Seth Rogen Andy Koopmans,2011-10-24 Canadian-born Seth Rogen has an accomplished career. With more than forty acting credits, four produced screenplays, more than a dozen short film and TV show scripts, and sixteen producing credits, Rogen is anything but the slacker character he has played in his most popular and often R-rated films. The author addresses the more controversial aspects of Rogen's movies and explains how the content and comedic style of these productions have sometimes put Rogen at the center of battles over censorship and ratings, as well as stirred controversy among critics, the media, and parental watch groups.

A History of the Ten Commandments Clarence William Sickles,2015-11-09 A History of the Ten Commandments with a Modern Moral Code traces the way the Ten Commandments God gave to Moses on Mt. Sinai in the 13th century BC changed through the ages, analyzing the seventeen versions of the Decalogue which now exist. The author also presents a moral code which is related to the Mosaic Decalogue but is not religious and should, therefore, be acceptable for public display in the secular world. The book features photographs of plaques depicting the Ten Commandments, with interesting eleven commandment variations, on display throughout the country. Written for a broad audience ranging from Sunday school teachers and scholars to the average reader, this book is essential reading for those seeking to discover information about the greatest document in human history and wanting to learn about a new moral standard desperately needed in the ethically corrupt world of the present day.

A Baby Boomer's Times, Travels, Thoughts, and Hopes Martin Feess,2018-12-21 Born in 1949, Martin Feess joined the American baby boomer generation—one of the most privileged group of people to ever walk the earth. While growing up in a small Wisconsin town on a picturesque lake, Feess learned about Dick and Jane, collected an abundance of toys, played baseball, and watched hours of television westerns, just like many other boys of his generation. In a fascinating story of a boomer's time as seen through a boomer's eyes, Feess leads others through his experiences as part of the disillusioned

generation of the Vietnam War as he matured, served in the army, attended college, and moved west to begin a new chapter. While sharing personal anecdotes, observations, and lessons learned, Feess provides a look into how his journey eventually took him to the Middle East, Europe, and Asia where he learned to embrace the perspectives of others living around the world. Through his experiences and historical reflections, Feess offers an educational window into the making of a unique generation that today looks back in laughter and forward in hope while attempting to better understand who we all are as Americans. A Baby Boomer's Times, Travels, Thoughts, and Hopes shares personal stories, observations, and historical facts that provide an entertaining and thought-provoking slice of Americana.

Filmed Television Drama, 1952-1958 William Hawes,2002-01-09 This work examines the change from live to filmed television dramas during the period 1952-1958 and the characteristics and programs that are most associated with filmed television drama. Along with many technical changes that had to be made in the industry in order to convert live television to filmed television came an interesting social one. The American society in general was developing a growing interest in the lives of ordinary people, and television moved with them, offering more programs that concentrated on the middle and lower classes. Because of the inherent qualities of filming, television began to feature more documentary-like realism, began to broaden its interpretation of traditional romantic escapism to include more outer space and supernatural science fiction, began to better fulfill materialistic desires through well-designed, enjoyable commercials, and began to offer the best dramas and most popular personalities, often leading viewers to greater self-appreciation and richer lives. This work focuses on the important anthology programs and specials that were on the air from 1952 to 1958 such as Kraft Television Theatre, Philco Television Playhouse, and The Hallmark Hall of Fame, filmed serials like Colgate Theatre, Amos 'n' Andy, and I Love Lucy, and the challenges of converting from live to filmed television drama.
