

A Breath Of Snow And Ashes Plot

Don D'Ammassa

Outlander and Lord John as Crime Fiction Erin E. MacDonald, 2025-01-24 Fans across the globe are familiar with Diana Gabaldon's bestselling *Outlander* series and the Starz television series that adapts it. Combining science fiction time travel and historical romance, the *Outlander* universe has captivated millions with its detail and complexity. However, few readers or viewers realize how large an influence the mystery genre has had on Gabaldon's plots, characters, and writing style. Her *Lord John* series of novels and short stories is obviously rooted in the crime fiction tradition, although it doesn't play by all of the traditional generic rules. Even the larger *Outlander* novels, though, contain at least one mystery in every book. This inclusion of the murder-mystery and other crimes is no accident: the author has stated her love of the genre and her deliberate use of it many times. This collection of scholarly essays delves into the many connections between the world of *Outlander* and the world of crime fiction. It analyzes in depth, for the first time, the ways that crime and punishment, vigilante justice, and murder and mystery are represented in both the *Outlander* and *Lord John* series. Moving beyond the stereotypical romantic focus, this book demonstrates the variety and complexity of Gabaldon's universe.

The Symbolism and Sources of Outlander Valerie Estelle Frankel, 2015-04-07 *Outlander* is much more than a television romance about a World War II nurse and a Jacobite soldier in a fetching kilt. The series--and the massive serial novel on which it is based--has been categorized as a period drama, adventure saga, military history and fantasy epic. Inspired by the Irish legends of Fionn Mac Cumhaill and the prophecies of Brahan Seer, the storyline is filled with mythology and symbolism from around the world, from the Fair Folk and the Loch Ness monster to wendigos, ghosts, zombies and succubae. Literary references abound, from the Bible to the classics, to Shakespeare and the English romantic poets. The series is also rich with its own symbolism: heather and white roses, the dragonfly in amber, Claire's blue vase and wedding gown, her wedding rings and pearl necklace. This book untangles the myriad of myths, legends, symbols and literary references found in the series.

Encyclopedia of Fantasy and Horror Fiction Don D'Ammassa, 2014-05-14 *Encyclopedia of Fantasy and Horror Fiction* provides comprehensive coverage of the major authors and works in these popular genres. Each entry includes a brief discussion of the author's life and work and includes a full bibliography. Each entry on
