Seven Planes of Existence Vianna Stibal, 2016-01-26 First developed twenty years ago by Vianna Stibal, ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to witness healings of the physical body, and to identify and change limiting beliefs. This book is for those who have already started to experience the magic of this energy healing modality, and wish to deepen their understanding of the Seven Planes of Existence - the philosophy behind the creation of ThetaHealing. Vianna presents exciting new information to help you take your skill with this work to the next level, and brings the reader into dimensions that she believes to be the beginnings of life itself, on a journey that leads outward, past the universe, to transform beliefs, showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe.

ThetaHealing®: Digging for Beliefs Vianna Stibal, 2019-06-18 In this new title in the Thetahealing series, Vianna Stibal shares an in-depth process to Digging for Beliefs, an integral part of the Thetahealing modality. Thetahealing is a revolutionary technique developed by Stibal that allows a person to enter into a state of deep meditation, tap into the brain's Theta waves and activate incredible healing powers. In the Theta state, we can connect with the Creator of All That Is

through focused prayer and change our own life, and the lives of others. When a Belief has been accepted as real by the mind, it becomes crystallised as a 'Programme' and is placed into the hard-drive of the subconscious, where it acts out those Beliefs, whether or not they are positive or negative. The process of Digging for bottom beliefs in Thetahealing enables us to identify those negative Beliefs and rewire our subconscious, receive positive Downloads from the Creator of All That Is and achieve deep, inner healing. This book is an essential tool for any student of Thetahealing.

When we enter a theta brain state, we can connect to the Creator of All That Is. Discover how to improve this connection to achieve deep inner healing. Founded by Vianna Stibal, ThetaHealing® is a powerful healing modality through which we can change limiting beliefs to receive deep emotional and physical healing. While in the Theta state, we're able to connect with the divine energy that flows through all things: The Creator of All That Is. Vianna is often asked: 'How do I know I'm connected to the Creator, or if it's just my own thoughts?' The true answer is that to know the difference between your thoughts and divine inspiration, you must first understand yourself. This in-depth guide for ThetaHealing practitioners will teach you how to experience knowing yourself on an intimate level, so you can recognize this difference and establish clear and enlightened communication with the Creator. Vianna shares powerful teachings, downloads, exercises, and her own experiences to illustrate how to recognize the belief systems, inner aspects, and subconscious selves preventing you from fully bonding with the energy of the Creator, and how to navigate and understand your own mind. The Creator always communicates from a place of pure, perfect love, and Vianna details a powerful road map for experiencing and strengthening this connection, so that you too can become limitless.

The Healer's Manual Ted Andrews, 1993

Theta Healing : Using Theta Meditation and Other Techniques to Heal Your Body Anthony Blundetto, 2012-12-01 Theta Healing is a technique that was developed by Vianna Stiballs. It is a self-help technique that uses energy to heal the body and the mind. The basic tenets of this technique have to do with the idea that we can all use our fundamental intuitive powers to create change in our lives on a number of different levels. These levels are inclusive of the emotional, the physical and the mental. The idea is that when we get to the place where we can slow our brainwaves to a state of theta that we can receive instant healing to our bodies. The brainwaves that are used in the Theta technique are the ones that are usually utilized in the seconds just between sleep and wakefulness. What happens is that when the brain is in a deeper state of relaxation, the frequency of the brainwaves slows down and then electrical energy waves of different frequencies are produced. When the brainwaves are at their lowest frequency, this is the time when delta waves are created; when an individual is in different states of deep sleep. The second lowest wave frequency is the theta wave and you get to this state when you are in deep meditation or hypnosis.

ThetaHealing®: You and the Creator VIANNA. STIBAL, 2020-10-27 When we enter a theta brain state, we are able to connect to the Creator of All That Is - in this state, we download incredible knowledge that has the power to heal us from the inside out. ThetaHealing is a healing modality that utilizes focused prayer in combination with theta brain waves to enable powerful shifts in subconscious beliefs, transforming them into positive patterns. The one requirement that is absolute with ThetaHealing is the central belief in an energy that flows through all beings: The Creator of All That Is. The Creator goes by many names: God, Allah, Life Force, Yahweh, Goddess, Holy Spirit, Jesus, Source, etc. Whatever name you use for it, it is the driving force of all life on Earth, and the energy that we connect to in a theta brain state to activate spiritual, emotional and physical healing. In her first book, Vianna explained the step-by-step processes of ThetaHealing - belief work, feeling work, digging work and gene work - and offered an introduction to the seven planes of existence. In this book, she gives detailed instructions to connect to the Creator when we have climbed through the seven planes, and, most importantly, the fascinating knowledge that the Creator then shares with us in that state. This knowledge first changed Vianna's life in 1995 and has since transformed thousands of people's lives.
