The Tell-Tale Heart Edgar Allan Poe,2013-11-29 The Tell-Tale Heart is a short story by Edgar Allan Poe first published in 1843. It is told by an unnamed narrator who endeavors to convince the reader of his sanity, while describing a murder he committed. (The victim was an old man with a filmy vulture eye, as the narrator calls it.) The murder is carefully calculated, and the murderer hides the body by dismembering it and hiding it under the floorboards. Ultimately the narrator's guilt manifests itself in the form of the sound - possibly hallucinatory - of the old man's heart still beating under the floorboards.It is unclear what relationship, if any, the old man and his murderer share. The narrator denies having any feelings of hatred or resentment for the man. He states: 'I loved the old man! He had never wronged me! He had never given me insult!'. He also denies the assumption that he killed for greed: 'Object there was none.', 'For his gold I had no desire.' It has been suggested that the old man is a father figure, the narrator's landlord, or that the narrator works for the old man as a servant, and that perhaps his vulture eye represents some sort of veiled secret, or power. The ambiguity and lack of details about the two main characters stand in stark contrast to the specific plot details leading up to the murder.

The Tell-Tale Heart is widely considered a classic of the Gothic fiction genre and one of Poe's most famous short stories. TRUE! - nervous - very, very dreadfully nervous I had been and am; but why will you say that I am mad? The disease had sharpened my senses - not destroyed - not dulled them. Above all was the sense of hearing acute. I heard all things in the heaven and in the earth. I heard many things in hell. How, then, am I mad? Hearken! and observe how healthily - how calmly I can tell you the whole story. It is impossible to say how first the idea entered my brain; but once conceived, it haunted me day and night. Object there was none. Passion there was none. I loved the old man. He had never wronged me. He had never given me insult. For his gold I had no desire. I think it was his eye! yes, it was this! He had the eye of a vulture - a pale blue eye, with a film over it. Whenever it fell upon me, my blood ran cold; and so by degrees - very gradually - I made up my mind to take the life of the old man, and thus rid myself of the eye forever. Now this is the point. You fancy me mad. Madmen know nothing. But you should have seen me. You should have seen how wisely I proceeded - with what caution - with what foresight - with what dissimulation I went to work! I was never kinder to the old man than during the whole week before I killed him. And every night, about midnight, I turned the latch of his door and opened it - oh so gently! And then, when I had made an opening sufficient for my head, I put in a dark lantern, all closed, closed, so that no light shone out, and then I thrust in my head. Oh, you would have laughed to see how cunningly I thrust it in! I moved it slowly - very, very slowly, so that I might not disturb the old man's sleep.

Edgar Allan Poe's short story 'The Tell-Tale Heart' - an analysis Tobias Nitschke, 2012-07-30 Pre-University Paper from the year 2012 in the subject Didactics for the subject English - Literature, Works, grade: 1,0, , language: English, abstract: This Seminararbeit shall deal with the short story 'The Tell-Tale Heart' by one of the most famous American writers, Edgar Allan Poe. In the following pages, one will firstly be introduced to the author and his historical background, the American Romantic Movement with the subgenres Dark Romanticism and Gothic fiction. Afterwards, the short story will be analyzed regarding its content, literary devices and linguistic means, especially in the end. Furthermore, I wanted to think out of the box and therefore included a personal diagnosis regarding the narrator's psychological disorders. Rounding up this

paper, I rewrote the short story by looking at it from a different perspective – my piece is told by the old man who is assassinated and can thereby answer some questions that have so far remained insoluble.
