

Undying Mercenaries Order

B. V. LARSON

Home World B. V. Larson, 2016-02-28 The Galactics arrived with their Battle Fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spanned the Milky Way. When the Earth is invaded by a rival empire, James McGill's legion must defend the Home World. The top brass has complex plans, but none of that matters much to McGill, who chooses his own unique path. Traveling to star systems no human has ever visited, he searches for a technological edge to beat the enemy before it's too late. Along the way he unleashes new terrors, triggering the biggest battles in human history. HOME WORLD is the sixth book of Undying Mercenaries Series, a novel of military science fiction by bestselling author B. V. Larson. The series starts with book #1, STEEL WORLD.

Rogue World B. V. Larson, 2017-03-20 The Galactics arrived with their Battle Fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spanned the Milky Way. Today, Battle Fleet 921 is returning to Earth. It hasn't been seen by human eyes since our blissful day of Annexation. But what should be a joyful occasion, a chance to grovel at the feet of superior lifeforms, is rapidly becoming a nightmare. Over the last century, Humanity has engaged in many activities that our Overlords find... questionable. A panic ensues, and Legion Varus is deployed to erase certain mistakes our government has made. Projects must be purged to stop Imperial military action. Among the thousands marching to war is one man no politician has ever enjoyed dealing with. One man who's destined to follow his own unique path through Galactic Law, Morality and the Stars themselves. James McGill is about to make history. ROGUE WORLD is the seventh book of Undying Mercenaries Series, a novel of military science fiction by bestselling author B. V. Larson. The series starts with book #1, STEEL WORLD.

Armor World B. V. Larson, 2019-04-12 In a twist of fate that rocks the Galactic Empire, James McGill finds himself negotiating the future of a thousand inhabited worlds. An artificial object made of compressed stardust is barreling toward Earth. Is it an invasion ship? A doomsday weapon? Perhaps it's the final response of Squanto, the Warlord of Rigel who McGill has repeatedly humiliated. Or could it be from the Mogwa, sent to avenge McGill's assassination of Earth's Imperial Governor? No one knows the truth of its origins, but the object is huge and unstoppable. Whoever hurled this rock at us isn't answering our calls. Every weapon bounces off, and the people of Earth begin to go mad as they realize their destruction is only hours away. ARMOR WORLD is the eleventh book of the Undying Mercenaries Series. With over three million copies

sold, author B. V. Larson is the king of modern military science fiction.

Death World B. Larson, 2015-04-13 Unknown aliens attack Earth. Their planet is uncharted, mysteriously having avoided detection for centuries. It's a world packed with the most vicious aliens humanity has yet to encounter. James McGill has discovered: DEATH WORLD. In the fifth book of the Undying Mercenaries series, the war comes home and aliens strike a devastating blow. Bent on revenge, Legion Varus chases the raiders to the stars and discovers a growing alien menace. A cancerous species has invaded our region of the galaxy and must be dealt with. McGill learns why the Cephalopod Kingdom has yet to attack Earth and what's happening behind the scenes in the Core Worlds. Throughout, he upholds his unique sense of right, wrong and honor. DEATH WORLD is a military science fiction novel by bestselling author B. V. Larson.

Dust World B. V. Larson, 2014 The Galactics arrived with their Battle fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spans the Milky Way. Our only worthwhile trade goods are our infamous mercenary legions, elite troops we sell to the highest alien bidder. In 2122 a lost colony expedition contacts Earth, surprising our government. Colonization is against Galactic Law, and Legion Varus is dispatched to the system to handle the situation. Earth gave them sealed orders, but Earth is thirty-five lightyears away. The Legion commanders have a secret plan of their own. And then there's James McGill, who was never too good at listening to authority in the first place... In DUST WORLD, book two of the Undying Mercenaries Series, McGill is promoted to Specialist and sent to a frontier planet outside the Empire. Earth's status within the Empire will never be the same.

Blood World B. V. Larson, 2017-11-21 A dirty deal was struck. Humanity was allowed to keep three hundred rebellious worlds. In return, we declared war on a powerful enemy from beyond the frontier. A frantic build-up of forces has begun, but the task is hopeless. Seeking allies, Earth's legions are sent to BLOOD WORLD. A planet on the fringe of known space, where the people only respect masters of combat. Earth's Legions must impress them, but other alien powers have been invited to join the contest. The prize consists of billions of loyal troops--Earth must win. Fighting and dying and fighting again, the struggle is half-mad--but so is James McGill. BLOOD WORLD is the eighth book in the Undying Mercenaries Series.

