A Light Shines In The Darkness James Casey,2020-12-17 We all experience at some time the darkness. For some of us,

because of temptation and selfishness, it lasts longer and proves to be more devastating. But one truth remains the same for all of us, a light shines, and no matter how deep the darkness is, it cannot be overcome. Christ is the light of the world, including in our darkness, and when we begin to acknowledge Him, that light begins to shine even more and eventually becomes our guiding light out of the darkness through grace and mercy none of us deserve.

**Beyond the Violation of the Self** William M. Jump, 2008-08 Beyond the Violation of the Self: Getting Your Soul Right is an extraordinary labor of love that is the result of 20 years of case studies by William M. Jump, a clinical psychotherapist/hypnotherapist who specializes in working with individuals suffering from long-standing symptoms and manifestations as a result of childhood traumas. While treating his patients with hypnosis, the author uncovered a world of non-physical helpers who have emerged from his clients to teach and guide him through their individual healing processes. Beyond the Violation provides numerous examples as well as an in depth case study of one such patient, in addition to a ground breaking interview between the author and one of his patient's primary helpers. Through these unique experiences, the author makes a strong case for a much needed paradigm shift in the mental health field in order to combine the deepest understanding of psychological healing with the belief that healing is also done on the soul level. As we have seen medical doctors embrace alternative healing modalities to better treat their patients, so must mental health practitioners to achieve psychological healing and spiritual growth.

**Girls Have Daddy Issues, Boys Have Mommy Issues** Nyeree Amillian Sanchez, 2017-08-15 The book is all about how our romantic relationships are affected by the relationships we have as young people with our parents. Our upbringing, influences and what we are taught to be normalized in our everyday wake of life will determine our failures or successes in building relationships with the opposite sex. I was tired until I finally realized the reason I was getting involved with men of bad character is because I had Daddy Issues. I was looking for the man who abandoned me as a child in the men I dated. Sadly these men had similar issues, they had no fathers and didn't like their mothers; they had Mommy Issues. Learning this about myself helped me dig deeper into the soil and find the ugly truth many people are urged to keep buried. Most people like to lie about their painstaking reality! I wrote about my own and revealed the sole truth of my life's experience of how I developed Daddy Issues and how I identified with the men I encountered that suffered from Mommy Issues!!! This topic is an epidemic in every culture and yet so under discussed! I am calling it all out!

**Roots** Kris Vanc, 2022-12-01 Morgan is done with love. While she's a hopeless romantic, who writes romance novels for a living, she is done. Love and her are calling it quits, and they're over. Moving back home to Charlington, she runs into O, her next door neighbor. And his three friends. O, Jonah, Gil and Dean show Morgan what it's like to just have fun and not look for your soul-mate. But not all is fun and games in Charlington; the boys have a past that has come to bite Morgan in the butt. This book is not about a bad-ass heroine. This book is about a girl, just like you and me, who finds herself in some unlikely

situations and tries to make the best of it. Just like we all do. *Roots* is the first book in a full length Reverse Harem trilogy. Be aware of strong language, graphic sexual scenes, mention of mental health problems and a lot of unnecessary jokes.
