Shelby Van Pelt

Remarkably Bright Creatures Shelby Van Pelt, 2022-05-03 A New York Times Bestseller Soon to be a Netflix Film A Read With Jenna Today Show Book Club Pick! “Remarkably Bright Creatures is a beautiful examination of how loneliness can be transformed, cracked open, with the slightest touch from another living thing.” -- Kevin Wilson, author of *Nothing to See Here* For fans of *A Man Called Ove*, a charming, witty and compulsively readable exploration of friendship, reckoning, and hope that traces a widow's unlikely connection with a giant Pacific octopus After Tova Sullivan’s husband died, she began working the night shift at the Sowell Bay Aquarium, mopping floors and tidying up. Keeping busy has always helped her cope, which she’s been doing since her eighteen-year-old son, Erik, mysteriously vanished on a boat in Puget Sound over thirty years ago. Tova becomes acquainted with curmudgeonly Marcellus, a giant Pacific octopus living at the aquarium. Marcellus knows more than anyone can imagine but wouldn’t dream of lifting one of his eight arms for his human captors—until he forms a remarkable friendship with Tova. Ever the detective, Marcellus deduces what happened the night Tova’s son disappeared. And now Marcellus must use every trick his old invertebrate body can muster to unearth the truth for her before it’s too late. Shelby Van Pelt’s debut novel is a gentle reminder that sometimes taking a hard look at the past can help uncover a future that once felt impossible.

Summary of Remarkably Bright Creatures Alexander Cooper, 2023-04-24 Remarkably Bright Creatures - A Comprehensive Summary Shelby Van Pelt created the character Tova in *Remarkably Bright Creatures*, based on her Swedish grandmother who coped with grief by constantly keeping busy. The story revolves around various characters who feel trapped and swim in circles, trying to break free from their constraints. Despite the story's human themes, the inspiration for the book came from Van Pelt's writing exercise on an octopus narrator. She was inspired by a viral video of an octopus attempting to escape from a tank and delved deeper into exploring these creatures and their capabilities. Through the character of Marcellus, Van Pelt gained a new perspective on human strengths and weaknesses. Listening to her internal Marcellus allowed her to examine her own behavior and observe the human tendency to justify damaging actions. Van Pelt discovered that viewing things from an external, anthropomorphic perspective can help people see their habits in a new light. The novel opens with Marcellus's perspective, but the central theme is how he encourages people to examine their behavior in a different way. The Paris Express Emma Donoghue,2025-03-18 #1 NATIONAL BESTSELLER From the author of Room, The Wonder, and The Pull of the Stars comes a taut and suspenseful historical novel that reimagines an 1895 French railway disaster, an event famously documented in dramatic photographs The Paris Express is set over a single day, as the morning train travels from the Normandy coast to the capital. Men, women, and children from all over the world take their seats in the passenger cars, which are divided by wealth and status. Among the passengers is an anarchist intent on destruction, a young boy travelling alone, a pregnant woman fleeing her home village for the anonymity of the big city, a medical student who suspects a girl may have a fatal disease, and the railway crew, devoted to the train, to the company, and to each other. Based on an 1895 catastrophe that was captured in a series of surreal photographs, The Paris Express is a thrilling ride and a literary masterpiece full of the politics, fears, and chaos of an era not unlike our own.

Crow Talk Eileen Garvin, 2025-04-29 Nationally bestselling author of *The Music of Bees* Eileen Garvin returns with a moving story of hope, healing, and unexpected friendship set amidst the wild natural beauty of the Pacific Northwest. Frankie O'Neill and Anne Ryan would seem to have nothing in common. Frankie is a lonely ornithologist struggling to salvage her dissertation on the spotted owl following a rift with her advisor. Anne is an Irish musician far from home and family, raising her five-year-old son, Aiden, who refuses to speak. At Beauty Bay, a community of summer homes nestled on the shores of June Lake, in the remote foothills of Mount Adams, it's off-season with most houses shuttered for the fall. But Frankie, adrift, returns to the rundown caretaker's cottage that has been in the hardworking O'Neill family for generations—a beloved place and a constant reminder of the family she has lost. And Anne, in the wake of a tragedy that has disrupted her career and silenced her music, has fled to the neighboring house, a showy summer home owned by her husband's wealthy family. When Frankie finds an injured baby crow in the forest, little does she realize that the charming bird will bring all three lost souls—Frankie, Anne, and Aiden—together on a journey toward hope, healing, and rediscovering joy. *Crow Talk* is an achingly beautiful story of love, grief, friendship, and the healing power of nature in the darkest of times.
