Translation and Literary Studies Marella Feltrin-Morris, Deborah Folaron, Maria Constanza Guzmán, 2014-04-08 By nature a transdisciplinary area of inquiry, translation lends itself to being investigated at its intersection with other fields of study. Translation and Literary Studies seeks to highlight the manifold connections between translation and notions of gender, dialectics, agency, philosophy and power. The volume also offers a timely homage to renowned translation theorist Marilyn Gaddis Rose, who was at the forefront of the group of scholars who initiated and helped to institutionalize translation studies. Inspired by Gaddis Rose's work, and particularly by her concept of stereoscopic reading, the volume is dynamically complementary to the burgeoning contemporary field of global comparative literature, underscoring the diversity of critical literary thought and theory worldwide. Arranged thematically around questions of translation as literary and cultural criticism, as epistemology, and as poetics and politics, and dealing with works within and beyond the Western tradition, the essays in the volume illustrate the multi-voiced spectrum of literary translation studies today.

Private Sphere to World Stage from Austen to Eliot Professor Elizabeth Sabiston,2013-04-28 Emily Dickinson's poem, 'This is my letter to the World/ That never wrote to Me --', opens the Introduction, which focuses on the near-anonymity of nineteenth-century women novelists. Close readings of works by five British novelists—Jane Austen, Charlotte and Emily Brontë, Elizabeth Gaskell, and George Eliot—offer persuasive accounts of the ways in which women used stealth tactics to outmaneuver their detractors. Chapters examine the 'hidden manifesto' in Austen's works, whose imaginative heroines defend women's writing; the lasting impact of Jane Eyre, with its modest heroine who takes up the pen to tell her own story, even on male writers outside the English tradition; Cathy's testament as the 'ghost-text' of Wuthering Heights; and the shifting gender roles in Daniel Deronda, with its silenced heroine and androgynous hero. Though the focus is on British novelists, Sabiston's discussion of the Anglo-American connections in the factory novels of Elizabeth Gaskell and the slavery writings of Harriet Beecher Stowe has particular relevance for its demonstration of how the move from the private to the public sphere enables and even compels the blurring of national and ethnic boundaries. What emerges is a compelling argument for the relevance of these novelists to the emergence in our own time of hitherto-silenced female voices around the globe.
