Handbook of Spanish-English Translation Lucía V. Aranda,2007 The Handbook of Spanish-English Translation is a lively and accessible book for students interested in translation studies and Spanish. This book details the growth of translation studies from Cicero to postcolonial interpretations of translation as rewriting. It examines through examples the main issues involved in translation and interpretation, such as text types, register, interference, equivalence and untranslatability. The chapters on interpretation and audiovisual translation and the comparative analysis of Spanish and English are especially significant. The second part of the book offers a rich compilation of diverse Spanish and English texts (academic, literary, and government writings, comic strips, brochures, movie scripts and newspapers) and their published translations, each with a brief introduction by Professor Aranda.

Latín-Español Santiago Segura Munguía,2001 La presente obra, que desarrolla y actualiza el contenido del anterior Diccionario etimológico latín-español, del mismo autor, ofrece una serie de novedades. Además del estudio del léxico neolatino (español, gallego, portugués, catalán, italiano, rumano y provenzal), aporta una exposición, mucho más amplia, de las palabras francesas e inglesas derivadas del latín e incluye numerosas voces de la lengua vasca procedentes, directa o indirectamente, de la latina. La cuarta edición del presente Nuevo diccionario etimológico Latín-Español y de las voces derivadas, además de un diccionario Español-Latín, ofrece las repercusiones de la lengua del Lacio en las principales lenguas

romances, así como en el inglés, el alemán y el euskera. Para facilitar el conocimiento del léxico científico, junto a las voces derivadas del latín en estas lenguas, añade las procedentes de las voces griegas relacionadas con las latinas por su origen o por su significado.
