**Christian G. Meyer**

**Northern Paiutes of the Malheur** David H. Wilson, 2022-05 2023 Oregon Book Award Finalist In 1870 a twenty-six-year-old Paiute, Sarah Winnemucca, wrote to an army officer requesting that Paiutes be given a chance to settle and farm their ancestral land in Oregon Country. The eloquence of her letter was such that it made its way into Harper's Weekly. Ten years later, as her people languished in confinement as a result of the Bannock War, she convinced Secretary of the Interior Carl Schurz to grant the requests in her letter and to free the Paiutes as well. Schurz's decision unleashed a furious campaign of disinformation by the Bureau of Indian Affairs, cattlemen, and settlers, overturning Schurz's decision, sweeping truth aside, and falsely branding Paiute chief Egan as instigator of the war. To this day histories of the Paiutes appear to be unanimous in their mistaken claim that Egan led his Paiutes into the Bannock War. Indian agents' betrayal of the people they were paid to protect saddled Paiutes with responsibility for a war that most opposed and that led to U.S. misappropriation of their land, their only source of life's necessities. With neither land nor reservation, Paiutes were driven more deeply into poverty and disease than any other Natives of that era. In *Northern Paiutes of the Malheur* David H. Wilson Jr. pulls back the curtain to reveal what government officials hid—exposing the full jarring injustice and, after 140 years, recounting the Paiutes' true and proud history for the first time.

*Atlas of the Indian Tribes of North America and the Clash of Cultures* Nicholas J. Santoro, 2009 Atlas of the Indian Tribes of the Continental United States and the Clash of Cultures The Atlas identifies of the Native American tribes of the United States and chronicles the conflict of cultures and Indians' fight for self-preservation in a changing and demanding new world. The Atlas is a compact resource on the identity, location, and history of each of the Native American tribes that have inhabited the land that we now call the continental United States and answers the three basic questions of who, where, and when. Regretfully, the information on too many tribes is extremely limited. For some, there is little more than a name. The history of the American Indian is presented in the context of America's history its westward expansion, official government policy and public attitudes. By seeing something of who we were, we are better prepared to define who we need to be. The Atlas will be a convenient resource for the casual reader, the researcher, and the teacher and the student alike. A unique feature of this book is a master list of the varied names by which the tribes have been known throughout history.

**Finding Nevada Wild** Sydney Martinez, 2025-09-15 When many people think of Nevada, they think of Las Vegas, Area

51, and an unending, empty desert—but there's a lot more to the Great Basin State than that. Author and dedicated Nevada aficionado Sydney Martinez has devoted many years to exploring the ultra-rural wonders of Nevada, and in *Finding Nevada Wild*, she helps fellow adventurers get to know an often-misunderstood state. Written from the perspective of someone who has researched, visited, and experienced many of Nevada's most defining places, *Finding Nevada Wild* features chapters devoted to various interests and activities. Vivid photography accompanies personal stories and practical guidance to show why Nevada should be at the top of everyone's must-experience list. Key Features • Sections focusing on Nevada ghost towns and mining camps, darkness and quietness, camping, hot springs, great drives, rural bars, trails and streams, geology, and the people of Nevada • A personally curated list of the must-see places in ultra-rural Nevada that most people won't ever know • Historical and first-person experiential insights into Nevada's vast Indigenous, Basque, and Buckaroo legacies • Practical tips for navigating throughout some of the Lower 48's most isolated places Offering a combination of content and design that is as equally at home on a coffee table as it is serving as a guidebook for unforgettable adventures in Nevada's ultra-rurals, *Finding Nevada Wild* helps readers to discover the true essence of the Silver State.

Between Worlds Frances E. Karttunen, 1994 Spanning the globe and the centuries, Frances Karttunen tells the stories of sixteen men and women who served as interpreters and guides to conquerors, missionaries, explorers, soldiers, and anthropologists. These interpreters acted as uncomfortable bridges between two worlds; their own marginality, the fact that they belonged to neither world, suggests the complexity and tension between cultures meeting for the first time. Some of the guides were literally dragged into their roles; others volunteered. The most famous ones were especially skilled at living in two worlds and surviving to recount their experiences. Among outsiders, the interpreters found protection, sustenance, recognition, intellectual companionship, and employment, yet most of the interpreters ultimately suffered tragic fates. *Between Worlds* addresses the broadest issues of cross-cultural encounters, imperialism, and capitalism and gives them a human face.

**Desperate Passage** Ethan Rarick, 2008-02-04 Drawing on fresh archaeological evidence, recent research on topics ranging from survival rates to snowfall totals, and heartbreaking letters and diaries made public by descendants a century-and-a-half after the tragedy, Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal: a mother who must divide her family, a little girl who shines with courage, a devoted wife who refuses to abandon her husband, a man who risks his life merely to keep his word. But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal pioneer heroes. The Donner Party, Rarick writes, is a story of hard decisions that were neither heroic nor villainous. Often, the emigrants displayed a more realistic and typically human mixture of generosity and selfishness, an alloy born of necessity.

**The WPA Guide to 1930s Nevada** ,1991 When Las Vegas boasted two motion picture theatres and the University of Nevada student population reached a high of twelve hundred, the original edition of The WPA Guide to 1930s Nevada was just coming off the press. First published in 1940 as Nevada: A Guide to the Silver State, part of the Work Projects Administration's American Guide Series, the book remains one of Nevada's premier tour and travel volumes. The WPA Guide to 1930s Nevada includes material on the state's geography and geology, plant and animal life, churches and schools. The native population is discussed, as are the arts, mining, ranching, press, sports, and recreation during the 1930s. The period photographs spread throughout the volume give an excellent picture of Nevada in the early part of the twentieth century and complement the profiles of thirty cities and eight detailed tour descriptions that follow the pattern of the major highway through the state.