Dark World B. V. Larson, 2018-03-21 Two expanding interstellar powers are about to meet in battle. After the collapse of the Cephalopod Kingdom, Humanity claimed the three hundred rebellious worlds they left behind. But many light years away on the far side of disputed region, a rival power has begun to move. They're stealing our planets, one at a time. Earth Command decides to invade the center of the frontier to set up an advanced base. The mission to DARK WORLD is highly classified and deadly. Legion Varus spearheads the effort, and James McGill journeys to the stars again. How many ships do they have? How advanced is their tech? No one knows, but the campaign takes an unexpected turn immediately. What was supposed to be a snatch-and-grab turns into a bloodbath. McGill dies over and over again, but some battles must be won, even if it means perma-death. DARK WORLD is the ninth book in the Undying Mercenaries Series.

Tech World B. V. Larson, 2014-08-06 The Galactics arrived with their Battle fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spanned the Milky Way. Our only worthwhile trade goods are our infamous mercenary legions, elite troops we sell to the highest alien bidder. In the third book in the series, James McGill is deployed on another alien world. His third interstellar tour is different in every way. Rather than meeting up with a primitive society, this time he's headed to an advanced world. Tau Ceti, better known as Tech World, is the central trading capital of Frontier 921. McGill figures he's lucked out. The assignment looks dull but luxurious. Tau Ceti boasts a planet-wide city with a trillion inhabitants, all of whom are only interested in making a few credits. But all is not well on Tech World. The Empire is crumbling, an invasion is coming, and McGill's easy ride through life and death has come to an end. Tech World is a military science fiction novel by bestselling author B. V. Larson.

The History of England from the Accession of Henry III to the Death of Edward III (1216-1377) T.F. Tout, 2018-04-04
Reproduction of the original: The History of England from the Accession of Henry III to the Death of Edward III (1216-1377) by T.F. Tout

Marcus the Last Living Roman Robert W. Barker, 2009-07-16 In 88 B.C. King Mithradates Eupator VI of Pontus ordered the murders of every man, woman, and child of Latin heritage in all of Asia Minor {Today's Turkey} and the Aegean Cyclades. A state organized genocide or murder of Romans covering half a continent and over one hundred thousand victims. Herein resides the account of one exceptionally unfortunate and resilient youth. He awakes to a dissimilar world and discovers his life torn to shreds. Yet he makes the most of his situation with brains, bravado, and spiritual strength. This is further the narrative of those brave Ionian souls who were willing to risk their lives to assist this Roman lad. Witnessing his families' demise, the young man survives and is the last Latin speaking citizen remaining alive in this vast area.

Charles de Bourbon Christopher Hare, 1911

Throne World B V Larson, 2024-05-02 The Galaxy is ruled by a single Empire-but the Imperial Throne is empty. The machine races demand a turn at the job, but the organics refuse to allow it. For more than a century, the Galactics have battled for supreme power. War and instability reign in place of peace, with every species spread over a hundred billion stars suffering as the Empire decays. James McGill discovers a scheme is underway. A new power is rising, determined to snatch the Throne from all the rest. Will this unite the Galactic Empire, or destroy it utterly? Find out in THRONE WORLD, the thrilling 21st book of the Undying Mercenaries series. With millions of copies sold, USA Today Bestselling author B. V. Larson is the king of modern military science fiction.

Mercenaries of the Ancient World Serge Yalichev, 1997 With a blend of narrative and analysis, this book explores the extent to which mercenaries have been used, from Sumer to Rome, and the reasons governments hired them when they could conscript native citizens.

Sky World B. V. LARSON, 2022-10-20 Earth is locked in a dangerous arms race with Rigel. McGill's efforts at diplomacy are disastrous. Events spin out of control, and interstellar warfare consumes the outer provinces of the Empire. Great fleets are gathered, and troops are hurried aboard transports. Legion Varus is launched toward a secret target world. McGill leads an early strike against Rigel's defenses, but his efforts are foiled at every turn. Who could be behind these betrayals? Could his own government be plotting his demise? Find out in SKY WORLD, the thrilling 18th book of the Undying Mercenaries series. With millions of copies sold, USA Today Bestselling author B. V. Larson is the king of modern military science fiction.

Storm World B. V. Larson, 2018 James McGill is sent to the Core Worlds! In an unprecedented first, Earth sends a message to Mogwa Prime. Unfortunately, the messenger is not met with enthusiasm. Misunderstandings soon threaten all of Humanity. Forced to prove Earth can serve the Empire better than any rival, McGill does his best. Eager to prove our worth to the Galactics, the frontier war between Rigel and Earth is expanded to Storm World. Circled by six moons, the planet is ravaged by wild storms and tides. Battles are fought in raging hurricanes, and death stalks the soldiers on both sides. McGill grimly fights and dies in the mud until the job gets done, but will it be enough to satisfy the angry Mogwa?--Cover, page 4.

