Erin La Rosa

Plot Twist Erin La Rosa, 2023-11-14 “I give it five stars—and five chili pepper emojis.” —Kate Spencer, author of *In a New York Minute* She’s written off more than she can chew... Romance author Sophie Lyon’s ironic secret just went viral: she’s never been in love—and it’s ruining her reputation. With a manuscript deadline looming, Sophie makes an ambitious plan to overcome her writer’s block: reunite with her exes (including her last girlfriend Carla, the one person she could have loved) to learn why she’s never fallen in love, and document it all for her millions of new online followers. Luckily, Sophie’s reclusive landlord, Dash Montrose—a former teen heartthrob—has social media all figured out and is willing to help. What he doesn’t mention is that he’s an anonymous online crafter, a hobby that helps him maintain his sobriety. No one knows about his complicated relationship with alcohol, and with a family that’s Hollywood royalty, Dash has to steer clear of scandal. As Sophie and Dash grow closer, they discover a heat between them that rivals Dash’s pottery kiln. But Sophie needs to figure out who she is outside her relationships, and Dash isn’t sure he’s stable enough for the commitment she deserves. So Sophie suggests what any good romance author would: a friends-with-benefits arrangement. Surely a strictly casual relationship won’t cause any trouble... “Spicy. Sexy. Swoony. Rachel Lynn Solomon and Christina Lauren fans will love this story!” —Suzanne Park, author of *So We Meet Again* and *The Do-Over* FOR FANS OF: Friends to Lovers Grumpy x Sunshine Best Friend’s Brother Only One Bed Romance Writer x Former Teen Heartthrob Cinnamon Roll Heroes Open Door Spice Don’t miss Erin La Rosa’s next delightful rom-com, *NOT YOU AGAIN*, where a snarky screenwriter and a grumpy funeral director must team up to escape a time loop—despite their mutual loathing and undeniable chemistry...

Plot Twist Erin La Rosa, 2023-07-25 She’s written off more than she can chew... Romance author Sophie Lyon’s ironic secret just went viral: she’s never been in love. Though her debut novel made readers swoon, Sophie’s having trouble getting her new characters to happily-ever-after, and she blames it on her own uninspired love life. With a manuscript deadline looming, Sophie makes an ambitious plan to overcome her writer’s block: reunite with her exes to learn why she’s never fallen in love—and document it all for her millions of new online followers. Which also means facing her ex-girlfriend Carla, the one person Sophie could have loved. Luckily, Sophie’s reclusive landlord, Dash Montrose—a former teen heartthrob—has social media all figured out and offers to help. But he doesn’t mention that he’s an anonymous online crafter, a hobby that helps him maintain his sobriety. No one knows about his complicated relationship with alcohol and he intends to keep it that

way. His family is Hollywood royalty, so Dash has to steer clear of scandal. As Sophie and Dash grow closer, they discover a heat between them that rivals Dash's pottery kiln. But Sophie needs to figure out who she is outside her relationships, and Dash isn't sure he's stable enough for the commitment she deserves. So Sophie suggests what any good romance author would: a friends-with-benefits arrangement. Surely a casual relationship won't cause any trouble... Definitely needs to be on your TBR. --Frolic on For Butter or Worse

Maya's Laws of Love Alina Khawaja, 2024-03-26 A charming, funny, and unique twist on challenging the laws and traditions that shape us. —Abby Jimenez, New York Times bestselling author of *Yours Truly* A bride-to-be convinced she's cursed in romance finds her luck changing—at exactly the wrong time. Maya Mirza is so convinced she's unlucky in love that she's come up with a list of laws to explain it. Most importantly... Maya's Law #1: Anything that can go wrong will go wrong. But that's about to change. Maya's headed to Pakistan for an arranged marriage with a handsome, successful doctor who ticks all the right boxes. First comes marriage, then comes love—she's sure of it. Except... Law #4: When you think you're lucky, think again. From the start, Maya's journey is riddled with disaster, and the cynical lawyer seated next to her on the plane isn't helping. When a storm leaves them stranded in Switzerland, she and Sarfaraz become unlikely travel companions through bus breakdowns and missed connections. Law #6: Trips are never smooth sailing. And before long, Maya's wondering whether she's just experienced the ultimate in misfortune—finally meeting the right man a few days before she marries someone else. And Maya might just be the worst person to keep a secret. Law #18: If you're overtired, you'll always spill your guts. But maybe, if she's willing to bend some laws, this detour could take her somewhere totally—and wonderfully—unexpected. Rooted in Pakistani and Muslim culture and faith, this romance is a fun romp that features plenty of adventure and plot twists. Recommend to fans of *Uzma Jalaluddin*. —Library Journal, starred review

