**The Sterling Dictionary Of Literary Terms** Amrita Sharma,1998

**The Anthem Dictionary of Literary Terms and Theory** Peter Auger,2010-07-15 This Dictionary is a guide to the literary terms most relevant to students and readers of English literature today, thorough on the essentials and generous in its intellectual scope. The definitions are lively and precise in equipping students and general readers with a genuinely useful critical vocabulary. It identifies the thinking and controversies surrounding terms, and offers fresh insights and directions for future reading. It does this with the help of extensive cross-referencing, indexes and up-to-date bibliography (with recommended websites).

**Glossary of Literary Terms - Volume 1** Dr. R. Saradha,2025-03-12 This glossary of literary terms is a comprehensive reference for students, scholars, and literature enthusiasts seeking to deepen their understanding of the fundamental concepts that define literary studies. The book provides clear and concise Definitions of key literary terms, from classical to contemporary, covering a vast spectrum of genres, techniques, and critical theories.. In a rapidly evolving literary landscape, where new voices and interpretations continuously emerge, it is essential to have a structured yet flexible framework for understanding literary principles. This glossary aims to bridge the gap between traditional literary foundations and modern interpretations, helping readers navigate the intricate web of literary language with clarity and confidence. As an author, my goal has been to present a resource that is both informative and engaging, ensuring that each term enriches the reader's literary journey. Whether you are a student delving into literary analysis for the first time or an experienced reader revisiting familiar concepts, this book strives to be a valuable companion in your exploration of literature

*Literary Meaning* Wendall V. Harris, 1995-12-18 Today's student of literature is faced with an overwhelming variety of critical approaches. The need to evaluate their usefulness in furthering our understanding of literature is therefore a growing concern. In *Literary Meaning*, Wendell V. Harris explores the fallacies behind the fashionable hermeticism that insists that the meaning of a text is indeterminate and divides language from any reality beyond itself. Harris then puts forward a powerful case for the return to hermeneutics, in which an understanding of the author's intended meaning is the first step in reading, and at the same time insists upon the hollowness of the current mode of professionalism in literature departments. Set to provoke fierce debate, this controversial book will become essential reading for all those involved in literary criticism.
