The Wit and Blasphemy of Atheists ,2011-04-01 A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

If Ignorance Is Bliss, Why Aren't There More Happy People? John Lloyd,John Mitchinson,2009-08-04 John Lloyd and John Mitchinson have proven themselves to be masters at digging up obscure facts, abstruse information, and amusing anecdotes and presenting them effortlessly, somewhat slyly, with either great wit or at least a little bit of tongue in cheek. Their gifts are on full display in Quote Interesting, a lively, wonderfully enjoyable anthology of hundreds of quotes you probably have never heard before, arranged thematically from A to Z. From laugh-out-loud-funny bon mots to some real headscratchers, Lloyd and Mitchinson have gathered a universe of star-studded blurbs like: "The Beatles are dying in the wrong order." —Victor Lewis Smith "When you forget to eat, you know you're alive." —Henry James "I think people would be

alive today if there were a death penalty.” —Nancy Reagan “You know ‘that look’ women get when they want sex? Me neither.” —Steve Martin

The Sound of Liberating Truth Paul Ingram, Sallie B. King, 2013-10-23 Offers essays and dialogues by well-known Buddhist and Christian scholars on topics that were of primary interest to Frederick J. Streng, in whose honour the volume was created. Topics include interreligious dialogue, ultimate reality, nature and ecology, social and political issues of liberation, and ultimate transformation or liberation.

Mouthing Off John D. Luerksen, 2002 Whether it's David Bowie, Gwen Stefani, Michael Stipe, or Joan Jett, rock stars are never at a loss for words. Often obnoxious, sometimes introspective, and remarkably honest, these musings are collected here for fans who want an insight into what makes their favourite artists tick, how they view their roles as 'stars' in a celebrity-obsessed society, and what does (or doesn't) differentiate musicians from everyone else. Organised by subject matter, it presents a broad cross-section of artists offering diverse commentary on each subject. Drawing from his extensive career as a rock journalist, the author has culled these gems from countless interviews, selecting quotations about subjects such as religion, rock critics, drug use, and the battle of the sexes. Appealing to fans, musicians, and industry mavens alike, it offers familiar foibles and a glimpse into a world often perceived as glamorous and charmed.

Making Whiteness Grace Elizabeth Hale, 2010-08-25 Making Whiteness is a profoundly important work that explains how and why whiteness came to be such a crucial, embattled--and distorting--component of twentieth-century American identity. In intricately textured detail and with passionately mastered analysis, Grace Elizabeth Hale shows how, when faced with the active citizenship of their ex-slaves after the Civil War, white southerners re-established their dominance through a cultural system based on violence and physical separation. And in a bold and transformative analysis of the meaning of segregation for the nation as a whole, she explains how white southerners' creation of modern whiteness was, beginning in the 1920s, taken up by the rest of the nation as a way of enforcing a new social hierarchy while at the same time creating the illusion of a national, egalitarian, consumerist democracy. By showing the very recent historical making of contemporary American whiteness and by examining how the culture of segregation, in all its murderous contradictions, was lived, Hale makes it possible to imagine a future outside it. Her vision holds out the difficult promise of a truly democratic American identity whose possibilities are no longer limited and disfigured by race.

Storytelling around the World Jelena Cvorovic, Kathryn Coe, 2022-03-29 Explore storytelling as an art form that has existed for centuries, from the first spoken and sung stories to those that are drawn and performed today. This book serves as an indispensable resource for students and scholars interested in storytelling and in multicultural approaches to the arts. By taking an evolutionary approach, it begins with a discussion of origin stories and continues through history to stories of the 21st century. The text not only engages the stories themselves, it also explains how individuals from all disciplines – from

doctors and lawyers to priests and journalists – use stories to focus their readers' and listeners' attention and influence them.
