LaUra Schmidt,Aimee Lewis Reau,Chelsie Rivera

Synchronicity C. G. Jung,2013-04-15 To Jung, synchronicity is a meaningful coincidence in time, a psychic factor which is independent of space and time. This revolutionary concept of synchronicity both challenges and complements the physicist's classical view of causality. It also forces us to a basic reconsideration of the meaning of chance, probability, coincidence and the singular events in our lives.

The Enlightenment of Work Steve Nobel,2012-01-01 Work affects most of us at some point in our lives. Work can be a source of growth, connection, and purpose, but too often it is a source of feeling aimless, bullied or manipulated. Sometimes it comes through overarching ambition, striving to climb up the corporate ladder only to find it is leaning in the wrong direction. There are degrees of emotional and physical suffering when we feel anger, misery and unhappiness with unenlightened work. The Enlightenment of Work is about ending that suffering. This book is essential for anyone wishing to: Transform your suffering at work: Suffering can come in many ways. It can come through feeling aimless and bored where the only reason for being there is to collect a salary each month. It can come through stress, overwork and burnout. This book offers a simple philosophy: suffering happens - but we can transform that suffering. Realise their innate gifts, talents and purpose: Most work disconnects us from knowing our authentic self - our essence or soul. Trust your courage, ideas, intuition, and discover your true self. Reclaim their time: Time is your most precious resource and one you cannot afford to waste. However, many of us work in busy environments that leave little time for real thinking or reflection, or for doing anything very new or interesting. Busy and idle minds can get locked into different forms of anxiety about the past and the future. The changing world of work demands emotional and spiritual intelligence. No one has to stay with work that oppresses the spirit. This new world is about choice.

The Awakening Earth Peter Russell,2019-06-07 Originally published in 1982 The Awakening Earth explores the idea of the Earth as a collective, self-regulatory living organism, and considers in this context, the function of the human race. The book provides an exploration of humanity's potential and explores the possibility of mankind's evolutionary future. Drawing on the work of physicists, psychologists, philosophers and mystics, the book argues that humanity is on the verge of another evolutionary leap and explores evolution in the context of spiritual growth, arguing that widespread inner awakenings could lead to a more analogous society, functioning as a single social super-organism, much in the way cells in a body function as a

biological organism.

The laws of Human nature Unity of Universal love ,2023-12-22 Introduction A life of Healing, a life of Health, A life worth living is a life of Wealth. I have practiced over 25 years as a chiropractor and I have learned that most people come to me to treat their pain. I'm sure that most doctors and therapists have the same experience, people want to receive a treatment that will cure their illness. As I treat my patients I'm also analyzing how their problem was created. I'm looking at various factors like diet, lack of exercise, injurious repetitive movements or anything else that could provoke the problem. I'm trying to get the patient to take responsibility for their problem and help me with their treatment. It appears that I'm treating their physical illness but over the years I have come to a new realization, that a person's emotional, mental and spiritual side can also affect their health. The reality of the situation is that we can't separate an illness into a physical, emotional, mental or spiritual ailment, because everything works together. I now understand that attitudes play an essential role in our health and wellbeing. Attitudes have characteristics that are physical, emotional, mental and spiritual. In psychology attitudes are labeled as behavioral (physical), affective (emotional) and cognitive (mental). In this book attitudes have a spiritual side as well, attitudes will have a positive spiritual value or a negative spiritual value. Attitudes that bring people together and unite them has an energy with a positive spiritual value and attitudes that are divisive and cause separation has a negative value. If we have attitudes with a negative spiritual energy then they will cause illness; physical illness, mental illness and emotional illness. We need to adopt attitudes with a positive spiritual energy if we want to stay healthy and grow spiritually. Spiritual growth is there for all of us but we have to make the effort, no one can make us grow spiritually. Looking for someone to cure our ills is a short-term proposition, the long term cure is when we discover what is causing us harm and create a healthy lifestyle. The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness, the 7 chakras and the human aura. We use theories to make sense about what we are observing in life, to explain ideas and interpret facts. The 1st chapter is the Theory of the Oneness of Universal Love, which will present 7 hypotheses. These hypotheses will present facts

and suppositions of facts, which will be followed up by a theory. This is all happening on four energy levels; physical, emotional, mental and spiritual. Life on Earth has to have a reason, our lives aren't an accident and this book presents a logical theory on the how and why of life. This is a book on love and how love works in our lives. With Love and Devotion to All

Joy at Work Steve Ahnael Nobel,2023-04-11 Fun and practical guide to finding joy in your work by applying Buddhist values from MBS mover-and-shaker Steve Nobel. With growing numbers of people feeling discontented at work in a post-pandemic era of the great resignation, Joy @ Work offers essential reading. Whether you are feeling aimless and bored, only hanging on for the monthly wage, stressed, overworked or burnt out, this book offers a simple philosophy: suffering happens – but we can transform it. Using Buddhist principles, Steve Nobel guides us to realising our innate gifts and reconnecting us with our authentic selves. By working through practical exercises and calming meditations you can: Learn to trust your instincts Reframe your limiting beliefs Rediscover your creativity Create coping strategies for when you're stressed Renew your love for work The world of work is evolving and Steve prompts you to change with it; transform your happy, unprofessional life into one of self-worth, passion and purpose. Let loose your trapped potential to find the work you were born to do, whether that is falling back in love with your job or moving on and finding different work that inspires you.

How to Live in a Chaotic Climate LaUra Schmidt,Aimee Lewis Reau,Chelsie Rivera,2023-08-08 A 10-step holistic guide to help you cope with the climate crisis—from the founders of the Good Grief Network. Eco-distress is real. How to Live in a Chaotic Climate is here to help you rediscover meaning, joy, and connection as the tumult around us increases. Based on the Good Grief Network's acclaimed 10 Steps to Resilience and Empowerment in a Chaotic Climate program, this book unpacks the social, political, and spiritual nuances of the climate emergency, step by step. 1. Accept the Severity of the Predicament 2. Be with Uncertainty 3. Honor My Mortality and the Mortality of All 4. Do Inner Work 5. Develop Awareness of Biases and Perception 6. Practice Gratitude, Seek Beauty, and Create Connections 7. Take Breaks and Rest 8. Grieve the Harm I Have Caused 9. Show Up 10. Reinvest in Meaningful Efforts Each step includes practices that draw on meditation, mindfulness, journaling, dance, somatics, and self-inquiry to help readers cope with overwhelming feelings, heal wounds caused by disconnection, and act in generative ways that help cultivate a just and equitable future for all.
