A Daring Faith in a Cowardly World Ken Harrison, 2022-06-28 Are you ready to stop wasting time and start turning your mundane life into one of adventure and blessing? Ken Harrison, Chairman and CEO of Promise Keepers, masterfully weaves together powerful stories and deep truths from Scripture to point you to the life for which God has called you. Ask Christians what they expect to happen to them after they die, and most will say they will go to heaven. And they'll probably say that they will meet Jesus and hope to hear Him say, "Well done good and faithful servant." But many believers know they are not living up to God's calling on their lives. In fact, many might even admit their lives don't honor God at all—at least Mondays through Saturdays. In *A Daring Faith in a Cowardly World*, Ken Harrison masterfully uses his stories as a Los Angeles police officer in one of the deadliest areas of the country to explain and illustrate deep truths from God's Word. This isn't your typical inspirational book—it's a hard-hitting work that packs a lot of truth into an easy-to-read page-turner. Each chapter starts and ends with a gripping story that has a twist, a "rest of the story" at the end of the chapter, and packs intense biblical truth and wisdom in the middle. You will: Have a clear picture of what being a true follower of Christ looks like and how to become one Gain insightful truths that lead to genuine "Aha!" moments in your life Experience stories you won't forget and that create a lasting change to your faith Learn what the Bible says about the myriad of issues in today's culture Are you ready to take the first step towards a more courageous and bold life lived in Jesus? In *A Daring Faith in a Cowardly World*, find the motivation

you've been longing for.

Unfit to Fight Amber Smith, 2024-04-30 Our Woke Military Could Lose the Next War Wokeness used to be an annoying distraction in the U.S. military. Now it is a major threat to national security. Faster than most of us thought possible, our military has become a woke, dysfunctional bureaucracy focused not on winning wars but on identity politics, gender ideology, climate change, and other favored causes of the leftist elite. Don't think that China isn't watching. Don't think that Russia, Iran, and North Korea haven't noticed. But so has Amber Smith, a former U.S. Army combat helicopter pilot and Deputy Assistant to the Secretary of Defense. In her riveting new book, *Unfit to Fight*, she sounds the alarm that our military and our nation are at grave risk. In *Unfit to Fight*, you'll learn: Why the military should not "reflect American society," but be a select group of lethal professionals How the Pentagon rewards lowered standards for the sake of "diversity" Why failure often leads to promotion—if you have the right friends Why a return to combat merit, battlefield mission, and trust in leadership are essential—or we will lose our next war Elections, as they say, have consequences, and catastrophic damage to national security is among the most important. Amber Smith's *Unfit to Fight* needs to be in the hands of everyone who cares about our military and our survival as a nation.

The Highest Law in the Land Jessica Pishko, 2024-09-17 Shortlisted for Columbia Journalism School's J. Anthony Lukas Prize A Publishers Lunch NonFiction Buzz Book| Named Most Anticipated by Los Angeles Times A leading authority on sheriffs investigates the impunity with which they police their communities, alongside the troubling role they play in American life, law enforcement, and, increasingly, national politics. The figure of the American sheriff has loomed large in popular imagination, though given the outsize jurisdiction sheriffs have over people's lives, the office of sheriffs remains a gravely under-examined institution. Locally elected, largely unaccountable, and difficult to remove, the country's over three thousand sheriffs, mostly white men, wield immense power—making arrests, running county jails, enforcing evictions and immigration laws—with a quarter of all U.S. law enforcement officers reporting to them. In recent years there's been a revival of "constitutional sheriffs," who assert that their authority supersedes that of legislatures, courts, and even the president. They've protested federal mask and vaccine mandates and gun regulations, railed against police reforms, and, ultimately, declared themselves election police, with many endorsing the "Big Lie" of a stolen presidential election. They are embraced by far-right militia groups, white nationalists, the Claremont Institute, and former president Donald Trump, who sees them as allies in mass deportation and border policing. How did a group of law enforcement officers decide that they were "above the law?" What are the stakes for local and national politics, and for America as a multi-racial democracy? Blending investigative reporting, historical research, and political analysis, author Jessica Pishko takes us to the roots of why sheriffs have become a flashpoint in the current politics of toxic masculinity, guns, white supremacy, and rural resentment, and uncovers how sheriffs have effectively evaded accountability since the nation's founding. A must-read for fans of Michelle

Alexander, Gilbert King, Elizabeth Hinton, and Kathleen Belew.

