History's Greatest Philosophers Jamie Ryder,2025-11-30 What does it mean to be a philosopher? Being a deep thinker? Taking a stand against the norms of society? Being really good at winning an argument? The beauty of philosophy is that there is no one answer and that it's worth asking that question across every aspect of the human condition. In *History's Greatest Philosophers: Classical Wisdom for Modern Times*, Jamie Ryder journeys through the lives of some of the world's most radical thinkers, leaders, politicians and creatives to uncover the truth of philosophy and different wisdom traditions. From the political arenas of Cicero and Niccolo Machiavelli to the everyday living of Mary Wollstonecraft and Sojourner Truth, get a bird's eye view into what it means to live and die by what you believe in. Discover ageless truths about the nature of the world and human relationships. Learn how to practice philosophy and not just talk about it.

A Universe From Someone Peter S. Williams,2022-10-27 After a substantial author's preface recounting Peter S. Williams's life journey with the question of God's existence, *A Universe From Someone* pulls together essays and opening speeches from debates (including the 2011 "God is not a delusion" debate at the Cambridge Union) that jointly cover a wide variety of theistic arguments. Together with a foreword by noted philosopher J. P. Moreland, an annotated bibliography highlighting "Four Dozen Key Resources on Apologetics and Natural Theology in an Age of Science," and other recommended resources, *A Universe From Someone* offers an informed overview of the contemporary case for God.

Stepping Stones to Christianity Peter S. Williams, 2025-10-17 Stepping Stones to Christianity introduces a rational case for Christianity in three steps, starting with scientific arguments for design in cosmology and biology, moving on to philosophical arguments for the existence of God, and closing with an overview of the evidence for a Christian understanding of the historical Jesus, in the context of competing contemporary worldviews. By bringing together revised and expanded versions of materials written to introduce three of the author's "Essays on . . ." books with Wipf & Stock, Stepping Stones to Christianity equips readers to consider the case for design in nature, to investigate philosophical arguments for God, and to wrestle with the identity of Jesus.

The Representation of Reality in the Works of Jeanette Winterson. A Mercury of Fact Jonathan Hay, 2020-05-04 Bachelor Thesis from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 85.0%, University of Chester, language: English, abstract: This study investigates the way in which Jeanette Winterson's works represent the self and the nature of existence by systematically challenging the authenticity of the construct of reality itself. It lays particular emphasis on the philosophical manner in which Winterson encourages her readers to live their own lives anew, and to learn to manipulate reality to their own ends, through the formation of a self-image which has a predominantly fictional basis. The introduction to the study establishes the eight primary Wintersonian texts upon which the subsequent analysis centres, before proceeding to consider Winterson's works in the light of Roland Barthes' *The Death of the Author*. Chapter 1.0 considers the impact of Winterson's postmodern aesthetic upon her work and her reader, and investigates the specifically linguistic manner in which it forms the foundation of her wider philosophy of the self. Chapter 1.5 analyses Winterson's memoir, particularly in its subversions of the memoir form, arguing that it is just as fictive as her novels. Chapter 2.0 analyses Winterson's works in terms of gender, and investigates the multiple ways in which her works embody a feminist agenda. Chapter 2.5 provides a short analysis focused solely on Winterson's fitness book *Fit for the Future*, and considers how it relates to her feminist agenda more widely. Chapter 3.0 analyses Winterson's works through philosophical theories of love, arguing that her works privilege love as the ultimate means to attaining self-actualisation.

Words Whispered in Water Sandy Rosenthal, 2020-08-11 *The New Orleans Flood, U.S. Corruption, and Disasters* Rosenthal employs the surgical precision of an investigative journalist and the craft of a memoirist to expose the flaws, natural and human, behind the devastation caused by Hurricane Katrina. —The Eric Hoffer Award Program 2020 Nautilus Silver Winner #1 New Release in Civil Engineering & Environmental, Urban & City Planning, Development, and Disaster Relief In the aftermath of one of the worst disasters in U.S. history, *Words Whispered in Water* tells the story of one woman's fight—against all odds—to expose a mammoth federal agency—and win. It's a horror story, a mystery, and David and Goliath story all in one. In 2005, the entire world watched as a major U.S. city was nearly wiped off the map. The levees ruptured and

New Orleans drowned. But while newscasters attributed the New Orleans flood to “natural catastrophes” and other types of disasters, citizen investigator Sandy Rosenthal set out to expose the true culprit and compel the media and government to tell the truth. This is her story. When the protective steel flood-walls broke, the Army Corps of Engineers—with cooperation from big media—turned the blame on natural types of disasters. In the chaotic aftermath, Rosenthal uncovers the U.S. corruption, and big media at root. Follow this New Orleans hero as she exposes the federal agency’s egregious design errors and eventually changes the narrative surrounding the New Orleans flood. In this engaging and revealing tale of man versus nature and man versus man, *Words Whispered in Water* proves that the power of a single individual is alive and well. If you enjoyed books like *The Johnstown Flood*, *Breach of Faith*, or *The Great Deluge*, then *Words Whispered in Water* is your next read!

The Deaths of Hintsa Premesh Lalu, 2009 In 1996, as South Africa's Truth and Reconciliation Commission was beginning its hearings, Nicholas Gcaleka, a healer diviner from the town of Butterworth in the Eastern Cape province of South Africa, set off on a journey to retrieve the skull of Hintsa, the Xhosa king. Hintsa had been killed by British troops on the banks of the Nqabarha River over a century and a half before and, it was widely believed, been beheaded. From a variety of quarters including the press, academia and Xhosa traditional leadership Gcaleka's mission was mocked and derided. Following the tracks of Nicholas Gcaleka, author Lalu explores the reasons for the almost incessant laughter that accompanied these journeys into the past. He suggests that the sources of derision can be found in the modes of evidence established by colonial power and the way they elide the work of the imagination. These forms and structures of knowledge in the discipline of history later sustained the discourse of apartheid. *The Deaths of Hintsa* argues for a post-colonial critique of apartheid and for new models for writing histories. It offers a reconceptualisation of the colonial archive and suggests a blurring of the distinction between history and historiography as a way to set to work on forging a history after apartheid.-- Publisher's website.
