*Dotcom Secrets* Russell Brunson, 2020-04-07 Master the science of funnel building to grow your company online with sales funnels in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. DotCom Secrets is not just another how-to book on internet marketing. This book is not about getting more traffic to your website--yet the secrets you'll learn will help you to get exponentially more traffic than ever before. This book is not about increasing your conversions--yet these secrets will increase your conversions more than any headline tweak or split test you could ever hope to make. Low traffic or low conversion rates are symptoms of a much greater problem that's a little harder to see (that's the bad news), but a lot easier to fix (that's the good news). What most businesses really have is a funnel problem. Your funnel is the online process that you take your potential customers through to turn them into actual customers. Everyone has a funnel (even if they don't realize it), and yours is either bringing more customers to you, or repelling them. In this updated edition, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, reveals his greatest secrets to generating leads and selling products and services after running tens of thousands of his own split tests. Stop repelling potential customers. Implement these processes, funnels, frameworks, and scripts now so you can fix your funnel, turn it into the most profitable member of your team, and grow your company online.

**Expert Secrets** Russell Brunson, 2022-08-09 Master the art of what to say in your funnels to convert your online visitors into lifelong customers in this updated edition from the \$100M entrepreneur and co-founder of the software company ClickFunnels. Your business is a calling. You've been called to serve a group of people with the products, services, and offers that you've created. The impact that the right message can have on someone at the right time in their life is immeasurable. Your message could help to save marriages, repair families, change someone's health, grow a company, or more. . . . But only if you know how to get it into the hands of the people whose lives you have been called to change. By positioning yourself as an expert and telling your story in a way that gets people to move, you will be able to guide people through your value ladder, offer solutions to their problems, and give them the results they are looking for. This is how you change the lives of your customers, and this is how you grow your company. In this updated edition of Expert Secrets, Russell Brunson, CEO and co-founder of the multimillion-dollar software company ClickFunnels, gives you the step-by-step strategies you need to turn your expertise into a carefully crafted sales message that will attract your dream customers. Don't hide inside your business.

Implement these story selling techniques now so you can find your voice and gain the confidence to become a leader, build a movement of people whose lives you can change, and make this calling a career.

**Traffic Secrets** Russell Brunson, 2020-05-05 Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.
