1967 Annual Supplement John B. Simeone, Alfred de Grazia, Carl E. Martinson, 2013-12-01

The Cold War Priscilla Roberts, 2018-12-07 This detailed two-volume set tells the story of the Cold War, the dominant international event of the second half of the 20th century, through a diverse selection of primary source documents. One of the most extensive to date, this set of primary source documents studies the Cold War comprehensively from its beginning, with the emergence of the world's first communist government in Russia in late 1917, to its end, in 1991. All of the key events, including the Berlin Blockade, the Korean War, the Cuban Missile Crisis, the Vietnam War, and the nuclear arms race, are discussed in detail. The primary sources provide insight into the thinking of all participants, drawing on Western, Soviet, Asian, and Latin American perspectives. In *The Cold War: Interpreting Conflict through Primary Documents* primary documents are organized chronologically, allowing readers to appreciate the ramifications of the Cold War within a clear time frame. Extensive interpretive commentary provides in-depth background and context for each document. This work is an indispensable reference for all readers seeking to become deeply knowledgeable about the Cold War.

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War, from its

ignition in the ashes of World War II, through the Berlin Wall and the Cuban Missile Crisis, to the collapse of the Soviet Union in 1991. The Cold War superpower face-off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material.

Black Baseball, 1858-1900 James E. Brunson III, 2019-04-22 This is one of the most important baseball books to be published in a long time, taking a comprehensive look at black participation in the national pastime from 1858 through 1900. It provides team rosters and team histories, player biographies, a list of umpires and games they officiated and information on team managers and team secretaries. Well known organizations like the Washington's Mutuals, Philadelphia Pythians, Chicago Uniques, St. Louis Black Stockings, Cuban Giants and Chicago Unions are documented, as well as lesser known teams like the Wilmington Mutuals, Newton Black Stockings, San Francisco Enterprise, Dallas Black Stockings, Galveston Flyaways, Louisville Brotherhoods and Helena Pastimes. Player biographies trace their connections between teams across the country. Essays frame the biographies, discussing the social and cultural events that shaped black baseball. Waiters and barbers formed the earliest organized clubs and developed local, regional and national circuits. Some players belonged to both white and colored clubs, and some umpires officiated colored, white and interracial matches. High schools nurtured young players and transformed them into powerhouse teams, like Cincinnati's Vigilant Base Ball Club. A special essay covers visual representations of black baseball and the artists who created them, including colored artists of color who were also baseballists.

Part I provides a historical overview of modern international terrorism and how it relates to the United States, its news media, and its film industry. Part II covers depictions of terrorism during the Cold War under President Reagan, including films like *Commando* and *Iron Eagle*. Part III covers the Hollywood terrorist after the Cold War, including European terrorists in the *Die Hard* franchise, *Passenger 57*, *Patriot Games*, *Blown Away*, *The Jackal* and *Ronin*; fundamentalist Islamic terrorists in *True Lies* and *Executive Decision*; the return of the communist threat in *Air Force One*; and 9/11 foreshadowing in *The Siege*.
