

Historia De Corrientes Resumen

Daniel Schávelzon

Una historia corriente Marcos Sánchez Fernández, 2025-02-07 Una historia corriente nos relata la vida de León, un hombre de mediana edad que, tras quebrar su negocio con la crisis económica de 2008 y que tanto afectó a muchísimas familias españolas, se ve abocado a vivir en las calles de Madrid sin nada más que una vaga esperanza y una última oportunidad de poder recuperar todo lo que un día tuvo, incluidos su mujer y sus hijos. Sin un techo bajo el que refugiarse y sin nadie a quien acudir para pedir ayuda, León deambula por las calles madrileñas, esas que una vez lo vieron prosperar y triunfar tanto en el plano económico como familiar, con la férrea certeza de que esta vida nueva que se le ha impuesto no le pertenece, que no la merece, que tiene que cambiar. Adentrándonos por momentos en los pensamientos del personaje, este libro nos aleja de las historias idílicas que tan comúnmente nos encontramos en el mundo literario para profundizar en la cruel realidad de las personas sin hogar, en las situaciones a las que se enfrentan en el día a día, en sus miedos, sus esperanzas y, trágicamente, en el rechazo y la indiferencia de aquellos que piensan que nunca terminarán así. Se trata de una aguda crítica a la sociedad materialista en la que vivimos, en la que una persona vale el dinero que tenga o lo que posea, y a cómo estas personas sin hogar pasan a ser a ojos del resto meros números sin una vida propia, sin una historia que contar, sin nada que ofrecer.

Mejor olvidar Daniel Schávelzon,2008 This book reviews over a century of history of what has been done, or wanted to do, or what not done, with regard to the national historic architectural patrimony in Argentina with detailed case studies for the many projects of conservation and restoration from colonial to 20th century. A critical and incisive study that gives details of the achievements while trying to rediscover the lost thread in creating a coherent public and private policy. With a scholarly method the author proceeds case by case, with much rigor, in the first history of the subject and the projects. The author is a renowned specialist in heritage preservation, principal investigator of CONICET, Professor who directs the Center for Urban Archaeology, University of Buenos Aires.

The Colonial History of Paraguay Adalberto Lopez,2017-07-12 The Paraguayan revolt of 1721-1735 was the first of several events that presaged the Hispanic American Independence movements of the early nineteenth century. Existing works on the revolt, though, are either too short, superficial, or inaccurate. The Colonial History of Paraguay is an original contribution to the scholarship on this crucial period in Paraguay's history. More than a detailed account of the revolt, the work provides an overview of Paraguay in the sixteenth and seventeenth centuries, combining politics, economics, and social analysis into an integrated whole. It is the first modern study of a little-known yet significant portion of Hispanic-American history.