Mysticism in Newburyport Peter James Ford, 2023-02-19 MYSTICISM IN NEWBURYPORT is a seven-book series revealing ancient secrets from masters of all cultures along with modern-day breakthroughs by scientists and quantum physicists of our times. These tales began flowing after Peter's powerful spiritual awakening in Newburyport, Massachusetts. Newburyport is a quaint little, historic seaport on the coast heading towards New Hampshire. Peter had been sober in the 12-step recovery program for many years and had recovered from his alcoholism. Peter's love of Nature had brought him to the Newburyport area. This area is rich with Nature's treasures, Native American Heritage and many tales from the tall cargo ships of olden days. High street was lined with homes of these Sea Captains. Peter's awakening had given him new eyes and new highly evolved senses. Peter was to have powerful past lives experience with his Mystery Woman guide named Layne. Layne was a mystic that would tell people things about themselves that there was no way she could know. She would look you in the eyes and tell you your deepest secrets. She also knew about the Earth's electromagnetic grids and helped Peter understand what he was experiencing in Newburyport. Peter's new heightened senses could feel the electromagnet flow of energy and the convergence right below Market Square in Newburyport. Market Square was one of the crossroads for these powerful electromagnet energies that gives life to our planet. Peter was to share the secrets that were revealed to him in his writings.

Hard Times Create Strong Men Stefan Aarnio, 2019-04 This book is raw, real and politically incorrect, it will threaten and challenge your ideas of what does it mean to be a man and how to better serve your purpose.

Our Shared Storm Andrew Dana Hudson, 2022-04-05 Through speculative fiction, five interlocking novelettes explore the possible realities of our climate future. What is the future of our climate? Given that our summers now regularly feature Arctic heat waves and wildfire blood skies, polar vortex winters that reach all the way down to Texas, and "100-year" storms that hit every few months, it may seem that catastrophe is a done deal. As grim as things are, however, we still have options. Combining fiction and nonfiction and employing speculative tools for scholarly purposes, *Our Shared Storm* explores not just one potential climate future but five possible outcomes dependent upon our actions today. Written by speculative-fiction writer and sustainability researcher Andrew Dana Hudson, *Our Shared Storm* features five overlapping fictions to employ a futurist technique called "scenarios thinking." Rather than try to predict how history will unfold—picking one out of many unpredictable and contingent branching paths—it instead creates a set of futures that represent major trends or counterposed possibilities, based on a set of climate-modeling scenarios known as the Shared Socioeconomic Pathways (SSPs). The setting is the year 2054, during the Conference of the Parties global climate negotiations (a.k.a., The COP) in Buenos Aires, Argentina. Each story features a common cast of characters, but with events unfolding differently for them—and human society—in each alternate universe. These five scenarios highlight the political, economic, and cultural

possibilities of futures where investments in climate adaptation and mitigation promised today have been successfully completed, kicked down the road, or abandoned altogether. From harrowing to hopeful, these stories highlight the choices we must make to stabilize the planet. Our Shared Storm is an experiment in deploying practice-based research methods to explore the opportunities and challenges of using climate fiction to engage scientific and academic frameworks.

GOD SAW YOU Robert E. Carpenter D.D.S,2025-08-11 In God Saw You, Dr. Carpenter takes the reader through a fascinating journey that focuses on the modern sciences of genetics and biochemistry, uniting them with the mysteries of the kingdom of God. Over 1,400 footnotes are presented on the page, referring to them so the reader has immediate access to the truths presented. Modern science and the Holy Scriptures conflict with each other. On these pages, the battle lines are reduced unapologetically from assumptions, possibilities, hypotheses, and theories to raw truths, many of which you might find to be inconvenient. The author finds an amazing number of scriptures that deal with genetics, ranging from simple concepts (such as seeds and conception) to complex references to DNA and the human genome. The book's real pay dirt is when he reveals the beautiful spiritual truths that are metaphorically parallel to these physical sciences. This is the true sense of the word apocalypse, meaning an unveiling. The entire Bible is an apocalypse...an unveiling of who God is, His kingdom, His expectations, and all of history-past, present, and future. This book does just that, lifting the veil off of familiar scriptures and revealing the rich and thrilling images previously hidden in the mysteries of God's Word. Get ready to see into the mind of God as He planned and programmed your genome. As King David said in Psalm 139, Your eyes saw my substance, being yet unformed, and in Your book, they all were written...when as yet there were none of them. How precious also are Your thoughts to me, O God! How great is the sum of them! Yes, God actually Saw You. And when you see that, you will never be the same again.

How to Succeed Where Strong Men Fail Mark Johnson,2000-03-07 Within us, God has placed the need to find

acceptance, fulfillment, success, attachment, and worthwhile reward in life in order to be truly happy. In this way, He gets us to turn to Him and discover the only lasting satisfaction this life offers. Often, our bondage to fear and shame can make up barriers that keep us from turning to God for help. Dr. Johnson calls this bondage the Samson Complex and shows us its underlying causes. Each chapter point is reinforced with helpful charts and acronyms, thought provoking questions, and activities to help apply these Biblical principles. The Samson test, that's included, identifies what happens if we try to meet our own spiritual needs without God's help.
