**The Unlikely Hero of Room 13B** Teresa Toten, 2013-08-27 Two-time Governor General's Award nominee Teresa Toten is back with a compulsively readable new book for teens! When Adam meets Robyn at a support group for kids coping with obsessive-compulsive disorder, he is drawn to her almost before he can take a breath. He's determined to protect and defend her--to play Batman to her Robyn--whatever the cost. But when you're fourteen and the everyday problems of dealing with divorced parents and step-siblings are supplemented by the challenges of OCD, it's hard to imagine yourself falling in love. How can you have a normal relationship when your life is so fraught with problems? And that's not even to mention the small matter of those threatening letters Adam's mother has started to receive . . . Teresa Toten sets some tough and topical issues against the backdrop of a traditional whodunit in this engaging new novel that readers will find hard to put down.

Adolescent Realities Judith A. Hayn, Holly Sheppard Riesco, 2021-11-10 Adolescent Realities: Engaging Students in SEL through Young Adult Literature offers a connection between young adult literatures and social and emotional learning. Students have many SEL needs, and this book focuses on exploring SEL through the experiences of characters in contemporary books published in the last few years. Each chapter offers a specific focus in SEL, a middle school and high school book for teens to read, and a guided plan that can be adapted to fit the needs of educators, counselors, and parents. A great tool for guiding teen book clubs or workshops, Adolescent Realities has the potential to make teens aware of how to apply SEL in their own lives.

*Reading for Action* Ashley S. Boyd, Janine J. Darragh, 2019-06-05 This book illustrates how teachers can draw upon young adult literature to facilitate students' social action. Each chapter centers on one novel that represents a contemporary topic including police brutality, women's rights, ecojustice, and bullying. In each, authors provide pre-, during-, and after reading strategies for teaching that connect the social issues in the texts to students' lives and to the world around them. They then offer a multitude of avenues for student action, emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local, national, and global communities. In addition to methods for scaffolding students' analysis of texts and topics, authors also offer a plethora of additional resources such as documentaries, canonical companions for study, connected music, and supplementary lesson plans.

Reading the World's Stories Annette Y. Goldsmith, Theo Heras, Susan Corapi, 2016-08-11 Reading the World's Stories is volume 5 in the Bridges to Understanding series of annotated international youth literature bibliographies sponsored by the United States Board on Books for Young People. USBBY is the United States chapter of the International Board on Books for Young People (IBBY), a Switzerland-based nonprofit whose mission is bring books and children together. The series promotes sharing international children's books as a way to facilitate intercultural understanding and meet new literary voices. This volume follows Children's Books from Other Countries (1998), The World through Children's Books (2002), Crossing Boundaries with Children's Books (2006), and Bridges to Understanding: Envisioning the World through Children's Books (2011) and acts as a companion book to the earlier titles. Centered around the theme of the importance of stories, the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0-18 years. Essays by storyteller Anne Pellowski, author Beverley Naidoo, and academic Marianne Martens offer a variety of perspectives on international youth literature. This latest installment in the series covers books published from 2010-2014 and includes English-language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended, and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations and research collections, and a selected directory of publishers known for publishing books from other countries.

*Beware That Girl* Teresa Toten, 2016-05-31 For fans of *We Were Liars*, *A Good Girl's Guide to Murder*, *Two Can Keep a Secret*, and *If He Had Been With Me* comes a powerful psychological thriller with a gripping pace and Hitchcockian twists. Set against the backdrop of New York City, this compelling novel delves into the dysfunctional yet mesmerizing world of the mega-wealthy elite and will keep readers guessing until the very last page. The Haves. The Have-Nots. Kate O'Brien appears to be a Have-Not. Her whole life has been a series of setbacks she's had to snake her way out of—some more sinister than others. But she's determined to change all that. She's book-smart. She's street-smart. And she's also a masterful liar. As the scholarship student at the elite Waverly School in NYC, Kate has her work cut out for her: her plan is to climb the social ranks and land a spot at Yale. She's already found her "people" among the senior-class "it" girls—specifically in the cosseted, mega-wealthy yet deeply damaged Olivia Sumner. As for Olivia, she considers Kate the best friend she's always needed, the

sister she never had. When the handsome and whip-smart Mark Redkin joins the Waverly administration as head of fund-raising, he immediately charms his way into the faculty's and students' lives, becoming especially close to Olivia, a fact she's intent on keeping to herself. It becomes increasingly obvious that Redkin poses a threat to Kate, too, in a way she can't reveal—and can't afford to ignore. Mark has his own plan for a bright future and never doubts that he can pull it off. How close can Kate and Olivia get to him without having to share their dark pasts? "Combines a Gossip Girl milieu with the unsettled psychological terrain of *Gone Girl*." —PW "It's smart, dark, entertaining, and unpredictable." —Quill & Quire, Starred

**Eight Days** Teresa Toten, 2022-01-04 Governor General's award-winning author Teresa Toten's story about one girl's transformative eight-day road-trip to retrieve her mother's body. How do you face a heartbreaking past? One day at a time. Or as Aggie says, one crisis at a time. In Teresa Toten's compelling new novel *Eight Days*, Samantha finds out that the mother she thought had died years ago has actually just passed away. Added to this charged secret is her recovering alcoholic grandfather's strange behaviour and sudden insistence that he take Sami back to Chicago to retrieve her mother's body. Luckily, Sami's beloved neighbour and surrogate mother figure, Aggie, insists on coming on the road trip, bringing along her quirky sense of humour and fantastic wig collection. The eight-day journey takes us from Toronto to Chicago and back again, as Sami, an American living with her grandfather in a Muslim-dominated apartment complex in Toronto, struggles to find out who she is and where she belongs. Infused with warmth and love, even as family struggles and secrets are torn open, *Eight Days* is ultimately about forgiveness and strength in community. It is truly a novel for our times.

Kelsey Kendler just wants to earn some money for university, hang out with friends, maybe even snag a boyfriend. But her pill-popping mom and distant dad scare off anybody she tries to bring home, making those last two things feel impossible. Her part-time ice cream shop job's a slog, but at least there, she can escape her parents' constant fighting ... until the COVID-19 pandemic forces a lockdown and she's stuck at home with them 24/7. As the lockdown takes its toll on Kelsey's mental health, she starts to see the appeal of her mom's pills. She hates what they do to her mom, but numbing herself to the world seems like a pretty good idea right about now. Horrified to find herself following in her mom's footsteps, she can only hope she'll eventually figure out some other way to cope ...

**Shattered Glass** Teresa Toten, 2015-09-29 Toni has always had nightmares about fire, and she also has burn scars but no idea how she got them. So when fire destroys the orphanage she has grown up in, she is ready to make her way to Toronto, where she hopes to discover the truth about the mother she believes hurt and then abandoned her. Toronto proves to be both daunting and exciting for Toni, whose charm and innocence attract attention—not always positive—wherever she goes. Buoyed by the music she hears at the folk club where she finds a job, and encouraged by her glamorous landlady, Toni

unearths shocking information that contradicts everything she believes and makes her re-evaluate what she feels for all the new people in her life. Part of the SECRETS—a series of seven linked novels that can be read in any order.
