to the Internet for guidance with their current conflicts. Here they discover a double edged sword for, although information may be powerful, too much can be overwhelming. They soon realize that a fine line exists in cyberspace ranging from the usual array of charlatans and false prophets to a remarkable community of like-minded people whose goal is to save the planet. It is to the later that this book is dedicated. On one level this is a story about how we go to bat for what we love the most. On another, it is as multi-dimensional as the changes that are in store for the human race. To sum it all up: God is truly alive; magic is truly afoot.
