A Darkly Radiant Vision Gary Dorrien, 2023-01-01 The third and final volume in the first comprehensive history of Black social Christianity, by the greatest theological ethicist of the twenty-first century (Michael Eric Dyson) The Black social

gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien's award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel and Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory, cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. *A Darkly Radiant Vision* features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.

Integrity of Faith Dr. Eric M. Wallace, 2025-08-20 Through the ages, God has chosen men after His own heart to confound the wise and strengthen the weak. Old Testament heroes such as Moses, Abraham, Isaac, and King David were far from perfect, yet God refined them through faith amid trials and hardships. Dr. Eric M. Wallace is a 21st-century example of that same truth—an imperfect man on a remarkable journey of faith whose story will both encourage and inspire. In *Integrity of Faith*, Dr. Wallace shares how God's hand has guided him through life's peaks and valleys, teaching him to treasure his family, embrace his heritage, and grow in character. His story of perseverance and hope challenges readers to rediscover their purpose and to give their best in service to the Lord and His people. From his early days as a janitor to his studies as a theologian, to his ministry as a youth pastor, and later his bold step into the political arena, Wallace invites readers to walk with him through defining seasons of his life. Along the way, he reveals insights into the heart of a modern-day Abraham—striving to honor God, lead his family, and live as a testimony of the Lord's perfecting power. *Integrity of Faith* is more than an autobiography—it is a call to embrace God's shaping hand in every stage of life and to live with courage, conviction, and unwavering trust in Him.

Introducing the Core William C. Meyers, 2024-06-01 There is no more important area of the body for an athlete than the core, the region of our body from our chest to our knees. The core is our engine, our hub of activity. Strength there makes life easier for shoulders and knees. It produces speed and explosiveness. Endurance and grit. The core is so important. So why has it remained such a medical mystery? This book will explain that. *Introducing the Core: Demystifying the Body of an Athlete* traces the arc of the journey from injury to restoration of power to the return to normal life. Dr. William Meyers is the nation's foremost authority on core health. Along with over 40 world-renowned expert contributors, Dr. Meyers explains how the core functions through stories from his work in locker rooms, the operating room, and the playing fields of elite

athletes, giving readers a thorough understanding of the core's widespread influence on athleticism and the human anatomy. The book: Dissects the events that led Dr. Meyers and his team of experts to their new appreciation of this anatomy Brings multiple world-renowned arthroscopists into the overall core picture, providing their perspectives on how the core works, with the pubic bone as "the sun" of the body's universe Offers insight into the many causes of pelvic pain, demonstrating why the term "sports hernia," should be banished forever Emphasizes the fact that a wide spectrum of professionals treat the core -- from traditional surgeons to alternative therapists Brings it all together and proposes a new future, and perhaps a new medical specialty, that is the core "Strength, power, and endurance all flow from the core. This book, and the work Bill Meyers has done in the field, will bring good core health to the forefront and help everyone—elite athletes and others." —Michael William Krzyzewski "Even in baseball, injury patterns in the shoulder and elbow are related to core imbalance. This book has been needed for a long time... Bill has helped the idea of core strength become more popular, and this book could be what is needed to get it more attention." —James Rheuben Andrews, MD "To understand the core, you must put on new eyes." —Marshawn Lynch

Memories Set in Stone—How Visitors Make Sense of Memorials Larissa Hugentobler, 2025-09-30 In this open access book, Larissa Hugentobler explores the world of public memorials: highly visible, and at times contentious, media, which communicate a nation's values and ideals – its public memory. By celebrating a selection of a nation's history, the memorial landscape has long rendered marginalized groups virtually invisible. This book focuses on two rare, celebratory, U.S. memorials in Washington, DC., dedicated to a member of a marginalized community: Dr. Martin Luther King, Jr. The author explores how visitors experience the two cultural sites, including their narratives about King and the Civil Rights Movement. For a holistic understanding, Hugentobler combines analyses of visitor experiences on site and on Instagram with expert interviews and autoethnographies. This allows for insights into the importance of celebratory memorials to individuals from marginalized communities and why those memorials matter to visitors. By acknowledging that the memorial experience is not limited to the time and space of a visit, this book begins to answer the urgent question of the roles of the offline and online realms in commemoration and highlights how each can contribute to a memorial landscape that is meaningful to a variety of people.

The Measure of a Man Martin Luther Jr. King, Martin Luther King, Jr. Jr., 2013-03 2013 Reprint of 1959 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. In August 1958 Dr. Martin Luther King, Jr., preached two sermons, What is Man? and The Dimensions of a Complete Life, at the first National Conference on Christian Education of the United Church of Christ at Purdue University. In response to demands made by conference attendees, King allowed publication of the addresses. With King's consent, the sermons were published by the Christian Education Press in a short book entitled, The Measure of a Man. The press and King arranged for proceeds to be shared evenly, after the former had recovered its costs of publication. King first developed the theme of What Is Man? during his seminary days. King believed the sermon's title to be one of the most important questions confronting any generation, proposing that man is many things: a biological being, a being of spirit who is made in the image of God and sinners in need of God's divine grace.

The Ultimate Measure of a Man is Not where He Stands in Moments of Comfort and Convenience, But where He Stands at Times of Challenge and Controversy Martin Luther King (Jr.), Kavyayantra Press, 1997

Quotes by Martin Luther King Lilith Regan, 2020-04-04 The time is always right to do what is right. Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that. Injustice anywhere is a threat to justice everywhere. Life's most persistent and urgent question is, 'What are you doing for others?' Free at last, Free at last, Thank God almighty we are free at last. I have decided to stick with love. Hate is too great a burden to bear. The quality, not the longevity, of one's life is what is important. The ultimate measure of a man is not where he stands in moments of comfort and convenience, but where he stands at times of challenge and controversy. The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education. In the end, we will remember not the words of our enemies, but the silence of our friends.