Wes and Addie Had Their Chance Bethany Turner, 2025-07-15 A delight! --Sophie Cousens, New York Times bestselling author *The perfect escape for every sweet romance lover!* --Courtney Walsh, New York Times bestselling author Another laugh out loud, pitch perfect romance. --Annabel Monaghan, bestselling author *Wes left Addie at the altar two decades ago . . . and that was supposed to be the end of the story.* When her life crashes and burns in a flurry of secrets and redacted information, Addie Atwater-Elwyn hightails it home to the tiny mountain town of Adelaide Springs, Colorado--back to living with her dad, back to working a low-paying job, back to a life of disappointments. Growing up, nobody expected their local girl to become a high-ranking CIA analyst, married to a gorgeous CIA operative. But that was Addie's life until she lost . . . well, everything. Now she's trying to pick up the pieces of her broken life with a little help from old friends. But there's one old friend she knows her life is better without--Wesley Hobbes, her childhood sweetheart who left her standing at the altar when they were eighteen years old. Truth be told, Addie would be perfectly content never seeing Wes's stupid face ever again--which makes it very inconvenient that he's now a beloved senator and presidential frontrunner, his face everywhere

she looks. But that has nothing to do with Addie personally. He might make history, but in her book, he is history. So, when the unwelcome Wes appears back in their hometown, no one rolls out the red carpet--not Addie and not an entire town that was forced to pick sides (and unanimously chose Addie) decades ago. Senator Hobbes certainly won't win the popular vote in Adelaide Springs. Wes, meanwhile, is sitting on a few secrets of his own, including the political scoop of the decade: he'd seriously rather gouge his eyes out than spend another minute in politics, much less ever go anywhere near the White House. Addie knows there has to be more to the story, and her curiosity is clouding her judgment. You can take the girl out of the CIA, but it's not so easy to shake the CIA out of the girl. Of course, it's not just curiosity (and the acknowledgement that his face isn't so stupid after all) that's been reawakened inside her. But after more than two decades, it's too late. Wes and Addie already had their chance. Right? Wes and Addie Had Their Chance is a standalone novel set in charming Adelaide Springs, Colorado, where the author's previous books, Brynn and Sebastian Hate Each Other and Cole and Laila Are Just Friends, also take place. This heartwarming story includes discussion questions for book clubs and readers to further explore the delightful journey of Wes and Addie's relationship.

Someone Just Like You Meredith Schorr, 2023-07-25 Two childhood rivals are forced to work together to plan their parents' anniversary party in "this pitch-perfect enemies-to-lovers rom-com." (BookPage) New Yorker Molly Blum knows everything about her lifelong nemesis, Jude Stark. With their families so close, they should have been best friends. Instead, she thinks he's a too-charming slacker, and he thinks she's allergic to fun. After years of one-upping each other's pranks (chocolate-dipped cat treats are not as delicious as they appear), one high school joke went too far, and they stopped speaking completely. But now that they're supposed to help plan a massive party for their parents—together—there's no better time to resume their war. And it is on. Only somewhere between all the sniping and harmless hijinks, a reluctant friendship develops, along with an unexpected spark of sexual tension. It might have to do with the fact that she's been dating Jude-lookalikes and he's been dating Molly doppelganglers. Or the fact that neither of them is nearly as horrible as they thought. All Molly and Jude know is that they've mastered the art of hating each other. Falling in love, on the other hand, is a whole new battlefield.

Cole and Laila Are Just Friends Bethany Turner, 2024-06-04 *Cole and Laila Are Just Friends* is a glorious ode to '90s romcoms, lifelong friendships, and all the many twists of life that drop us right where we need to be. Full of warmth and witticisms galore, this will-they-or-won't-they love story will capture readers from the first page and spin them capably through the landmarks of New York alongside the most rootable duo I've ever encountered. --Nora Nguyen, author of *Adam & Evie's Matchmaking Tour* *Cole and Laila* have been inseparable since they could crawl. And they've never thought about each other that way. Except for when they have. Rarely. Once in a while, sure. But seriously . . . hardly ever. *Cole Kimball* and *Laila Olivet* have been best friends their entire lives. *Cole* is the only person (apart from blood relatives) who's seen *Laila*

