Gender and Activism Mieke Aerts,2015 This 'Yearbook' attends to various ways in which women were active and organized themselves in order to question sex and gender related issues in the political arena. Covering a diverse range of cultures and political situations the Yearbook discusses how women protested against perceived religious suppression; actively participated in local democratic political institutions whilst not really changing gender-roles; or discussed experienced discrepancies between socialism and feminism. How do women find their ways in democratic systems of governance? What do these systems offer them in terms of emancipation and involvement in political decision making affecting their lives?

Leading with Integrity Michael Smith,2019-06-17 Thanks to global news and social media, we are the most informed

and socially conscious generation in history. But what are the sources of inner inspiration that guide our daily conduct and motivations in the workplace? Far from the old Machiavellian dictum that the ends justify the means, the reverse is often the case: the means determine the ends. This book presents the stories of business leaders who have aimed to build trust in the economy, and have delivered value through integrity, cooperation, stewardship, purpose and sustainability. It proposes the eight Cs of trust which can define the culture of organizations: contracts, covenants, competences, character, conscience, conviction, courage and change. The book makes the clear link between personal decision-making and global outcomes and demonstrates how positive decision-making can lead to change inside organizations and beyond.

Do Not Go Quietly George Cappannelli,Sedena Cappannelli,2014-12-01 Winner of 9 national book awards, Do Not Go Quietly is an inspiring call to action and guide to a life of greater meaning, consciousness, and passion for those who weren't born yesterday—GenXers, Boomers, and Elders. It also speaks honestly and eloquently to those under 40 who want to better navigate the path ahead and better understand the world for which they will soon be responsible. It reminds us all that when we turn away from what we are passionate about, we dim the light of our intellect, depress our energies, diminish our health, and prevent ourselves from achieving the very thing we came here to this earth to accomplish—living the lives we were born to live. So, if you are in, or are approaching the second half of life, this book invites you to take the matter of how and why you live back into your own hands. It encourages you to use the tremendous power and resources available to you to ensure that you do not slip quietly and meekly into the background, but instead live your life with the dignity, purpose, and quality of experience you deserve.
