Meet the Candidates 2020: Elizabeth Warren Scott Dworkin, 2019-05-21 Get informed about the campaign issues and policies of Democratic candidate Elizabeth Warren, the populist, progressive, definitively capitalist senator from Massachusetts. Meet the Candidates 2020: Elizabeth Warren: A Voter's Guide will help you decide quickly if Warren deserves your vote for the Democratic nomination and to take on Donald Trump for president of the United States. Warren's strong economic background sets her apart; the senator from Massachusetts defines herself as a capitalist first and seeks to make capitalism more equitable for all. She has already proposed sweeping anti-corruption reforms, refused PAC donations to her campaign, rolled out plans for college debt forgiveness and a tax on the super wealthy. Her background as a Harvard economist, author of The Two-Income Trap, and experience as an economic advisor to Barack Obama positions her well to make change happen. Warren's campaign also features popular Democratic talking points—rebuilding the middle class, ending corruption in Washington, making voting laws more democratic, bringing our troops home and stopping endless

war—but it's her experience that sets her apart. From working the campaign trail for Hillary Clinton to weathering President Trump's refrain of "Pocahontas" in reference to her claimed Native American heritage, *Meet the Candidates 2020: Elizabeth Warren: A Voter's Guide* is your complete handbook to Elizabeth Warren's resumé, campaign, and what America would look like if she won the presidency in 2020. The *Meet the Candidates 2020* series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election. Each book gives an unbiased, political insider's analysis of each contender, featuring: candidate interviews; an introduction by campaign advisor, Democratic Coalition co-founder, and Dworkin Report host Scott Dworkin; and compilation and writing by Occupy Democrats Editor at Large Grant Stern. In two hours of reading, you'll understand their defining characteristics, credentials, campaign issues, challenges, presidential chances, and everything else you need to know to decide who should challenge Donald Trump. Whether it's for Elizabeth Warren, Joe Biden, Bernie Sanders, Kamala Harris, Julian Castro, Cory Booker, or another, *Meet the Candidates* is what you need to make an informed vote for president in 2020.

Through powerful practices, compelling stories and extensive research, *The Mindful Millionaire* meets you wherever you are in your money journey by exploring: *Where your current money habits come from and why you feel the way you do about money and success. *How to break the cycle of fear, grief, and shame that often surrounds your money habits. *How to write a new money story that inspires joy, satisfaction and prosperity. *Why wealth building isn't just about positive thinking and "manifesting" things into reality. *How to stop financial self-sabotage and procrastination. *Where practical financial advice misses the mark. *The most effective tools for changing how you think and feel about money. *What true financial independence looks like and how to discover the millionaire within. "This book helps you realize your intrinsic value so your financial decisions reflect what matters most to you. This is the key to true financial freedom.—Ivan R. Misner, Ph.D., Founder of BNI and New York Times bestselling author of *Truth or Delusion? Busting Networking's Biggest Myths* "If you've read other finance books and still felt empty, this is the book you've been waiting for."—Joe Saul-Sehy, Creator and Co-Host, *Stacking Benjamins* Podcast

Elizabeth Warren Antonia Felix, 2018-08-28 A breakthrough Elizabeth Warren biography by best-selling author Antonia Felix. Elizabeth Warren's rise as one of America's most powerful women is a stirring lesson in persistence. From her fierce

support of the middle class to her unapologetic response to political bullies, Warren is known as a passionate yet plain-speaking champion of equity and fairness. In the wake of one fellow senator's effort to silence her in 2016, three words became a rallying cry across the country: Nevertheless, she persisted... In this Elizabeth Warren book, best-selling author Antonia Felix carries readers from Warren's hardscrabble roots in Norman, Oklahoma, to her career as one of the nation's most distinguished legal scholars and experts on the economics of working Americans. Felix reveals how Senator Elizabeth Warren brought her expertise to Washington to become an icon of progressive politics in a deeply divided nation, and weaves together never-before-told stories from those who have journeyed with Warren from Oklahoma to the halls of power. Praise for Elizabeth Warren: Her Fight. Her Work. Her Life.: Many politicians focus on the 'me'. Elizabeth Warren has always been about the 'we'—that sacred American bond of equal justice for all that Dr. King fought for. Felix's biography explains why we need her 'persistent' voice more than ever, now and in the future. — Congressman John Lewis Felix is an excellent writer, and her book is, at its best, quite interesting. — NPR Books

A Fighting Chance Elizabeth Warren, 2014-04-22 A NEW YORK TIMES BESTSELLER An unlikely political star tells the inspiring story of the two-decade journey that taught her how Washington really works—and really doesn't—in *A Fighting Chance* As a child in small-town Oklahoma, Elizabeth Warren yearned to go to college and then become an elementary school teacher—an ambitious goal, given her family's modest means. Early marriage and motherhood seemed to put even that dream out of reach, but fifteen years later she was a distinguished law professor with a deep understanding of why people go bankrupt. Then came the phone call that changed her life: could she come to Washington DC to help advise Congress on rewriting the bankruptcy laws? Thus began an impolite education into the bare-knuckled, often dysfunctional ways of Washington. She fought for better bankruptcy laws for ten years and lost. She tried to hold the federal government accountable during the financial crisis but became a target of the big banks. She came up with the idea for a new agency designed to protect consumers from predatory bankers and was denied the opportunity to run it. Finally, at age 62, she decided to run for elective office and won the most competitive—and watched—Senate race in the country. In this passionate, funny, rabble-rousing book, Warren shows why she has chosen to fight tooth and nail for the middle class—and why she has become a hero to all those who believe that America's government can and must do better for working families.

Consumer Debt Joseph C. Tardiff, 2010 Editorial Reviews: VOYA: Laura Panter -- The Current Controversies series explores the social, political and economic controversies that are plaguing world today. Each chapter begins with a preface that offers background information on the topic at hand. The chapters are organized around key questions that are answered by various authors with differing opinions. The opinions of the authors of each article are those that could be found in our every day society. *Consumer Debt* delves into the increasing burden of debt that middle class and lower income individuals are accumulating through credit cards, school loans, and high house mortgages. Expenses continue to increase as income levels remain stagnant or decrease. For individuals of the Gen Xer age, expenses are so high that saving for retirement for is, for most, unattainable. Credit card companies hit users with high interest rates and hidden fees while other arguments counter that there are plenty of consumers who do not use credit at all. This series is mainly designed for controlled research through information gleaned from periodicals, newspapers, books, government documents and organizations; however, the drawback is that most information contained in these books is already over a year old. More accurate information can be found through databases and online research. This would be a good purchase for libraries if students needed older statistics to back up their position while writing a research paper. Reviewer: Laura Panter.