in her oversized, pink, plastic, Sophia Loren glasses. Laila is always the first person to taste test any new dish Cole creates in his family's restaurant . . . even though she has the refined palate of a kindergartener. Most importantly, Cole and Laila are always talking. About everything. When Cole discovers a betrayal from his recently deceased grandfather that shatters his world, staying in Adelaide Springs, Colorado, is suddenly unfathomable. But Laila loves her life in their small mountain town and can't imagine ever living anywhere else. She loves serving customers who tip her with a dozen fresh eggs. She loves living within walking distance of all her favorite people. And she's very much not okay with the idea of not being able to walk to her very favorite person. Still, when Cole toys with moving across the country to New York City, she decides to support her best friend—even as she secretly hopes she can convince him to stay home. And not just for his killer chocolate chip pancakes. Because she loves him. As a friend. Just as a friend. Right? They make a deal: Laila won't beg him to stay, and Cole won't try to convince her to come with him. They have one week in New York before their lives change forever, and all they have to do is enjoy their time together and pretend none of this is happening. But it's tough to ignore the very inconvenient feelings blooming out of nowhere. In both of them. And these potentially friendship-destroying feelings, once out in the open, have absolutely no take-backs. If When Harry Met Sally had a quippy literary love child with Gilmore Girls' Luke and Lorelai, you'd get Cole and Laila. Just . . . don't tell them that. Author's Note: Cole and Laila are best friends who slow-burn (like, for nearly forty years, so . . . SLOW) toward love and yet never see it coming in this low-spice/clean, laugh-out-loud friends-to-lovers rom-com. All it takes is the threat of being separated, a trip to NYC, one night in one bed, a fake blind date for the ages, and a little dancing on a penthouse rooftop for the slow-burn to finally, finally ignite. Cole and Laila Are Just Friends is a standalone novel set in the charming Adelaide Springs, Colorado, where the author's previous book, Brynn and Sebastian Hate Each Other, also takes place. This heartwarming story includes discussion questions for book clubs and readers to further explore the delightful journey of Cole and Laila's relationship.

Name Your Price Holly James, 2024-07-30 In Holly James's newest rom-com, sparks ignite as a pair of broke exes get locked in a house together on a reality show for a chance to win a million dollars, a second-chance romance that perfectly captures the absurd sincerity of made-for-TV love. Olivia Martin and Chuck Walsh have chemistry. Too much chemistry, perhaps. Their every interaction as a couple either lights the house up with sexual tension or burns it down with anger. After one huge, very public fight, they finally break up for good. Or so they think. Someone was filming their dramatic argument in the street and—because Olivia's parents were Hollywood royalty, and because Chuck's an actor whose star is on the rise—the video goes viral. When Name Your Price, a reality game show, sees the footage, they invite Olivia and Chuck to shoot a very unusual challenge: Live locked in a house together for one month and they will be paid a million dollars. Each. Olivia really needs the money if she's going to keep her beloved grandmother in her nursing home, and Chuck is desperate for any chance to win Olivia back. So the game is on—even as the show tries to pluck every nerve with only one bed, one bathroom, and a set

of rules that will lose them money if broken—including no touching. With stakes that have never been higher and their explosive chemistry at a fever pitch, can Chuck and Olivia keep it together (and their hands off each other) for one month? Find out next week on Name Your Price!

The Slowest Burn Sarah Chamberlain,2024-09-24 Most Anticipated by The Nerd Daily * Brit + Co A five course feast of longing, banter, gourmet cooking, heaps of spice, and a cherry on top happily ever after. I devoured this fake dating, celebrity chef romance. —Erin La Rosa, author of Plot Twist and For Butter or Worse Business or Pleasure meets Evvie Drake Starts Over in this delicious opposites-attract romance from debut author Sarah Chamberlain. Sometimes the perfect recipe just needs a little extra heat. Ellie Wasserman’s life is neat and tidy, and that’s exactly how she wants it. Really. A top ghostwriter for celebrity cookbooks, she was widowed three years ago and has no interest in taking chances—not on writing her own cookbook, not on telling her still-grieving in-laws she wants to move out, and certainly not on dating, which is about as intimidating as a recipe with fifty steps. Kieran O’Neill isn’t known for being organized. An up-and-coming chef who scored big on a reality television competition, he’s been the guy who cracks jokes and makes messes—something his chilly family has never let him forget. The only place he feels truly capable is at the stove. But when he’s paired with an uptight ghostwriter with cool blue eyes and distracting curves to write his debut cookbook, she shreds his class clown act like a paring knife cuts an orange peel. As Ellie and Kieran are forced to work closely together in a hot kitchen for weeks on end, their sharp edges and harsh judgments slowly soften and sweeten into a wildly delicious attraction. Long, steamy days turn into even steamier nights, but they have to face their painful pasts to know if this tender new love can transform into something lasting. A romance as sharp as it is sweet. Fans of Emily Henry will devour this delectable story of love lost and found. —Cecilia Rabess

Too bad her co-host happens to be Hollywood's smarmiest jerk. Restaurateur Leo O'Donnell never means to get under Nina's skin. It just seems to happen, especially when the cameras are rolling. It's part of the anxiety and stress he has come to know all too well in this line of work. So nothing prepares him for the fallout after he takes one joke a smidge too far and Nina up and quits--on live TV. To make matters worse, the two are caught in what looks like a compromising situation by the paparazzi...and fans of the show go absolutely nuts. Turns out, a secret romance between Nina and Leo may just be what their careers need most. Now all they have to do is play along, without killing each other...and without catching feelings.
