

The Moonbirds Jenny Jackson

Brenda Jackson,Penguin Books Staff,Ronald L McDonald

The Moonbirds Jenny Jackson,2007-05-10 Ellie's a normal school-age girl who'd much rather hang out with her friends during the summer holidays than travel hours from the city to a rickety bach on the West Coast. At the insistence of her parents, however, this is what she must do. Little does she know, though, that the trip holds in store so much adventure and mystery... Upon reaching the isolated township where the family are holidaying, she finds things to keep her interested and makes a few friends. In her explorations of the area she also spots mysterious creatures of the night, only to have her observations disbelieved by all she tells. The Moonbirds is her thrilling holiday adventure and quest to find the true origin of these birds.
