**A Dictionary for the Moorish Holy Koran** Abdul Raafi Saadi Bey,2021-12-08 It is of great importance for this author to make it a matter of record that this material is not being published under the umbrella of the Moorish Science Temple of America or any member, representative, or officials operating under the M.S.T. of A., or any banner thereof. This author's sole purpose is to aid any and everyone who feel their circumstances could be better and seek to further their understanding of the philosophies and spirituality of Noble Drew Ali. The author views himself as a student of Ali and desires to extend the learning and truth of the Great Prophet of ALI in America. The enclosed material is written with purity in heart and if I am guilty of anything it is of rashly putting this work together in an effort to assist fallen humanity. Black Crescent Michael A. Gomez,2005-03-21 Beginning with Latin America in the fifteenth century, this book, first published in 2005, is a social history of the experiences of African Muslims and their descendants throughout the Americas,

including the Caribbean. The record under slavery is examined, as is the post-slavery period into the twentieth century. The experiences vary, arguably due to some extent to the Old World context. Muslim revolts in Brazil are also discussed, especially in 1835, by way of a nuanced analysis. The second part of the book looks at the emergence of Islam among the African-descended in the United States in the twentieth century, with successive chapters on Noble Drew Ali, Elijah Muhammad, and Malcolm X, with a view to explaining how orthodoxy arose from varied unorthodox roots.

**Atlantic Crescent** Alaina M. Morgan, 2025-07-29 In the period between the twentieth century's two world wars, Black and Muslim people from the United States, South Asia, and the Caribbean collided across an expansive diasporic geography. As these people and their ideas came into contact, they reignited the practice of Islam among people of African descent living in the United States and the Anglophone Caribbean and prompted them to adopt new understandings of their place in the world. As the freedom dreams of these diasporic communities met the realities and limitations of colonialism and race in the Atlantic world, Islam presented new strategies for combating oppression and introduced new allies in the struggle. Envisioning the geography and significance of this encounter within what she calls the Atlantic Crescent, Alaina M. Morgan draws on an expansive archive to show how Black and Muslim people imagined, understood, and acted on their religious and racial identities. Morgan reveals how her subjects' overlapping diasporic encounters with Islam led to varied local adaptation as well as common ground to pursue liberation from racial subjugation and white supremacy.
