**Internet Lesbian and Gay Television Series, 1996-2014** Vincent Terrace, 2015-05-23 Created around the world and available only on the Web, internet television series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The third of five volumes on Internet TV series, this book covers 335 alphabetically arranged gay and lesbian programs, 1996-2014, giving casts, credits, story lines, episode descriptions, websites, dates and commentary. A complete index lists program titles and headings for gay, lesbian, bi-sexual, transgender and drag queen shows.

**The Girls in the Back Room** Kelly Hankin, 2002 The first comprehensive study of lesbian bars sheds light on this often overlooked aspect of gay subculture, focusing on the erotic, romantic, and social interactions that happen in such places. Simultaneous. (Social Science)

**The Advocate** , 1997-10-14 The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Black Queer Work of Ratchet Nikki Lane, 2019-11-27 This book enters as a corrective to the tendency to trivialize and (mis)appropriate African American language practices. The word ratchet has entered into a wider (whiter) American discourse the same way that many words in African American English have—through hip-hop and social media. Generally, ratchet refers to behaviors and cultural expressions of Black people that sit outside of normative, middle-class respectable codes of conduct. Ratchet can function both as a tool for critiquing bad Black behavior, and as a tool for resisting the notion that there are such things as “good” and “bad” behavior in the first place. This book takes seriously the way ratchet operates in the everyday lives of middle-class and upwardly mobile Black Queer women in Washington, DC who, because of their sexuality, are situated outside of the norms of (Black) respectability. The book introduces the concept of “ratchet/boogie cultural politics” which draws from a rich body of Black intellectual traditions which interrogate the debates concerning what is and is not “acceptable” Black (middle-class) behavior. Placing issues of non-normative sexuality at the center of the conversation about notions of propriety within normative modes of Black middle-class behavior, this book discusses what it means for Black Queer women’s bodies to be present within ratchet/boogie cultural projects, asking what Black Queer

women's increasing visibility does for the everyday experiences of Black queer people more broadly.