The Court and Reign of Francis the First, King of France Miss Pardoe (Julia), 1887

Godwar: Hell Rising D.K. Cherian, 2013 Life. This is an area about which man has the greatest knowledge. However it is only a pit stop for the human race. What lies before and beyond this little pit stop is open to heavy debate. In fact most people take birth to be the beginning. Death on the other hand is spoken of as being either a full stop for the person or a continuation of life's journey to somewhere in the unknown. This has given rise to religion. A set of rules was created to explain the unexplainable and this code of morals governed our journey to either a wondrous existence in Heaven or to the fiery confines of Hell. But this book is not dealing with theology. It relates to History Egyptian History to be more specific it is the chronicle of events that unfolded during the reign of King Hatshepsut of the Egyptian Empire almost one thousand five hundred years before the birth of Christ. To understand the ancient Egyptians, we must grasp their concepts of earth, heaven and hell. Their life was ruled by their religion.

England in the Late Middle Ages T. F. Tout, 2018-01-19 When John died, on October 19, 1216, the issue of the war between him and the barons was still doubtful. The arrival of Louis of France, eldest son of King Philip Augustus, had enabled the barons to win back much of the ground lost after John's early triumphs had forced them to call in the foreigner. Beyond the Humber the sturdy north-country barons, who had wrested the Great Charter from John, remained true to their principles, and had also the support of Alexander II., King of Scots. The magnates of the eastern counties were as staunch as the northerners, and the rich and populous southern shires were for the most part in agreement with them. In the west, the barons had the aid of Llewelyn ap Iorwerth, the great Prince of North Wales. While ten earls fought for Louis, the royal cause was only upheld by six. The towns were mainly with the rebels, notably London and the Cinque Ports, and cities so distant as

Winchester and Lincoln, Worcester and Carlisle. Yet the baronial cause excited little general sympathy. The mass of the population stood aloof, and was impartially maltreated by the rival armies...

Wergild, Compensation and Penance ,2021-07-15 This volume offers the first comprehensive account of the monetary logic that guided the payment of wergild and blood money in early medieval conflict resolution. In the early middle ages, wergild played multiple roles: it was used to measure a person's status, to prevent and end conflicts, and to negotiate between an individual and the agents of statehood. This collection of interlocking essays by historians, philologists and jurists represents a major contribution to the study of law and society in Western Europe during the early Middle Ages. Contributors are Lukas Bothe, Warren Brown, Stefan Esders, Wolfgang Haubrichs, Paul Hyams, Tom Lambert, Ralph W. Mathisen, Rob Meens, Han Nijdam, Lisi Oliver, Harald Siems, Karl Ubl, and Helle Vogt. See inside the book.

Crescent Dawn Si Sheppard,2025-02-27 A groundbreaking new history of the wars of the Ottoman Expansion, a truly global conflagration that crisscrossed three continents and ultimately defined the borders and future of a modern Europe. The determined attempt to thwart Ottoman dominance was fought across five theaters from the Balkans to the Mediterranean and the Indian Ocean, from Persia to Russia. This intercontinental melee is expertly re-told in this fascinating new history by historian Si Sheppard. But this is not the story of a clash of civilizations between East and West as you might assume. Europe was not united against the Turks; the scandal of the age was the alliance between King Francis I of France and Sultan Suleiman the Magnificent. Meanwhile, the resistance of the Saadi dynasty of Morocco to Ottoman encroachment played a critical role in denying Constantinople direct access to the Atlantic Ocean. By the same token, though religious imperatives were critical to the motivations of all the key actors involved, these in no way fell neatly along the Christian Muslim divide. Crescent Dawn expertly shows how the Holy Roman Emperor Charles V desired nothing more than to eradicate the Protestant heresy metastasizing throughout his domains, but the threat of Turkish invasion forced him to stay his hand and indulge his Lutheran subjects to ensure a common defense. Nevertheless, the collective effort to constrain the expansion of the Ottoman superpower did succeed with the ultimate victory in 1571 the tipping point in reordering the trajectory of history. Crescent Dawn features some of the legendary figures of the era - from Mehmet the Conqueror, and Suleiman the Magnificent on the Ottoman side, to Charles V and Vasco de Gama on the other - and some of the most exotic locales on Earth - from the sumptuous palaces of Constantinople to the bloody battlefields of the Balkans to the awe-inspiring mountains of Ethiopia. This is a colorful history that brings the great battles of the age to life and clearly shows how the western struggle against the Ottomans constituted the first truly world war.
