Referencing for Genealogists Ian G. Macdonald,2018-05-28 Reliable genealogical conclusions depend on reliable data. Central to any good investigation is an appreciation of where the data came from, so that other investigators can re-examine it and re-establish the conclusions reached. Genealogy is little more than anecdote when the sources for facts are not cited and where clear references to sources are not given. Referencing for Genealogists will enable others to follow in your footsteps because it gives you the means to write clear, unambiguous references that provide solid support to the evidence you offer towards your conclusions. It is packed with examples that the reader can learn from and that also provide a treasure trove of sources invaluable to any genealogist.

Eugenia Mark Tedeschi,2012-09-01 This is the true crime account of the man known as Eugenia Falleni, who in 1920 was charged with the murder of his wife. Assigned female at birth, Eugenia Falleni lived in Australia for twenty-two years under the name Harry Crawford, and during that time officially married twice. He lived a full married life with his first wife, Annie, for four years before Annie realised that her husband was transgender. They continued to live together for eight months before they went on a bush picnic, when Annie mysteriously died. Her body was not identified for almost three years, and during this time Harry married again, this time to Lizzie. When Harry was finally arrested and charged with Annie's murder, the police attempted to tell Lizzie that her husband was biologically female. She laughed at them - she thought she was pregnant to him. This is the story of one of the most extraordinary criminal trials in legal history. The book traces Harry's history: from being raised as a girl in an Italian immigrant family in New Zealand, to his brutal treatment when he first began living as a man, and his twenty-two years in Sydney including his two marriages. Finally, the trial of Eugenia Falleni for Annie's murder is extensively analysed by the author, Senior Crown Prosecutor Mark Tedeschi KC, one of

Australia's foremost criminal law barristers. 'Outstanding new true-crime ... A grimly fascinating and extraordinary tale.'The Age 'In the hands of NSW Senior Crown Prosecutor Mark Tedeschi, Eugenia's story is gripping.'Australian Women's Weekly 'Tedeschi writes with a deep compassion ... and makes us all consider how fear, prejudice and ignorance can affect lives, even today.'Herald Sun

Cyndi's List Cyndi Howells,1999 REF This is a multi-title review. The titles include: 'Cyndi's List (880 pg)', 'Instant Information on the Internet (117 pg)', and 'Instant Information on the Internet (86 pg)' - Although Internet directories such as Howells's wildly popular site, (www.cyndislist. com), offer well-organized access to genealogy sites online, many researchers still want to plan searches with a book in hand. Now Howells (Netting Your Ancestors) has created a print version, with some exceptions, of her web site. Including over 100 categories and over 40,000 links (most with brief annotations), this book has something for nearly any genealogy-related topic that comes to mind.Schaefer's 'Instant Information' series offers pared-down compilations of basic information search sites. Her book on the United States categorizes web sites by state and includes vital records information sites, prominent research libraries and societies, indexes and databases, and general information sites. In the British Isles book, Schaefer discusses British counties and expands her lists to include major sites for churches and the Celtic language as well as a place-name index.All three books provide easy access to useful genealogy sites. While Howells strives for exhaustive coverage of genealogy links, Schaefer offers very general site lists. Though Howells's book comes with a solid price tag, the purchase of each new (and planned) title in Schaefer's series would quickly rack up the same price or more. Still, for those who want only a brief, focused guide, Schaefer's books are an economical alternative. Elaine M. Kuhn, Allen Cty. P.L., Fort Wayne, IN-
