Get Free Tricia Ebarvia, 2023-10-10 What would it mean to truly get free as an educator? How can we identify and challenge bias in our reading and writing curriculum and instruction? How can we support students in becoming empathetic, engaged individuals who can communicate with the world through reading and writing skills developed with compassion and critical thinking? Answering these questions requires deep personal reflection and intentional daily practice — and it's crucial today more than ever, when students are overwhelmed with misinformation and disinformation. Drawn from decades of classroom experience and founded on the scholarship of social justice educators, Tricia Ebarvia provides a framework that can help teachers implement transformative, anti-bias literacy instruction in middle- and high school classrooms. Get Free offers educators Strategies for scaffolding literacy instruction in ways that center students' identities and experiences, and help them develop a more inclusive understanding of literature and writing. Classroom structures and routines that support critical listening and open, authentic conversation and writing responses. Invitations for teachers to re-examine curriculum and instructional practices, based on a deeper sense of who we are and what we bring to every reading and writing experience. To develop stronger reading, writing, and critical thinking skills, antibias literacy instruction is essential. This is the book for teachers, new and experienced, who know that classrooms can be transformative, liberatory spaces where students better understand themselves, others, and the world. Imagine the possibilities if we could just get free...

Free as Gods Charles A. Riley, II, 2017-06-06 Among many art, music and literature lovers, particularly devotees of modernism, the expatriate community in France during the Jazz Age represents a remarkable convergence of genius in one place and period - one of the most glorious in history. Drawn by the presence of such avant-garde figures as Joyce and Picasso, artists and writers fled the Prohibition in the United States and revolution in Russia to head for the free-wheeling scene in Paris, where they made contact with rivals, collaborators, and a sophisticated audience of collectors and patrons. The outpouring of boundary-pushing novels, paintings, ballets, music, and design was so profuse that it belies the brevity of the era (1918-1929). Drawing on unpublished albums, drawings, paintings, and manuscripts, Charles A. Riley offers a fresh examination of both canonic and overlooked writers and artists and their works, by revealing them in conversation with one another. He illuminates social interconnections and artistic collaborations among the most famous - Fitzgerald, Hemingway, Gershwin, Diaghilev, and Picasso - and goes a step further, setting their work alongside that of African Americans such as

Sidney Bechet, Archibald Motley Jr., and Langston Hughes, and women such as Gertrude Stein and Nancy Cunard. Riley's biographical and interpretive celebration of the many masterpieces of this remarkable group shows how the creative community of postwar Paris supported astounding experiments in content and form that still resonate today.

The Cambridge Companion to Narrative David Herman, 2007-07-19 The Cambridge Companion to Narrative provides a unique and valuable overview of current approaches to narrative study. An international team of experts explores ideas of storytelling and methods of narrative analysis as they have emerged across diverse traditions of inquiry and in connection with a variety of media, from film and television, to storytelling in the 'real-life' contexts of face-to-face interaction, to literary fiction. Each chapter presents a survey of scholarly approaches to topics such as character, dialogue, genre or language, shows how those approaches can be brought to bear on a relatively well-known illustrative example, and indicates directions for further research. Featuring a chapter reviewing definitions of narrative, a glossary of key terms and a comprehensive index, this is an essential resource for both students and scholars in many fields, including language and literature, composition and rhetoric, creative writing, jurisprudence, communication and media studies, and the social sciences.

The Shanghai Free Taxi Frank Langfitt, 2019-06-11 As any traveler knows, some of the best and most honest conversations take place during car rides. So, when a long-time NPR correspondent wanted to learn more about the real China, he started driving a cab--and discovered a country amid seismic political and economic change. China--America's most important competitor--is at a turning point. With economic growth slowing, Chinese people face inequality and uncertainty as their leaders tighten control at home and project power abroad. In this adventurous, original book, NPR correspondent Frank Langfitt describes how he created a free taxi service--offering rides in exchange for illuminating conversation--to go beyond the headlines and get to know a wide range of colorful, compelling characters representative of the new China. They include folks like Beer, a slippery salesman who tries to sell Langfitt a used car; Rocky, a farm boy turned Shanghai lawyer; and Chen, who runs an underground Christian church and moves his family to America in search of a better, freer life. Blending unforgettable characters, evocative travel writing, and insightful political analysis, *The Shanghai Free Taxi* is a sharply observed and surprising book that will help readers make sense of the world's other superpower at this extraordinary moment.
