Religion, Science, and Empire Peter Gottschalk,2013 Peter Gottschalk offers a compelling study of how, through the British implementation of scientific taxonomy in the subcontinent, Britons and Indians identified an inherent divide between mutually antagonistic religious communities. England's ascent to power coincided with the rise of empirical science as an authoritative way of knowing not only the natural world, but the human one as well. The British scientific passion for classification, combined with the Christian impulse to differentiate people according to religion, led to a designation of Indians as either Hindu or Muslim according to rigidly defined criteria that paralleled classification in botanical and zoological taxonomies. Through an historical and ethnographic study of the north Indian village of Chainpur, Gottschalk shows that the Britons' presumed categories did not necessarily reflect the Indians' concepts of their own identities, though many Indians came to embrace this scientism and gradually accepted the categories the British instituted through projects like the Census of India, the Archaeological Survey of India, and the India Museum. Today's propagators of Hindu-Muslim violence often cite scientific formulations of difference that descend directly from the categories introduced by imperial Britain. *Religion, Science, and Empire* will be a valuable resource to anyone interested in the colonial and postcolonial history of religion in India.

Hinduism, Islam and Sikhism Abid Mushtaq Wani, The present work tries to find some common terms between the three great religions of the world, Hinduism, Islam and Sikhism. Also it makes a comparative study of the above mentioned religions.

Islam And Sanatan Anurag Saxena,2024-12-24 I used to worry as to why there is so much fight, hate, redness, and disputes among religions. Why are they fighting or trying for conversions? So I thought to read books like the Bible, Quran, and Guru Granth Sahib and of course Gita. It took me two years to read and study and finally understand core beliefs prevailing through interpreters and people who think they are final word or an authority. I was not clear as I found each book spreading peace

so where and how this confusion of difference of opinion started? So I also thought to read and understand Vedas and Vedantas. Then I struggled a lot to have some reading material or any book which can be of any help. I searched many articles and read many journals. Ultimately I found this book which helped me to understand the cause for these troubles of religions.

Impact of Islam on Orissan Culture Mohammed Yamin, Consisting of plurality of religions and cultures, Orissa has been the home of different traditions. It presents reconciliation, mutual exchange and peaceful co-existence. The advent of Islam in Orissa led to further changes in the socio-cultural fabric of Orissan society. Tracing the advent and spread of Islam in Orissa, this book makes a comprehensive study of its impact on various aspects of Orissan society-religion, social set-up, literature, art and architecture, and economy. The role of Sufi saints and Bhakti poets towards creating harmonious relations between Hindus and Muslims has also been examined.
