The Professional Convict's Tale , Challenging the ideology of treatment in the prison world The Professional Convict's Tale: The Survival of John O'Neill In and Out of Prison offers a unique, inside view of life behind bars in the 1960s. Elmer H. Johnson, a criminologist who has specialized in prison life for half a century, gave Menard Penitentiary parolee John O'Neill a tape recorder and a set of questions designed to draw out his opinions and observations about the prison world. This study frames O'Neill's responses with Johnson's analysis. O'Neill's narrative guides readers through the world beyond the prison gate as he shares his strategies for survival and proposes alternatives to rebellion or submission. He discusses the fractionalization between the keepers and the kept and the effects that subterranean communication, threats of inmate predators, and prison riots can have on the psyche of both inmates and staff. O'Neill's frustrations and the inadequate responses from the community to which he was paroled illustrate the social costs and impact of parole for the community and for the parolee. Although O'Neill recorded his comments more than forty years ago, they are still relevant today when thousands of convicts are being released from prison each year.

Varlam Shalamov's Kolyma Tales Nathaniel Golden, 2021-11-01 This book analyses eleven of Varlam Shalamov's Kolyma Tales from a neo-Formalist perspective. The tales are a testament to Shalamov's seventeen years in Stalin's Gulags, and were written in an attempt to draw attention to this period in Soviet history. Nathaniel Golden has primarily utilised L. M. O'Toole's work Structure, Style and Interpretation in the Russian Short Story as the major basis for analysis, but has incorporated many other Formalist and indeed Structuralist methods. The tales in each chapter are analysed by means of five major Formalist categories: Narrative Structure, Point of View, Fabula and Sujet, Characterisation and Setting. This process highlights many of Shalamov's ideas and motifs in the tales. He frequently uses techniques of estrangement and paradox to

augment camp experience, reflecting his belief that there is no moral, emotional or spiritual gain in suffering. He habitually employs a 'focaliser' to tell the tale from a near-death perspective and in consequence distances the author from events. His literary background is prominent within the tales, where he occasionally alludes to earlier Russian authors and their works to indicate the recurring nature of Man's fallibility against the Gulag background. His characters are often simply portrayed yet representative of flawed heroes and the baseness of human beings subjected to an existence in extremis. His settings are minimal, yet form a major part of his message: Man is compared to nature, but nature is powerful and able to regenerate itself, whereas Man's existence is temporary and futile. This book therefore, shows that the Formalist approach is indeed still valid as a literary tool of analysis as well as showing that upon the 50th year of Stalin's death, Varlam Shalamov's time has arrived.
