The Canonization of Al-Bukhārī and Muslim Jonathan Brown,2007-06-05 Drawing on canon studies, this book investigates the origins, development and functions of the core of the Sunni ḥadīth canon, the 'Authentic' ḥadīth collections of al-Bukhārī and Muslim, from the time of their authors to the modern period.

An Introduction to Hadith ‘Alī Nāṣirī,2013-02-28 As the second main source of the true religion of Islam, hadith has a history full of ups and downs as far as the manner of its transmittal and the periods of its compilation and publication are concerned. Those who are acquainted with Islamic history have all acknowledged that from the time of transmittal up to now, hadith as been associated with many desirable as well as undesirable events, and its compilation and publication in some periods have had both faithful advocates and stern adversaries. For this reason, learning the “history of hadith” – though a piece of knowledge outside the different branches of the science of hadith – is essential for all those who want to benefit from the Sunnah and the corpus of hadith especially in view of the fact that the beginning of hadith compilation and its mechanism have not been the same for the proponents of the various Islamic schools of thought, each of them having a different opinion whose outcome may adversely affect the credibility and status of the existing traditions (ahadith). The present book, which has been written as a textbook in the tertiary level of Islamic studies, endeavors to present the general subjects relevant to hadith and its history as well as to acquaint the students of this field with the Sunni hadith collections and the Four Books (Kutub al-Arba‘ah) of the Shi‘ah in a simple and easy-to-understand approach.

Wahhabism and the Rise of the New Salafists Namira Nahouza,2018-06-14 Wahhabism is often described as one of the most conservative branches of Islam and its fundamentalist approach seen as fuelling jihadist extremism. But what is the theological basis of Wahhabism? How do Wahhabi beliefs and doctrine differ from branches of Sunni Islam? While previous scholarship has examined Wahhabism as a political phenomenon, this book turns attention to the complex religious issues that are central to its understanding. Tracing its roots in the 18th century up until the present day, Namira Nahouza shows

why the Wahhabi movement has opposed traditional Islamic scholarship on the interpretation of the Qur'an and hadith. Of key importance, Nahouza shows, are the differing beliefs about the oneness of God and God's names and attributes, issues on which both Wahhabi and other Salafi groups are united. Based on extensive research into classical and contemporary Arabic religious sources, Nahouza presents the contours of Sunni theological debate and reveals how the Wahhabi movement became the predecessor to the Salafism we see today. In highlighting the far-reaching consequences of these theological divisions - both for Muslim communities and the world at large - the book fills a significant gap in existing research and is essential reading for scholars researching Islamic Theology, Islamic History, Security Studies and Islamic Radicalism.

ICIIS 2020 Asep Saepudin Jahar, Hamka Hasan, Didin Saepudin, Arif Zamhari, Yusuf Durachman, 2021-04-16 We are delighted to introduce the proceedings of the 3rd International Colloquium on Interdisciplinary Islamic Studies. It is annual event hosted and organised by the Graduate School of State Islamic University of Syarif Hidayatullah Jakarta. It was fully 2 days event 20-21 October 2020 by Virtual (online) mode with 3 keynotes speakers: Prof. Abdel Aziz Moenadil from the University of Ibn Thufail, Maroko, Prof Wael Aly Sayyed from the University of Ain Syams, Cairo, Mesir, and Assoc. Prof. Aria Nakissa, Ph.D. from Harvard University. The proceeding consisted of 41 accepted papers from the total of 81 submission papers. The proceeding consisted of 6 main areas of Interdisciplinary Islamic Studies. They are: Islam and medicine, Islam and Science and Technology, Islam and Psychology, Islam and Education, Quran and Hadits, and Islamic Studies with other various aspects. All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections, and thereafter contributed to the improvement of the quality of the papers. Research in Islamic studies and Muslim societies today also increasingly uses interdisciplinary methods and approaches. In order to produce more objective findings, the researchers looked at the need to combine several methods or approaches to an object of study, so that they had additional considerations needed. These additional considerations add a more comprehensive perspective. In this way, in turn they can come up with better findings. Interdisciplinary Islamic studies dispute that Islam is monolithic, militaristic, and primarily Middle Eastern. We strongly believe that ICIIS conference has become a good forum for all researcher, developers, practitioners, scholars, policy makers, especially post graduate students to discuss their understandings of current processes and findings, as well as to look at possibilities for setting-up new trends in SDG and Islamic Interdisciplinary Studies. We also expect that the future ICIIS conference will be as successful and stimulating, as indicated by the contributions presented in this volume.

The Remedy of Souls Sheikh Elanayyal Abu Groon, 2018-06-08 THE REMEDY OF SOULS reveals that Islam is represented by the Prophet Muhammad (PBUH), who delivered its final Message through the Holy Quran. The Prophet is the sole teacher of Islam, as well as the embodiment of Truth therein the foundation of his infallibility. The author discusses nineteen accusations of this infallibility, which accuse the Prophet (PBUH) of acting against the Qurans Message. These violations defame his character and belittle his role as the Messenger. It also opens the door to false prophets wishing to override the Messengers teachings by preaching their own version of Islam. These false teachings are still in circulation, accepted by many from within Muslim hierarchy and often used to defend violent extremism.

Studies on the Origins and Uses of Islamic Ḥadīth G. H. A. Juynboll, 1996 In this collection of articles, G.H.A. Juynboll deals with the uses Muslims have made of hadith through the ages. He studies chronology, provenance, as well as authorship of the prophetic traditions to form the backbone of this anthology.
