

Women On Top Book

John Richard Griffith

Women on Top Nancy Friday, 1992 This is a compilation of the many letters sent to the author by women sharing their most intimate sexual fantasies about topics such as masturbation, oral sex, sex with more than one man, lesbian sex and anal sex. In her extended introduction to these erotic fantasies the author compares the fantasies of today's women with those featured in her previous book, *My Secret Garden*. She concludes that despite everything the fantasies of the women of the 1990s are more liberated, more experimental and more outrageous than those of the women of the 1970s. She also notes a tendency for younger women to be freer of guilt about explicit sexual fantasizing. Nancy Friday is the author of *Men in Love*.

Women on Top Nancy Friday, OverDrive, Inc, 1991 Nancy Friday's groundbreaking books *My Secret Garden* and *Forbidden Flowers* offered an unprecedentedly detailed and honest look at the inner fantasy lives of ordinary women. In *Women on Top*, Friday returns to this topic, collecting detailed sexual fantasies from over 150 contemporary women from diverse backgrounds. Based on intimate personal interviews and letters, this book updates the conversation opened in her earlier works on women's sexual fantasies, detailing how women's erotic lives have changed over the past few decades--and remained the same. Nancy Friday's seminal works exploring female sexual fantasy have shattered taboos, exposed hidden desires, and opened up a conversation on women and sex that continues to be relevant today.

Women of Power Torild Skard, 2015-03-09 At a time when a woman--Angela Merkel--is arguably the most powerful leader in Europe and another--Hilary Clinton--continues to be at the center of the US political stage, it seems that women have broken through the glass ceiling and begun to populate the highest offices of the political world. *Women of Power* is a testament to that accomplishment, offering the most comprehensive overview of female presidents and prime ministers to date. Looking at over fifty countries and over seventy women leaders since 1960, Torild Skard--herself an experienced politician--examines how and why these women rose to the top and what their leadership has meant for women's empowerment throughout the latter half of the twentieth century. Skard examines the achievements and life stories of the world's female leaders up to the current era. She offers nuanced portraits that draw on a number of materials, including many interviews that she conducted herself. All of the women discussed are organized by both chronology and geography, and Skard includes a number of helpful chapters that provide an overview and assessment of how different women leaders have come to power in different regions. Overall the book provides a fascinating account of women's empowerment as it has

manifested itself at the very top of the political hierarchy.

Women's Best Friendships Patricia Rind,2002 With heartfelt first-person accounts and insightful commentary from the author, this book examines three intertwining themes: feelings of competition, issues of dependence and independence, and knowing/understanding. It sheds light on areas of tension among women, especially difficulties in communication, frustration about not being entirely let into a friend's life and thought processes, and the feeling that one friend may value the friendship more than the other.--BOOK JACKET.
